

Women Voters' News

(Continued from page 8)

Sherwin, League president, said today. "It is our high hope that early and approving action will be taken on the pact, which we regard, and I believe rightfully, as a most forward step toward permanent peace.

"In supporting the Newton bill, which creates a child welfare extension service in the U. S. Children's Bureau, the league is once more maintaining its belief that the Federal government has a responsibility for public welfare in a scientific and educational program for the promotion of the health of mothers and infant children." Mrs. Alfred D. Kohn of Chicago, Chairman of the State Committee on Child Welfare, is in charge of the work on the Newton bill in Illinois.

Mrs. Robert Van Leer Wright has been appointed a member of the Winnetka league delegation to the Cook County council of the Illinois League of Women Voters. Mrs. Wright will serve on the Cook County Schools committee.

The Forum of the League of Women Voters has arranged an important conference on the subject "Where We Stand in Public Utility Regulation," on

Saturday, December 8, at 2, in the Florentine room, Congress hotel.

Three speakers of national reputation will present from their several viewpoints the real facts about such vital matters as Boulder Dam, Muscle Shoals, the government in business, Canada's municipally owned power plants, etc. The speakers are Mr. Donald Richberg, General Counsel, National Conference on Valuation of Railroads, Mr. W. S. Vivian, Director Public Relations, Middle West Utilities Company, and Mr. Alvin C. Reis, Member of the Wisconsin Interim Commission on Water Power.

Mrs. W. Norman Graham, Chairman of Living Costs for the Illinois League of Women Voters, is in charge of the program.

It is seldom that the public has such an opportunity to get information first hand from men who are making history in the public utility field.

PRESENT ASSEMBLY

Mrs. Cawelti's sixth grade of the Greeley school presented an assembly at the Horace Mann building last Friday. The customs followed at medieval feasts were portrayed by the Greeley sixth graders.

Mrs. Laird Bell, 1352 Tower road, returned recently after spending some time in the East visiting her daughter, Helen, who is attending Bryn Mawr this year.
