#### GORDON QUARTET GIVES SUNDAY CLUB PROGRAM

##### Famous String Quartet Comes to Rescue as E. H. Sothern Postpones Engagement

The Gordon String quartet, one of the finest musical organizations of its kind in America, will present the program at the Wilmette Sunday Evening club Sunday, December 9, taking the place of E. H. Sothern, well known actor and tragedian, who has changed his date to Sunday, March 10. The Gordon String quartet, originally scheduled for that date, was able to change its date to this Sunday.

Dr. Jacques Gordon is director of the quartet, which was founded in 1921. He is recognized as a notable musical leader. He is concertmaster both of the Chicago Symphony orchestra and of the Ravinia Opera orchestra. Born in Odessa, Russia, he was graduated from the Imperial conservatory under Professor Stupka. At the age of 15, he came to the United States where he further perfected his art under the late Franz Kneisel. He has been a member of the Berkshire String quartet and later formed his own organization which bears his name. He has played in concerts with Harold Bauer and other artists.

##### Noted Violinist

Walter Hancock, another member of the quartet, is one of the important violinists of the Chicago Symphony orchestra. Born in England, he came to this country at an early age and studied under various masters. He was a pupil of Hugo Hermann.

Clarence Evans, principal viola of the Chicago Symphony orchestra and conductor of the Chicago Business Men's orchestra, is the third member of the quartet. He studied the viola with Hugo Kortschak. He has been a member of the Berkshire String quartet and the San Francisco Chamber Music society and has given many viola recitals with great success.

The fourth member of the group is Richard Wagner, who is one of the leaders in the 'cello section of the Chicago Symphony orchestra. Born in Canada, he studied 'cello with his father and later was principal 'celloist of the St. Paul Symphony orchestra under the late Henry Rotwell.

##### Praised by Critics

The Gordon String quartet, now in seventh season, has won recognition from the concert public as well as the press for its artistic performances. During the last two years it has had the honor to play 12 concerts under the auspices of the Library of Congress. It holds the record for 24 public performances in Chicago last season playing to audiences of 1,000 to 1,400 at each concert, which is said to be unique in the history of a chamber music organization.
