It is located at 470 Jackson avenue, on a lot 75 by 140, with its north boundary overlooking the proposed park site. Overton and Traweck, Evanston, are the builders.

Brick and stucco have been used in the exterior construction, in a pleasing combination. There are eight rooms, including three master bedrooms, two colored tile baths, showers, maid's room and bath, and a two car heated garage, attached, with convenient entrance from the rear hall.
