GENTLEMEN, TOO, WILL EXPECT MELACHRINO ON THE 25TH

To the gentlemen, as well as the young ladies, the quality of the cigarette they receive is important. For it surely reflects the opinion of the giver. That is why it must be Melachrino—the mild, superior Turkish cigarette! And if a gentleman and a lady should

happen to exchange gifts of Melachrino, that only makes the compliment they are paying one another more perfect. The cigarettes have CORK tips, STRAW tips or plain ends. They are society's choice for the bridge party, the dinner and all other occasions.
