Some Cazel Calculations

When Patrolman William Cazel of the Winnetka Police department was called upon to do his turn in the weekly shoot at the Winnetka Police revolver range, Tuesday of last week he put six of his ten shots smack into the "bull's eye," and was given credit for an 82 score and awarded the silver spoon for making the best target during the month. This is the third successive month Patrolman Cazel has copped the honors, but this is his best score.

A few remaining *DeWindt Road* home-sites are now offered to those who would appreciate living on a curving private road, free from traffic, in one of the most highly restricted sections of Winnetka's beautiful new residential district.

Earle B. Armil Presents Pupils in Piano Recital

By Critic

Earl B. Armil of Chicago presented a number of pupils in recital on Friday evening, November 30 at the Winnetka Woman's club. The girls and boys who played acquitted themselves most creditably and showed splendid training.

The program opened with little David Rabinovitz, whose tiny frame only emphasized his immense concentration on the business at hand. He played very well and received sincere applause as he did later when he played a second group. There followed splendid presentations by more advanced pupils including Mary Buckley, Henry Plonka, Kathryn Wolford, and Hedwig Kloepke.

Henry Plonka displayed excellent musicianship and played with brilliance and insight, the Beethoven "Rondo in C" and "Fantasie in D Minor" by Mozart.

Hedwig Kloepke we thought possessed a fine interpretive sense and poetic feeling for one so young, and her numbers were full of charm. Brilliant technique was noticeable in the work of Kathryn Wolford. The Bach number, with so much underlying hard work, was carefully and interestingly presented by Mary Buckley.

YOUNG PEOPLE TO MEET

The Young People's club of Winnetka will meet Sunday evening at 7 o'clock, in the Neighborhood room of Community House. The topic will be "Our Ideals" and the leader, Emma Rummler.
