

**DANNEMARK STAMP
GIVES GUARANTEE
OF HIGH QUALITY**

The name "Dannemark" has been for many years associated with things electrical on the north shore. First it was the firm of A. H. Dannemark & Son, later the father gave up business worries and the son continued the progressive establishment under the present name, E. A. Dannemark Electric Shop.

The Dannemark Electric Shop at 1155 Wilmette avenue, Wilmette, is established on twelve years of successful business on the north shore. It is the pioneer in the electrical line in Wilmette, and has achieved an enviable reputation. The fact that the elder Dannemark has been for several years electrical inspector for the village speaks well for the character of workmanship accomplished under the Dannemark name.

The firm today, in addition to its contract work, maintains in stock all the standard makes of electrical washing machines, ironers and vacuum cleaners. Here one finds displayed the Eden, A. B. C., Thor and Crystal washing machines with all parts and appliances. The first named machine has been specialized in with the result that a record of 2,500 sales has been established in eight years. The Sweeper-Vac carpet cleaners have also figured prominently in the sales columns, together with the Simplex Ironer. The Sweeper-Vac sweeper is of the latest approved type with motor-driven brush controlled by worm gear drive.

Dannemark carries a complete supply of electrical heating, lighting and other appliances, as well as a splendid variety of ornamental lamps and fixtures.

E. A. Dannemark has lived in Wilmette for twenty years and is counted among the most progressive of the younger business men of the north shore.

NEW UPHOLSTERING BUSINESS

A new upholstery and furniture repair business has been established in Wilmette, conducted by Fred Nitto, formerly of the L. A. Perrault company. Nitto has taken a temporary location at 1204 Central avenue, where he already is conducting a good business. Nitto makes a specialty of "made to order" mattresses, window shades and draperies. He has had several years' experience in the business.

THE WAY THEY FEEL ABOUT IT

Evidently Senator Harding and Governor Coolidge feel like fighting Cox.—The Pathfinder.

*Here's Real Economy
in Shoe Repairing*

Some people seem to think that every "shoe economy" is in buying them at a saving.

That's where our opinion differs, and we have a complete electrically equipped department, especially to serve our regular customers in making the real saving in shoe economy in having them repaired the right way. Come in and get acquainted.

This Fall we will have a complete line of rubbers and everything for winter's wear. We're stocking up now, so as to get them at better prices. Better make a note of this for future reference, and come in and see us.
