LOCAL ITEMS

MONEY TO LOAN at 5 1/2 per cent. No Commission. Fred W. Hill, Barristers Stouffville.

WON—Mr. Jess Davis is the fortunate winner of the Indian pony which was disposed of by raffle at Sutton the other day.

\$500.000 TO LOAN—At lowest rates of interest, by Taylor & Sangster, Barristers Daley's Block, Stouffville.

HORSE THIEVES—Word was received by Constable Dougall on Thursday that a horse had been stolen from a man in East Gwillimbury. Constable Reynolds discovered the rig as described in Altona but the thieves are yet at large.

SKATING—Several of the young and rising generation have had lots of fun on the flats which have been flooded and then frozen over lately. One young man so forgot himself in the pleasure of putting on a young lady's skates as to forget a business appointment.

CHARITY—One more word about Prof. Madden of Mystery fame. He is a dead heart of the worst description and we hope our cotems all over the country will give him a warm reception. Those who chipped up his line the other day may be pleased to know that he thinks Stouffville has quite a number of soft ones who could be worked for eight dollars by a few tears.

FUNERAL—The burial of the remains of the late Mrs. Alex. Hunter took place on Sunday last from the residence of her son-in-law, Mr. A. G. Brown to Cashelbury, ground. On this occasion services were held at the Christian Church, Ringwood. Despite the very disagreeable weather quite a large number of friends and relatives paid their last tribute of respect to the departed. The services were conducted by Rev. W. Percy.

For cheap holiday presents go to Monro's store. Selling off all great reduced prices. Albums, Bibles, Games, Dolls, Toys, and Christmas Cards in great variety.

RE-ELECT—As announced last week Mr. H. D. Daley is in the field for the headship of next year's council. No other candidates were mentioned as his opponent except the Rev. W. Percy (probably knowing nothing about it) and it is probable that his election will be by acclamation. Any comments would be out of place as Mr. Daley has been well and favorably known in Stouffville for many years. The four councillors are as valuable as dark horses.

We sincerely thank our numerous customers who have during the past few weeks called in, and in addition to their purchases paid their little bills. We can stand some more of the same sort of thing without getting the least bit mad or weary. D. Stouffer & Co.

SPORFORD'S CONCERN—To night we will probably see Daley's Hall crowded to its utmost capacity by the many patrons of this Spoford's concern. Whatever may be thought or said on the matter he has shown a uncommon amount of enterprise in adopting this novel and expensive method of advertising and doubtless will be well repaid.

Among the array of talent Mrs. W. E. James is known to a Stouffville audience and is sure of a rising reception. The others will doubtless be well established in favor before the concert is over.

D. Stouffer & Co. have an immense stock of the very best felt boots, mackinaw sox and rubbers, overshoes in great variety. Heavy and fine custom and homemade boots and shoes in all styles, sizes and prices.

HOLIDAYS—The holiday season is at hand and every imaginable preparation being made for festivities physical and mental. That is to say it is currently reported that geese and turkeys are being prepared for the sacrifice to men's appetites, although as far as the writer is concerned being

a bachelor, he knows nothing of culinary matters, but the mental or intellectual sport will doubtless be prodigious if the number and frequency of School entertainments is any guarantee. The regular denominational affairs will be held as usual of which full particulars may be expected later. The youngsters too, are looking for Santa Claus in a more or less tangible shape and from the announcements in these advertising columns there need be no lack of presents. All the editor is looking for is some dollars due him and a number of new subscribers. Don't let your neighbor borrow your Tribune. Send him to see us.

BIBLE SOCIETY—The annual meeting of the branch Bible Society was held on Wednesday evening in the Baptist church. A preliminary union prayer meeting was at seven o'clock at which a large number attended. The Bible Society meeting was organized by the election of Rev. J. Barker to the chair, Rev. Messrs. J. Unsworth and Geo. Brown spoke on the Bible and foreign work. A few remarks were added by other gentlemen and music was furnished by the church Choir and Cornet Band. The meeting was quite a success. It might be no harm to add that the parade of the regiment of the Band was not a success. It was perhaps a little fun for the boys but it was agonizing to those compelled to listen and gives no additional ground on which those of us who know we have a good band, to praise it to those who have not heard it. By all means let us have the Bands on the street as often as possible, but a very little tooting goes a long way.

Editor of the TRIBUNE
There is quite a change going on with regard to front fences on our village streets generally for the better. I am sorry to see the number of barbed wire fences is increasing. I think our Inspector should notify anyone erecting a fence of this kind that it is contrary to laws to put barbed wires near a sidewalk and that they are personally responsible for any accident that may occur in consequence of their dangerous character.

If a person was severely hurt by one of these fences and the owner was mulcted in four or five hundred dollars damages, it would make them scarce.

There are cases of consumption so far advanced that Bickel's Anti-Consumptive Syrup will not cure, but hope so bad that it will not give relief. For coughs, colds and all affections of the throat, lungs and chest, this specific has never been known to fail. It promotes a free and easy expectoration, thereby removing the phlegm and gives the diseased parts a chance to heal.

EAST END ECHOES

Miss B. Forsyth, of Uxbridge, has been visiting Miss E. Williams. The boys had another chance to blow off surplus steam the other night when they heard that a young pair had been so rash as to get married.

A Merry Christmas shooting match will take place at the East End of Stouffville, on Tuesday, December 17, 1889, where there will be about 50 head of first class Turkeys and Geese to be shot for. Some men and boys bring along your fire arms and see which can get the most Christmas dinner wadding. Rifle range, 100 yards, shot gun to use No. 6 shot, 35 yards. Also special class for boys under 15 years old with rifle or shot gun. The affair is under the management of C. Armstrong.

A meeting of some of the village Clevymen and laymen was held in Beaver Hall the other night to consider the best means of aiding the very well known case of Harry Highfield, who has suffered a great deal financially and otherwise from the loss of his eyesight which has only partially been restored. It was decided that a subscription list be started for the purpose of setting him up as a peddler. A canvas will be made on Monday next when it is expected that every one will be prepared to lend a hand towards this most worthy object.

MOCK PARLIAMENT
The interest in the meetings of this august body of legislators is daily growing and large additions are being made every week. The meeting held last night was the most interesting held up to date, but full particulars will be given next week. There is room for a large number of members. Below will be found a list of M.P.'s and their constituencies. Seats will be allotted new members as soon as they join.
