Ford's Canadian Plant to Build 500 Cars a Day

The stepping up of production by Ford to 6,000 cars a day at the big Detroit plant is not the only forward movement by the organization, according to D. W. Leonard, of Skokie Motors, Main street, Wilmette, north shore Ford dealers.

"I have just learned that production of 500 cars a day will be in effect January 1 at the plant of the Ford Motor company of Canada, Ltd."

Re-tooling and additions to the plan at Ford, Ont., he states, have been completed, and with these changes the production at the plant will exceed by 100 cars, approximately, the record output of the company. He says it is probable that the Canadian plant will reach even a higher production than 500 cars a day before the close of the year 1929.

Buses Run Jitneys Off Detroit Streets by Order of Court

The doom of the jitneys in big city streets has arrived, if action taken at Detroit can be taken as the indication, according to W. T. Wersted, Winnetka Dodge dealer. Detroit now has operating in its streets a fleet of buses instead of the jitneys, this being made possible by a recent decision of the Supreme Court of Michigan which ruled the jitneys from certain streets of the motor metropolis after a legal battle which lasted seven years.

First deliveries have been made of the fleet of 120 Graham Brothers parlor coaches, purchased from Dodge Brothers and added to the equipment of the street railways, supplementing bus and street car lines already in operation.

Inauguration of the service met with an immediate response from the bus-riding public. Added refinements in comfortable transportation combined with speedy operation, have had a wide and popular appeal. A six-minute schedule is maintained and the coaches are liberally patronized, meeting all demands of heavy rush-hour traffic, according to officials of the railway department.

The Graham coach carries 15 passengers, exclusive of the driver, in deep, leather, air cushion, individual, wicker chairs, standard equipment in this model. It is unusually roomy, ample space being provided between the seats and in the aisles. Speed and ease of operation equal to the passenger car is given by the powerful six-cylinder motor. Safety is assured by Lockheed hydraulic, four-wheel, internal expanding brakes with hand brake operating on the propeller shaft, an emergency door at the rear and non-skid entrance step.

Ford and Chevrolet Help Big Iron and Steel Plants

The high rate of production by such low-priced automobile builders as Ford and Chevrolet insures steady demand for several months at least for sheets, strips, light plates, butt-weld pipe and like products. Leaders of the iron and steel industry are confident that the first quarter will be productive of good earnings.

Suggestions for Winter for Your Car

Alcohol "The Old Standby"
 Come in to a warm garage to have your radiator drained and a fresh solution put in. Price, per gallon
\$1.00

Eveready Prestone
 One filling lasts all winter "and then some" if you save it. A 50-50 solution will protect your car at 20 below zero. Price, per gallon
\$5.00

Skid Chains Weed DeLuxe
 All the sizes are carried in stock. Also Goodyear Rubber Chains.

Heaters
 Francisco Hot Blast
\$10.00
 Installation
\$2.50
 Others to choose from.

Winterfronts Moto Guards
 Hand controlled. You'll like them when you see them.

Hylite Batteries
 A good economical battery, guaranteed for two years by us and the manufacturer.
 11 plate **\$11.75**
 13 plate **\$13.75**
 15 plate **\$17.75**

Special Greasing
 Drain and fill with the proper winter grade lubricant, transmission and differential. Drain and fill crankcase with correct grade Mobiloil. Labor charge
50c

Grease and Oil
 as per chart
 Every 500 miles **\$2.00**
 Every 2,000 miles **\$2.50**
 Oil extra

Road Service
 or at your home—that's where we come in. Changing tires or starting motors. Battery service or anything not to exceed 1/2 hour from start to finish. Flat charge of
\$1.00

Goodyear Tires
 You'll get better service here. See us first. New low prices.

Gas and Oils
 Red Crown and Ethyl Gas. All grades of Polarine oils.
 Quart **25c**
 Mobiloil is always used when we change oils, quart **30c**

NO TIME OR CASH WE EVER WASTE... OUR MOTTO IS GOOD WORK AND HASTE!

Steffens' Little Plumber

We're not out after any endurance record... we win all speed tests. Don't ever get the idea we slight our work just because we hurry. We're thoroughly dependable as well as rapid.
