# GOOD NORTH SHORE PAVEMENTS —by FOLEY

WHEN YOU drive over a fine new piece of pavement  
 in almost any of our north shore communities, the odds are  
 that the paving was done by the M. Foley Co. of Evanston.  
 The greater percentage of all north shore paving projects for a  
 number of years past has been awarded to our organization.

We are gratified by the splendid rôle which it has been our  
 privilege to play in the greater development of the various  
 cities and villages of this modern suburban territory.
