IMPORTANT.—If our customers requiring job work done would try to get their copy in a day or two before the work is needed, they would confer a favor, as we are very busy, and it is not always possible to get out a job the same day the copy is handed in. New advertisements and changes should be handed in not later than Monday or Tuesday. Correspondents should post their news letters so that they may reach this office not later than Wednesday noon.

We understand that some of our readers have seen fit to take offence at some remarks of our correspondents. In this connection we beg to remark that we have endeavored and shall always endeavor to keep everything of a disagreeable nature out of our columns. It will be noticed at the head of our correspondence column that we distinctly state that the opinions of our contributors are not necessarily ours, and we wish all correspondents as far as possible to avoid mentioning names. So that all may perfectly understand us, it may be well to intimate that besides the communications that appear under the regular heading of "Correspondence," the paragraphs headed "Observations" and all the "District News" are from the pens of our correspondents, and often refer to matter concerning which we have no knowledge, and are as much news to us as to any of our readers.

"OBSERVATIONS."

Agitate! Agitate! for no more tax exemptions.

We welcome all good citizens but pay your taxes please.

The subscribers to the TRIBUNE must not think the writer of this column is the Editor. He does not sit in that kind of chair.

If Observer says anything about Polly McDuff's cow please Polly don't get mad for Observer is often accused of saying things "truthfully."

Gently westender, give the small fry a chance. Jake, Joe and Ed. are heavy men, but—

This is the season for Baskets. "Willow Baskets." They are made in this town.

As a rule, all societies or companies select the best men to fill the most important offices, why should it not be so in a community. There should be no trifling in public matters, let everything be done decently and in order. We have some 150 electors on the roll, when the proper time comes for us to make a choice, let it be done without fear or favor; personal or party feeling should have no place in matters of this kind. Ability should be the whole aim of every elector. Hitherto men have been put up only to be knocked down. Now don't do that, select, say, five of the best men for Reeve and twenty of the next best for Council. Let them go to the poll and let the ballot say who are the men fit for the position. Don't say that the men who have most money, have the most intelligence. As a rule it is the reverse, you are apt to get either a knave or a fool.

OBSERVER.

Sleeplessness is due to nervous excitement. The delicately constituted, the financier, the business man, and those whose occupation necessitates great mental strain or worry, all suffer more or less from it. Sleep is the great restorer of a worried brain, and to get sleep cleanse the stomach from all impurities with a few doses of Par-melee's Vegetable Pills, gelatine coated containing no mercury, and are guaranteed to give satisfaction or the money will be refunded.

Many an otherwise handsome face is disfigured with pimples and blotches, caused by a humor in the blood, which may be thoroughly eradicated by the use of Ayer's Sarsaparilla. It is the safest blood medicine in the market, being entirely free from arsenic or any deleterious drug.

The special quality of Ayer's Hair Vigor is that it restores the natural growth, color, and texture of the hair. It vitalizes the roots and follicles, removes dandruff, and heals itching humors in the scalp. In this respect, it surpasses all similar preparations.

THE CRADLE.

If you are despondent, low spirited, irritable, and peevish, and unpleasant sensations are felt invariably after eating, then get a bottle of Northrop & Lyman's Vegetable Discovery and it will give you relief. You have Dyspepsia. Mr. R. H. Dawson, St. Mary's writes: "Four bottles of Vegetable Discovery entirely cured me of Dyspepsia; mine was one of the worst cases, I now feel like a new man."

To Save Life:

Frequently requires prompt action. An hour's delay waiting for the doctor may be attended with serious consequences, especially in cases of Croup, Pneumonia, and other throat and lung troubles. Hence, no family should be without a bottle of Ayer's Cherry Pectoral, which has proved itself, in thousands of cases, the best Emergency Medicine ever discovered. It gives prompt relief and prepares the way for a thorough cure, which is certain to be effected by its continued use.

S. H. Latimer, M. D., Mt. Vernon, Ga., says: "I have found Ayer's Cherry Pectoral a perfect cure for Croup in all cases. I have known the worst cases relieved in a very short time by its use; and I advise all families to have it in sudden emergencies, for coughs, croup, &c."

A. J. Eidson, M. D., Middletown, Tenn., says: "I have used Ayer's Cherry Pectoral with the best effect in my practice. This wonderful preparation once saved my life. I had a constant cough, night sweats, was greatly reduced in flesh, and given up by my physician. One bottle and a half of the Pectoral cured me."

"I cannot say enough in praise of Ayer's Cherry Pectoral," writes E. Bragdon, of Palestine, Texas, "believing as I do that, but for its use, I should long since have died."
