Cook, Ralph White, Alec Kerth, First Jr.—Francis Haney, Frank Hoover, Agnes Mitchell.

Average attendance for the month 99.9 per cent. People in this vicinity have nearly all finished seeding.

A wind storm visited this place last week upsetting fences and trees. An accident happened on the C. P. R. between here and Green River, last week caused by four freight cars breaking loose and running back meeting the up Express. The freight cars and the engine were wrecked, and but for the quick of the engineer, no doubt serious loss of life would have resulted. A purse of \$40 was made up by the grateful passengers and presented to the engineer.

Mr. Levi Wismer has been laid up for some time owing to a severe cold which he caught yesterday morning in the park pond here. They averaged about one pound each, the largest weighing 11. Mr. Clow's nine would prove of more interest yesterday to some of Toronto's citizens than the League ball players of the Queen City.

The organ factory team was crossing the railway track a few rods north of the station on Tuesday morning with a large load of lumber, when the reach of the wagon broke, letting down one end of the load and bouncing the driver off after the horses to the passenger train from the south was standing ready to leave the station when the accident happened, and was delayed for about ten minutes, until the lumber was pulled aside.

The value of a remedy should be estimated by its curative properties. According to this standard, Ayer's Sarsaparilla is the best and most economical blood medicine in the market, because the most pure and concentrated. Price \$1. Worth \$5 a bottle.

Our Floor paints made from the very best materials and warranted to dry hard. Silvester & Dougherty.

The Richmond Hill Village Council at their last meeting, passed a resolution instructing the village Constable to use every means possible to secure the arrest of persons behaving in a disorderly manner.

Why will you allow a cough to lacerate your throat or lungs and run the risk of filling a consumptive's grave when by the timely use of Bickle's Anti-Consumptive Syrup the pain can be allayed and the danger avoided. This Syrup is pleasant to the taste, and unsurpassed for relieving, healing and curing all affections of the throat and lungs, coughs, colds, bronchitis, etc., etc.

The following is the standing of some of the pupils of Bloomington school for the month of April:— 4th Class—John Matheson, Ralph Rae, Violet Allen, Mar. A. Ramer, Ada Brown, Senior, Third class—Janet McKuen, Maggie Rae, Mary Clarkson, Cecil Wagg, Junior, Third class—Sarah Topper, Ira Ramer, Joseph Sangster, Senior Second class—George McKuen, Wilford Lacey, Robert Burnett, Junior Second class—Jessie Sage, Lucy Hamill, Willie Williams, Senior, Part Second class—Clara Lazenby, Annie Williams, Oliver McNeil, Bert Baker, Clinton Wagg, Jr. Part Second class—Aggie McKuen, Bertie Williams, Rupert Pollard, Llewella Burnett, Wilford Morden, Senior First class—Edgar Rose, Mary A. Lemon, Willie Kennedy, Edgar Kennedy, Gertrude Patterson, Gertrude Kennedy, Junior, First class—Lemon Pipher, Willie Sangster, Libbie Cook, Sam McKuen. Average attendance for the month, 64.

IT'S MONEY WE WANT

And for ten days we will reduce the greater part of our stock to Cost. CALL AND GET BARGAINS. S. M. WARRINER. Stouffville, May 3rd, 1889.

AGINCOURT. Mr. G. Rennie is very ill. Miss Beyer of Markham, is visiting at Mrs. Rammer's. Miss Barker of Epson, is visiting at Mrs. Chisholm's. Mr. and Mrs. Burkholder, of Atherton, paid Mrs. Rammer a short visit last week. The little daughter of Mr. John Mason of York township while playing with some corn in a mug on Sunday last, raised the mug suddenly to her mouth and a grain of corn went down her throat and lodged in her wind pipe and before it could be removed she choked to death. Mr. Mason has the sympathy of the entire neighborhood in this sad bereavement, which he will feel all the keener as he lost his wife only a short time since.

