

# An Acre or so of Skokie Land— a delightful home setting

There are charming possibilities in a plot of ground in the North Shore's beautiful valley region—the Skokie. Possibilities, too, for a home investment that will pay dividends.

The Valley's vistas are long and pleasing, its verdure abundant, its conveniences apparent. On an acre or two, in a neighborhood reserved for homes of a better order, you can build with every advantage of natural beauty, seclusion and comfort. Your family will enjoy the fresh air, the magnificent landscapes, the variety of outdoor sports and accessibility to fine stores, theaters, schools and motor routes. Transportation to the city is direct and rapid.

You can get all the information you need on the Skokie from Quinlan & Tyson, who are specialists in this newly-appreciated district as elsewhere on the North Shore. These autumn days are splendid for building operations—why not investigate and plan to build at once?

*A personal talk with our officers will bring out other points of interest regarding the Skokie. Let us talk it over with you.*
