**Churches and Homes
Join in Observing
Golden Rule Sunday**

More than 800 churches in Chicago and suburbs have signified that they will observe Golden Rule Sunday, December 2. This number includes several north shore churches. The pastors or voluntary speakers in these churches will tell of the reason for Golden Rule Sunday, which benefits more than 30,000 orphans still under the care of Near East Relief.

This, the sixth and last Golden Rule Sunday to be conducted under the auspices of this American philanthropy, promises to be the greatest of all in point of observance. Besides the churches a number of lodges and clubs as well as women's organizations and thousands of individual homes will observe the day by eating a simple meal and then sharing of their abundance so that Near East Relief may complete its program of child-feeding, education and training in the Bible lands.

Generous co-operation in making known the day is being given by a number of radio stations in the Chicago area as well as the daily and weekly newspapers and scores of magazines. Dr. George Craig Stewart, pastor of St. Luke's Episcopal church, Evanston, spoke over WGN Wednesday, November 21, and on Thanksgiving night at 9:30. Dr. Frederick F. Shannon, pastor of the Central church, Chicago broadcast a Golden Rule sermon over KYW. A number of loop radio stations are co-operating, and on Golden Rule Sunday Dr. Preston Bradley will broadcast a sermon on this subject from his Peoples' church on the north side.

JUST because your family always did mine coal in the basement is no reason why you should. Fuel oil can't make clinkers, needs no coal shovel, ash can, kindling wood or labor. Why should you get down on your knees to obsolete heating systems? Let us tell you how little it costs to have care-free heat from the trustworthy Preferred-Hart Automatic Fuel Oil Burner—that burns economical fuel oil economically.
