Announcing Victor's Newest Achievement

**Automatic Electrola Radiola**

This is the instrument you have been waiting for! It is a combination of the Automatic Electrola and Radiola Super-Heterodyne receiver. The electrola plays consecutively 12 records, interchangeably, as long as records are kept in the magazine.

The Radiola is of the A. C. type, Model 64, operating from an electric light socket. No batteries are required. It is very easily operated with single dial tuning control. With the new dynamic eight-inch speaker, music can be varied from a whisper to full orchestral volume. A two-way switch permits changing from record to radio entertainment. The impressive cabinet is of Renaissance style finished in antique walnut. See and hear it today at the

Open Evenings

**Christian Science Churches**

"Soul and Body" was the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, November 25.

The golden text was, "Our conversation is in heaven; from whence also we look for the Saviour, the Lord Jesus Christ: who shall change our vile body, that it may be fashioned like unto his glorious body, according to the working whereby he is able even to subdue all things unto himself" (Phil. 3:20, 21).

Among the citations which comprised the lesson-sermon was the following from the Bible: "What? know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own? For ye are bought with a price: therefore glorify God in your body, and in your spirit, which are God's" (I Cor. 6:19, 20).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "To divest thought of false trusts and material evidences in order that the spiritual facts of being may appear,—this is the great attainment by means of which we shall sweep away the false and give place to the true" (p. 428).

**CHRISTIAN SCIENCE SERVICE**

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced," will be the subject at the services in the First Church of Christ, Scientist, in Winnetka, Sunday morning December 2, at 11 o'clock. Sunday school convenes at 9:35 o'clock.

**Safest**

of all ways to cleanse Eyes. Needs no insanitary Eye cup

Eye cups gather dust and germs; often they transmit infection. No wonder millions are forsaking them for the more hygienic and more convenient *Murine* method of cleansing eyes.

*Murine* is applied with its combination eye dropper and bottle stopper. A few drops are sufficient to cleanse your eyes and make them clear and bright. *Murine* contains no belladonna or other harmful ingredients. Try it!

**MURINE FOR YOUR EYES**

**Good Will Program Needed Now in Pan-American Relations**

American publicists have been tempted to follow the easy promptings of diplomatic alchemy in international relations rather than the more profitable principles of international good will, Dr. Issac J. Cox, professor of history at Northwestern university, told the Foreign Policy Association of Cincinnati recently. Dr. Cox spoke on "Modern Alchemy and Inter-American Problems."

"The alchemist of old was either self-deceived," said Dr. Cox, "or consciously deceived his fellows. In time the chemist, a real scientist, replaced him. In a similar manner the unfruitful experiments of the past in Pan-American relations must be abandoned for a productive program of good fellowship."

"We must bring education to bear on the local needs of those countries and accept the principle of equal opportunity for their people in industrial life as well as in social and political features. America must stand ready to offer aid but not to force it. In this way, through patient effort, we may hope to transform the baser elements of inter-American procedure into the true gold universal good will."

The exploiter of today finds the tin of Bolivia more profitable than the silver of a former age while the copper of Peru affords him more substantial returns than the gold of the colonial period, Dr. Cox said.

Economic imperialism, Dr. Cox believes, replaces the magic formulae of earlier alchemy and furthers intricate relations with governments and peoples of less favored lands. The major portion of the profits remain with the exploiter and when the commodity that attracted his attention is exhausted little is left for those natives who must continue to live in the despoiled areas.

**Authority on Pompeii to Lecture at the Georgian**

Tuesday evening, December 4, at 8:15 o'clock, Mrs. Mary E. Raiola will give an illustrated lecture on "Pompeii and its Excavations" in the ballroom of the Georgian hotel, Evanston. Mrs. Raiola has lived in and about Naples all her life and as daughter of a well known archaeologist played about the ruins of Pompeii when she was a child. Later, she made an exhaustive study of the subject, and has written several books about the excavations. Mrs. Raiola is in this country for only a few weeks and is lecturing from coast to coast. She is manager of the American and British Travel club in Naples, and as such is associated with the North Shore Travel service, under whose auspices the lecture is being given. There will be no charge for admission and the public is cordially invited.

**BOYS BENEFIT BY BAZAAR**

The Chicago Junior school for Boys, a school-home on the Fox river near Elgin, will receive the proceeds from the Christmas bazaar the afternoon and evening of December 7, at the Sovereign hotel, sponsored by the North End branch. Mrs. George Karnes of Winnetka, and Mrs. Lester Singer of Evanston, are co-chairmen. Mrs. Harold Hinrichs of Chicago is general chairman.
