My thanks are due to someone for a small bouquet of flowers, but as the predominating color was yellow, I hope nothing of a personal nature was intended.

Mr. and Mrs. W. H. Ferguson and Miss Ferguson, spent a few days this week visiting friends in Toronto, Hamilton and Grimsby Park. We hope they had a pleasant trip.

The Rev. Mr. McKay who has been spending a few weeks at Prince Edward Island returned home last week. We are glad to see him back again looking much improved by his dips in the salt water.

### LINCOLNVILLE.

One day last week Mr. Joseph Brown was taken down with a stroke. People hope he will soon recover.

Mr. John McNeil, the local thresher, is doing a rushing business. Anybody desiring a good job should secure the service of John.

QUEER QUERIES.—Was the young man frightened when he heard the hideous noise on the side-road the other night? Has the grey mare got home yet? (Great sell).

The wide awake and energetic H. Oliver who is representing the firm of Sylvester & Co. has sold three new self-binding reapers on the 10th line inside of two weeks, all running to perfection and satisfaction of the owners. Who can beat that?

GANG PLOW CONTEST.—Last Thursday morning Mr. S. Ottowell, agent for the Uxbridge plow and Mr. O. Forsyth, of A. Floury & Sons, Stouffville, tested their plows in the field of Mr. R. Clarkson. Both gang plows doing such excellent work, the judges could not decide which one should take the medal.

### JUNIORS.

ALTONA.

The steam thresher will have plenty to do this season.

The daily routine of school life commenced afresh on Monday in our Public School.

Mr. Edwin Cliff has about one ton and a half of honey to console him for the number of times he has been stung by his little toilers.

Mr. Geo has improved the appearance of a number of buildings in this neighborhood. It pays to keep wood-work well painted, where it is exposed to the weather.

Our school house was overhauled and repaired during the holidays. The painter, the mason and the carpenter, each contributed his share to the general improvement.

The infant son of Mr. Lincoln Cliff is the only grandson of Mr. Edwin Cliff bearing the family name. Mr. Cliff has eleven grand-children but only two of the number are boys.

Mrs. R. P. Hopper left Monday afternoon along with a number of friends from other points, for the Grimsby camp grounds.

There is some talk of a croquet match next week with Goodwood. The village club defeated everything that faced them last year. Uxbridge club is working up courage and may try our team a brush before the snow flies.

An excellent piece of road work is being done between the village and the C. P. R. station. From the centre of the road bed to the bottom of the ditch would be a pretty steep drop for an upset, but the road will wear and will sink quite a bit.

Mr. W. Graham was expected in Montreal Saturday, and Messrs. Robt. Graham and Dr. Brodie left that day to meet him and his importation of stock. The whole party and the horses probably arrived at Claremont on Wednesday. Some exceedingly fine animals are said to be among those purchased, and handsome prices are paid for them.

Mr. Fred Tracy, who was formerly on the staff of the Pickering College, has been offered a Fellowship of the Toronto University, and has accepted. He will commence duties October 1st, lecturing on Mental and Moral Philosophy. Our school house fence has been neatly repaired and not before it needed it, and a coat of paint on the front of the school house would spoil the contrast between the new boards and the old ones.

## HOSPITAL REMEDIES.

What are they? The growth of intelligence in medical matters has given rise to a demand for a class of genuine, reliable medicine. The opportunity of the ignorant quack, who grew rich curing everything out of a single bottle has passed. To supply satisfactorily this demand this list of remedies has been created. They are the favorite prescriptions of the most famous medical practitioners of the day, gathered from the hospitals of London, Paris, Berlin and Vienna. Prescriptions which cost the patients of these specialists from \$25 to \$100 are here offered prepared and ready for use at the nominal price of one dollar each. Not one of them is a cure all; each one has only the reasonable power of curing a single disease, and each one keeps its contract. Sufferers from Catarrh, Diseased Lungs, Bronchitis, Asthma, Consumption, Rheumatism, Dyspepsia, Liver and Kidney Complaints, Fever and Ague, Neuralgia, Female Weakness, Lencorhea or Nervous Debility, should send stamp for descriptive catalogue to Hospital Remedy Co., 303 1/2 West King St., Toronto, Canada. If your druggist does not keep these remedies remit price and we will send direct.

Rev. S. Prosser, of Drayton, preached in the Christian church Sunday morning to a large audience. He has also erected a "Tabernacle Tent" in the beautiful grove at Church Hill, where three services each day will be held, commencing on Wednesday and continuing over Sunday.—Rex.

A pair of gloves (mates) was left at the post office. The owner may have them by proving property, etc.

W. Stark and the Jones' boys have left for their work, which causes a slight smell of loneliness this week.

Business has taken a sudden boom in our town, Mr. Evans is enlarging his shop, and Mrs. N. E. Patterson has invested in a lot.

We do not see why Stouffville should be so jealous and kill an industry in its infancy, our glove factory has closed down as they took away all our samples.

We should think our young men would take to farming instead of wanting to leave it, as the most of our farmers have their barns full and are waiting to be threshed out, and the majority can fill them the second time.

Our school opened on Monday with an attendance of 46, while the registered number for the summer is 80, which goes to show that rural schools need longer holidays than the villages on account of harvest and other extra work which keeps the children employed at home.

### VIX.

Read the Big Adv. on the last page. It's all true. Spofford means to do a big trade this fall and says he wants to give everybody a chance to get his Bargains. So those who can't get in the store on Thursdays can come on Mondays or Saturdays and get the same Bargains.

Free and easy expectoration immediately relieves and frees the throat and lungs from viscid phlegm, and a medicine that promotes this is the best medicine to use for coughs, colds, inflammation of the lungs and all affections of the throat and chest. This is precisely what Bickle's Anti-Consumptive Syrup is a specific for, and wherever used it has given unbounded satisfaction. Children like it because it is pleasant, adults like it because it relieves and cures the disease.

### THE FESTIVE WATERMELON.

The luscious Watermelon's come,

So plump and fair and nice

That all the city, old and young,

Are sure to eat a slice.

It is the fruit for rich and poor,

The best that man can find.

Start at the center's rich red

And eat clear to the rind,

But if with you should roar

Then a physician find.
