

THE TRIBUNE,

STOUFFVILLE, JULY 5, 1889.

It is rumoured that Hon. Mr. Mowat will probably receive the offer of Knighthood this summer, while the TRIBUNE believes there is no man in Canada more worthy of the honor, it is hoped he will decline. It is time all such tomfoolery was done away with at least as far as Canada is concerned.

The public will be sorry to learn, at least part of the public, that the brilliant career of Hon. G. W. Ross is likely to be abruptly brought to a period. Such, however, is the case. The fiat has gone forth. Mr. James L. Hughes, so recently a prominent figure in the Third Party movement, has entered the field to contest West Middlesex in the interest of the Conservative Party. Mr. Hughes is credited with having at one time applied to Mr. Ross for a position, which was refused, and now Mr. Hughes evidently has the temerity to aspire to the position of Minister of Education himself. Surely "whom the gods wish to destroy they first make mad."

THERE is one difficulty in connection with the "French Schools" question for which we can see no solution, and that is the procuring of suitable teachers. Granted that the situation is as serious as represented by the Mail, and supposing the French people are willing to have the English language taught as in the English schools, where are the teachers to come from? They ought to speak both languages fluently. Public school teachers are miserably underpaid as a class, and a young man who is capable of speaking both languages, as he ought to be able to do under existing conditions in those schools would be a fool to teach for such salaries as teachers in rural sections receive. We doubt if Mr. Hughes, the would-be Minister of Education, himself would be a success in such a school, and he used to be considered not a bad teacher either.

To Save Life

Frequently requires prompt action. An hour's delay waiting for the doctor may be attended with serious consequences, especially in cases of Croup, Pneumonia, and other throat and lung troubles. Hence no family should be without a bottle of Ayer's Cherry Pectoral, which has proved itself in thousands of cases, the best Emergency Medicine ever discovered. It gives prompt relief and prepares the way for a thorough cure, which is certain to be effected by its continued use.

S. H. Latimer, M. D., Mt. Vernon, Ga., says: "I have found Ayer's Cherry Pectoral a perfect cure for Croup in all cases. I have known the worst cases relieved in a very short time by its use; and I advise all families to use it in sudden emergencies, for coughs, croup, &c."

A. J. Eidson, M. D., Middletown, Tenn., says: "I have used Ayer's Cherry Pectoral with the best effect in my practice. This wonderful preparation once saved my life. I had a constant cough, night sweats, was greatly reduced in flesh, and given up by my physician. One bottle and a half of the Pectoral cured me."

"I cannot say enough in praise of Ayer's Cherry Pectoral," writes E. Bradson, of Palestine, Texas, "believing as I do that, but for its use, I should long since have died."

Ayer's Cherry Pectoral,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Druggists. Price \$1; six bottles, \$3.

There is danger in neglecting a cold. Many who have died of consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physician. Had they used Bickle's Anti-Consumptive Syrup, before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds and all afflictions of the throat and lungs.

Coates, Cashier of the City Club, Buffalo, who has been missing for several days.
