A Beautiful Rite

A FUNERAL is not just a practical matter-of-fact affair. Human nature refuses to consider it in any such light. The last farewell to a loved one should be made an impressive rite which will hold sacred associations in the memory. This aspect of our work is given full consideration. While we strive for the utmost efficiency, we do not let it obscure the deep significance of the occasion. Every detail, from the planning of the service to the selection of the smallest accessory, is made to contribute to the general effect.

The result is a well-rounded service in which efficiency, good taste and consideration for the living are carefully blended. We accept this responsibility as a sacred trust.

"IF I HAD MY WAY" said the Health Officer

An epidemic of "flu" in a large eastern city—hospitals filled to overflowing—doctors and nurses working day and night. "If I had the authority", said the local health officer, "I would not allow a single family washing to be done at home—because the exposure in the house, due to washing and drying clothes, as well as simply washing indoors, in my opinion is a large factor in sending "Flu" cases to the hospitals."

Regardless of whether you do your own washing or have a laundress come in, winter washdays mean steaming tubs, drying clothes inside the house, excess moisture in the air—inviting colds and sickness. You can avoid all this by taking advantage of one of our modern laundry services. There is a service suited to every family budget. Call us today and have us explain the different services.
