

New fashion trends!

PARISIAN couturiers are now busy planning the winter and spring wardrobe for modern Miss America . . . The authoritative creations of Worth, Poiret, Jenny and other world-famous fashion salons appear daily in The Post—presented in co-operation with The Dry Goods Economist, fashion arbiters to alert women for almost a century! All the new glamorous colors—startling, original designs—the very expression of modern youth . . . These influences and more in the chic modes for winter and spring . . . *In picture and print*
