

BROUGHAM

The union Sunday school will hold their annual entertainment on Christmas Eve, and as it always has been a good social, we are looking forward to it. Extra efforts are being put forth it is said to get up good recitations and dialogues.—Pickering News.

GREENWOOD

Mr. J. Willison, an old Greenwood boy has lately been appointed sub-editor of the "Globe." He began his newspaper career on the "London Advertiser" and was soon engaged by the "Globe" where he occupied the position of sessional reporter. He is the "Observer" of the past year and is by far the most clever writer on the staff. We congratulate Mr. Willison in his progress. It would take us a long time to enumerate all the old Greenwood boys who have become famous.—Whitby Chronicle.

MOUNT ALBERT

There was quite a sensation at the Methodist church a week ago last Sunday. During the service, Mrs. Richard Rogers, of Newmarket, took a paralytic stroke and had to be removed to a neighboring residence. Not only was the whole right side affected, but her speech was gone. When last heard from she was a little better and hopes are entertained of her recovery.

It was George Simmerson that was burnt out at Franklin a couple of weeks ago and not Mr. Sinclair as reported in the Era.—Era.

MOLT

Miss Melissa Cunningham has returned home from the States, where she has been visiting the past year bringing her cousin Miss Cunningham with her to spend the winter in our midst.

Mr. G. A. Travis is home for a few days from Orillia. Mr. Ephraim Travis and lady are also in our village for a few days.

Samuel Gibney has returned from Dakota bringing home good reports of the country with regard to its growing qualities.

Deputy Travis has commenced to fill his stables again with cattle.—Era.

LINCOLNVILLE

The Connor Bros. have purchased a stumping machine and are at present at work for Mr. Wm. Wagg.

Mr. Little is having a wire fence extended on both sides of the lane on the farm now occupied by Mr. Wm. Allen. This will be a great improvement.

Mr. Scott, we are told, intends moving to Bowmanville. All his friends wish him success.

Miss Avelina Allen, who has for some time been residing in Reach, has lately been visiting at her former home.

The Mennonites of Markham, are again holding revival meetings at the Union Church in this place.

BLOOMINGTON

Mr. A. J. Conklin who has been visiting his numerous friends in this neighborhood has left for Belleville. His ready wit, wide knowledge and general utility will greatly be missed.

Who stole the tariff? Mr. S. Holder's household effects passed through town recently on their way to Toronto, via G. T. R. Best wishes for success, Sam!

The Era's local correspondent apparently overlooked the church reopening, so the TRINITY'S account of it was borrowed (?) for that paper, without quotation marks.

Our Methodist friends with their usual push are setting about raising the balance necessary to clear off their indebtedness for the repairing their church.

A social in aid of the S. S. will be held in the Methodist Church here on the evening of December 20th. Admission, 20 cts.

WHITEVALE

Thanksgiving Day is past. Wonder if the boys shot many wild beasts and creeping things. Rather a free and easy way of honoring the huge harvest by subduing the game that is gathering the immense beach nut crop. Some Whitevale hunters are like the doctor who went out shooting and never got anything, and was told by his complimentary wife that he never killed anything when he left his practice.

Which takes the most four inch pickets or four inches apart, a fence running on the level, or one running over a hill, the ends of the fences being even?

Mr. Isaac Kirton intends leaving Whitevale for Michigan. He will be missed by certain fair ones of the town.

Mr. Rose has returned from visiting friends in Toronto.

Mr. George Bessie, Jr. returned home on Friday last, after spending the summer in Muskoka.

Mr. S. B. Lynde has recently been appointed head agent for a New York

nursery. He has employed Mr. Wm. Haig as sub-agent. Watch your orders early.

Our esteemed harness maker, Mr. Alex. Armstrong is doing a rushing trade at present. Sandy is largely patronised by the people of Pickering township. He gives satisfaction every time.

The amateur hair cutter of this town has launched out as a professional and those who do not wish to pay the regular fee should get their man's to cut their hair.—News.

THE CHAMPION YARN

We clip the following from the Toronto World of the 29th inst. For a monumental piece of fabrication it deserves a place in the top niche:—

A BEAR STORY.—On Sunday night a captive bear being fattened by a West end butcher broke away and "clawed" a young man that he encountered in the street.

By special cablegram we have the following account of the affair as published in London, Eng., yesterday:—

We have just received intelligence of another terrible bear catastrophe in our colony of Canada. The sad affair occurred on Monday last in a small village called Toronto, a few miles from Winnipeg on the main line of the Union Pacific Railway, and not far from the main station at Hudson Bay. It appears that a settler named John Shaw, who was President of the village Fire, Water and Gas Club, who was on his way home from one of its meetings and when almost at his own door a huge grizzly bear sprang upon him from the adjoining forest. The snow at the time was about 8 feet deep and the thermometer 50° below zero, and the unfortunate man being on snowshoes and only an ordinary shotgun was unable to cope with the savage beast, and consequently was fearfully mangled. His cries, however, brought to the spot some half-breeds who lived in wigwams near the edge of the bush, and these with the assistance of the members of the Fire club, who had also been attracted by the cries, soon dispatched the brute. The bear was found to measure 18 feet from snout to tip of his tail. The town has since the commencement of the winter been overrun with bears and it is not safe to venture out at night without a good rifle and a lantern. The unfortunate man was carried to the hospital at New York the nearest town, and we are glad to say is doing as well as can be expected.

CATARHIT

CATARHIT DEAFNESS—HAY FEVER.

A NEW HOME TREATMENT.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and catarrhal tubes. Microscopic research, however, has proved this to be a fact, and the result is that a simple remedy has been formulated whereby catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks. N. B.—For catarrhal discharges peculiar to females (white) this remedy is a specific. A pamphlet explaining this new treatment is sent on receipt of ten cents by A. H. Dixon & Son, 303 West King Street, Toronto, Canada.—Scientific American.

Sufferers from catarrhal troubles should read the above carefully.

Want of Sleep

Is sending thousands annually to the insane asylum; and the doctors say this trouble is alarmingly on the increase. The usual remedies, while they may give temporary relief, are likely to do more harm than good. What is needed is an Alterative and Blood-purifier. Ayer's Sarsaparilla is incomparably the best. It corrects those disturbances in the circulation which cause sleeplessness, gives increased vitality, and restores the nervous system to a healthful condition.

Rev. T. G. A. Cote, agent of the Mass. Home Missionary Society, writes that his stomach was out of order, his sleep very often disturbed, and some impurity of the blood manifest; but that a perfect cure was obtained by the use of Ayer's Sarsaparilla.

Frederick W. Pratt, 424 Washington street, Boston, writes: "My daughter was prostrated with nervous debility. Ayer's Sarsaparilla restored her to health."

William F. Bowker, Erie, Pa., was cured of nervousness and sleeplessness by taking Ayer's Sarsaparilla for about two months, during which time his weight increased over twenty pounds.