THE AMERICAN ASSOCIATION For the Advancement of Science

The authorities of the American Association for the Advancement of Science have chosen Toronto as their next place of meeting, and that important body will accordingly convene in the capital of Ontario, on the 27th August next, to remain in session one week. This gathering of probably a thousand prominent scientific men will prove an interesting event, for, all who desire the diffusion of systematized knowledge, and its outcome cannot fail to be of benefit to the whole province. The discussion of scientific subjects, the interchange of experience, and the application of its results, must stimulate the material as well as the intellectual progress of the country. The objects of this Association are, by periodic and migratory meetings, to promote intercourse between those who are cultivating science in different parts of America, to give a stronger and more general impulse, and more systematic direction to scientific research, and to procure for the labors of scientific men, increased facilities and a wider usefulness. A very large general committee has been formed in Toronto to arrange for the proper reception of the Association. The President of the body is Charles Carpmel, P. R. A. S., Director of the Meteorological Service, Canada; the Treasurer is James Blain, Jr., Chief Librarian, Toronto Public Library, and the general Secretary is Prof. Jas. Loudon, of University College. Mr. James Hedges is Chairman of Press Committee.

RINGWOOD

Rev. Mr. Sherman, of this place, takes his departure for his new field of labor this week. He has accepted a call to preach in Edon, a village near Robinsonburg. Mr. Newman of Rochester, has charge of the Baker Hill Church for the summer.

The following is the standing in their order of merit of some of the pupils of Ringwood public school for the month of April:— 5th Class—Fred Silvester, Herbert Mitchell, Fourth class—Chris Stouffer, Geo. Barkey, Allice Pike, Senior Third class—Fred Button, Hattie Smith, Arthur Fisher, Ernest Button, Junior, Third class—Ida Fockler, Walter Mertens, May Button, Ella Musselman, Second class—Lillie Smith, Nellie Clendening, John McConnachie, Plesance Windsor, Edith Lehman, Senior First class—Lena Clendening, Laura Smith, Bertie Sanders, Wesley Davis.

UNBRIDGE

Mr. Breen sent down yesterday to Win. Clow, Toronto, proprietor of the restaurant on Colborne St., a string of nine, loyally speckled trout, caught early yesterday morning in the park pond here. They averaged about one pound each, the largest weighing 11. Mr. Clow's nine would prove of more interest yesterday to some of Toronto's citizens than the League ball players of the Queen City.

J. YAKE, Jeweler, Stouffville. March 1st, 1889.

The First Symptoms

Of all Lung diseases are much the same, to wit: feverishness, loss of appetite, sore throat, pains in the chest and back, headache, etc. In a few days you may be well, or on the other hand you may be down with pneumonia or galloping Consumption. Run no risks, but begin immediately to take Ayer's Cherry Pectoral.

Several years ago, James Birchard, of Danvers, Conn., was severely ill. The doctors said he was in Consumption, and that they could do nothing for him, but advised him, as a last resort, to try Ayer's Cherry Pectoral. After taking this medicine, two or three months, he was pronounced a well man. His health remains good to the present day.

J. S. Bradley, Maiden, Mass., writes: Three winters ago I took a severe cold, which rapidly developed into Bronchitis and Consumption. I was so weak, that I could not sit up, was much emaciated, and coughed incessantly. I consulted several doctors, but they were powerless, and all agreed that I was in Consumption. At last, a friend brought me a bottle of Ayer's Cherry Pectoral. From the first dose, I found relief. Two bottles cured me, and my health has since been perfect.

A dry hacking cough keeps the bronchial tube in a state of constant irritation, which, if not speedily removed, may lead to bronchitis. No prompt remedy can be had than Ayer's Cherry Pectoral, which is both an anodyne and expectorant.

A NUMBER of good Farms for sale on easy terms. Apply to R. J. Daley.

MAXEY COBB

FAIRVIEW FARM, LEMONVILLE, ONTARIO. Will visit regularly during the season of 1889.

MOUNT ALBERT, SANDFORD, LISDALE, ZEPHYR, RAVENSHOF, JUNIONVILLE, GORMLEY, VICTORIA SQUARE.

The old-fashioned grenadine is again seen in some of the imported dresses. Many are woven with satin stripes to simulate the ribbon effects which have been for a long time popular in net dresses.

Blouse waists, made in both plain and fancy materials, promise to be ever more popular than last season. These help to give variety to costumes, as several skirts can be worn with the same waist; they are particularly appropriate for young persons.

A dry hacking cough keeps the bronchial tube in a state of constant irritation, which, if not speedily removed, may lead to bronchitis. No prompt remedy can be had than Ayer's Cherry Pectoral, which is both an anodyne and expectorant.
