

HOLIDAY GREETINGS
and BEST WISHES
for the COMING YEAR

In this space one year ago — our first Christmas in the Wilmette territory, we expressed our sincere gratitude for the patronage we had enjoyed, with a hope for its continuance during the next twelve months.

Another year has passed. That patronage has been more generous than we dared hope for. Again we express a gratitude that is commensurate with the good will that has been shown us. Again we renew our pledges to the public for the year to come. And again we extend to one and all the old and always - new greeting of this happy season—

a
Merry Christmas
and a
Happy New Year
