Address THE TRIBUNE,
STOUFFVILLE, ONT.

The Ontario Legislature will probably meet on Jan. 24.

At the meeting of Council to-day it was decided to call Parliament for the despatch of business on Thursday, Jan. 31.

The Toronto World advises the Globe to move over to Buffalo. No doubt there are more papers in Toronto besides the World that would like to get rid of the Globe, but the Globe was in Toronto before they were born and no doubt will still be there when they have gone the way of all flesh.

A WHOLESALE dealer in Toronto, according to the World says:—That the amount of capital invested in the manufacture of thread is greater than that invested in the production of flour. He states that the house to which he belongs sends out daily hundreds of dollars worth and that sometimes the orders for one day amount to \$1000.

THE MARCH ON ANARCHY

CHICAGO, Nov. 27.—On Sunday night 2,000 Anarchists uproariously cheered a tableaux in which an Anarchist waved aloft a crimson banner, and trod under foot, the Stars and Stripes. The occurrence took place just outside of the city limits at a meeting of the Socialist Turn Verein. The tableaux was intended to represent the triumph of anarchy. The central figure was a snow-white bust of August Spies.

OBSERVATIONS.

Who is to be our next Reeve? Echo answers who!

Fresh arrivals at the Zoo every week. No gardens to equal it.

Did our council give the contract for lighting the town by electricity? Who ever thought they would? I didn't.

Can't our board of health go into the boarding-house business and advertise cheap meals, only three cents! They take the cake.

Too utterly utter, those bone yard noises, are our senses to be shocked with those unsightly sights, of heretofore time? For the horses sake let us have a humane society. Where is brother Daley?

If those men who are in need of assistants either as mechanics or laborers, were a little more careful as to the persons they employ it would be as well for themselves, and a deal better for the community at large. We are considered a temperance people don't let us disgrace our fair name by importing in our midst those vile besotted creatures like we sometimes see in our sister villages. Let us elevate the standard of our morals by bringing into our midst men of unblemished character.

Suppose that those superior people who will not have anything to do with municipal matters and are always prating that one sit of councilors are no better than their predecessors. It would give a semblance of consistency if they would take hold of the management of this matter and elevate the standard of ability in our public men. There are always men who are ever too ready to take office while the man of superior judgment will stand by and see the nuisance propagated year after year and then find fault because it is so. Grumble, either take it yourself or for ever after hold your peace!

Observer.

Published for the Proprietor from now on and on 1889, at 101.

CORRESPONDENCE.

We wish it to be distinctly understood that we do not hold ourselves responsible for the opinions advanced by our correspondents. Correspondents may write over a pseudonym if they choose, but the real name must accompany each communication.

Editor TRIBUNE,—

DEAR SIR.—Can any of your readers suggest a plan to induce our respected friend in the west end to keep his cow off the street both night and day? We admit she is a fine cow. Why not? She has cleaned out every garden west of the railway track that she can get into, to the destruction of cabbage, beets, celery, mangolds, carrots, etc. Those that are fortunate enough to have their gardens and yards fenced, and by being very particular to fasten up every time they go out, can avoid these losses, but what can we do that have no fences?

NEIGHBOR.

MOUNT ALBERT.

Mr. Vanantine Brook has removed the Town Hall to a site a little further down the hill. We would like to see it in the lower part of the village.

Our Post Office has a new post-master in the person of Mr. R. Roland. The late post-master, Mrs. Jackson is about removing to other parts.

Our grain merchants are having a good deal of trouble to get away their grain for the want of cars. It seems that the railroad company are bound to destroy Mt. Albert market this season.

Mr. Wilmot Hoover while coming from Newmarket, in passing Purdyo Bush, on the fourth concession was knocked out of his buggy by three men and robbed of one hundred and sixty dollars. Mr. Beaver was also robbed of fifty dollars a few miles south.

The Presbyterian Church of this place held a successful entertainment on Tuesday evening.

The Mt. Albert Lodge of A. O. U. W. partook of an oyster supper down at the new bakery on Monday evening, when Tommy dished them up in fine style. Boys, if you want a good plate of oysters, that's the place to go.

Municipal matters are beginning to warm up, and rumor says that deputy Travis is going to oppose the present Reeve, Mr. John Ramsden and Mr. E. Lundy are going to try for the first Deputy-ship. We should think that after the little game Mr. Lundy played last winter, the Grits of East Gwillimbury, would leave him at home. We hear M. P. Heeper and Mr. J. Haigh are going to be candidates.

A big racket at the Post office Saturday evening. Will soon have to enlarge that office.

A Dinner Pill.—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment it becomes a poison to the system. Dr. Parmelee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and convert the food partaken of into healthy nutriment. They are just the medicine to take if troubled with Indigestion or Dyspepsia.

CHRISTMAS NUMBER OF THE GLOBE.

A word to the wise is sufficient they say. To those whom it may concern we would tender the friendly advice that if they think of securing copies of THE CHRISTMAS GLOBE mentioned in our advertising columns, the safe plan is to get the order in early. Any news agent will take orders or they may be sent to THE GLOBE direct. The promise is given by THE GLOBE management that this number will be an improvement upon anything of the kind hitherto issued, and those who know THE GLOBE's record—as what Canadian does not?—need not be told that this promise will be kept. The features of the edition will be as to mechanical make up, new beautiful illustrations, fine paper, printed on a new press by the most skillful work in the Dominion; as to literary merit, contributions in the form of verse, fiction or sketches from the best native writers; and as to artistic qualities, a profession for fine wood-cut illustrating the literary matter from designs by the best artists, and also three magnificent colored presentation plates, the principal one a view from Vancouver Park B. C., by Mr. L. R. O'Brien, the leader in this branch of art in Canada. The price of the whole is only 25 cents, so that this splendid paper is within the reach of all.

Pronounced by the Press—"The Best Paper of the kind published in Canada to-day."
