

Merchants Discuss Advisability of "Opportunity Days"

Winnetka merchants have been considering for some time the advisability of holding "Opportunity Day" sales once a month, as Wilmette is now doing.

Some of the merchants appear to favor the proposition while others are definitely on the doubtful list. A discussion of the subject during the monthly meeting of the Winnetka Chamber of Commerce, Monday evening, seemed to indicate a marked division of sentiment on the idea.

It was thought advisable to have a committee make further investigation as to the result of similar bargain programs in other communities and report with recommendation concerning what Winnetka should do with reference to "Opportunity Days."

President William T. Wersted appointed the following committee for this purpose: S. Fell, A. Lee Adams, and G. L. Zick.

Mrs. Charles Boyington Seriously Injured by Car

Mrs. Charles Boyington, a trained nurse at the home of George B. Everett, 1035 Dinsmore road, was seriously injured when struck by an automobile, Tuesday morning, at Center street and Westmoor road.

Mrs. Henry C. Dosch, of 1049 Chatfield road, lost control of her car which went over the curb onto the parkway where Mrs. Boyington was standing, knocked her down and ran over her, according to Police Sergeant Glen Boyd.

Mrs. Boyington, suffering from internal injuries, was removed to the Evanston hospital, from which later reports were received that she would recover.

YOU either must do this yourself or have it done. In one case it's soiled clothes, meaning cleaning expense—in the other, it's cash paid out for needless labor. Let us show you how to save on both—clothes and labor—by having care-free fuel oil heat. The Preferred-Hart Automatic Oil Burner burns economical low priced fuel oil economically.
