Mr. Charlwood, of Stouffville, passed through town on Sunday.

Mr. Boyles has disposed of 50 acres of his property to Mr. A. Beltz.

GOODWOOD.
Mr. J. W. McCullough, Barrister, of Toronto, spent last Sunday in town.

We are pleased to know that Mr. Jno. S. Shaver is recovering from his recent illness.

Mr. Whealen, of Wyckoff College, Toronto, paid us a flying visit last week, being on his way north to Muskoka, where he intends preaching.

The Methodist church intend having a grand dinner on Thanksgiving Day, the 7th of Nov. Proceeds to be applied to reduce the parsonage indebtedness.

On Thursday and Friday of last week, the Uxbridge Township Agricultural Society held its annual fair and was a splendid success both in regard to the weather as well as from a financial standpoint.

The directors are to be congratulated on the result of the fair, which exceeded their utmost speculations and they will, no doubt, be able to wipe out the debt which was carried over from last year, owing to the unfavorable weather.

The social which was held at the Methodist parsonage on the evening of Friday was a great success in every respect. Too much praise cannot be given to Miss Maggie Todd, Miss Mary Stafford, Mrs. S. Johnson and the minister's wife for the beautiful manner in which they had the tables arranged, as well as the bountiful supply of good things found thereon, the four having undertaken to give this as a fifteen cent social in aid of the funds of the new parsonage. A little after six o'clock the kind friends began to drop in and continued to come till half past eight. After tea games were provided for the young; music, singing, etc., for all. Altogether a very pleasant evening was spent. Such gatherings are a benefit in bringing friends and neighbors closer together and in increasing the funds in the treasury. Proceeds, \$18.10. It is the intention of the committee to have several of these socials during the winter months. — JOURNAL.

HORSEMEN

will study their own interests by kindly taking note of the following—
To Mr. Asa A. Brown, Toronto, Ont.
Sir—Although you may have numerous testimonials in favor of your MAGIC LINIMENT for horses, yet I would like to state for the benefit of others that it has removed completely a Bog-Spavin off a horse of mine without even starting the hair. When diluted according to directions I can also recommend it as a very useful remedy for Sore Shoulders.
Yours respectfully,
W. J. TURNER, Green River.

To Mr. Asa A. Brown, Toronto, Ont.
Sir—I hereby certify that I have used your MAGIC LINIMENT for horses, and have found it to prove very effectual in the cure of Sore Shoulders. Having cured several very bad cases while the horses were subject to the hardest kind of work—being used in lumbering—I can recommend it to others who have horses that are in constant use as an excellent remedy—being far superior to any preparation that I have ever used.
Yours respectfully,
JNO. VANNOSTRAND,

To assist Nature most effectually in her efforts to throw off or resist serious disease, it is essential that an impulse should be given to functions, which growing ill health suspends or weakens, namely, the action of the bowels, bilious secretion, and digestion. Often-times, though this is impracticable by the use of ordinary remedies, it proves an easy task when Northrop's Lyman's Vegetable Discovery and Dyspeptic Cure is resorted to.
