A tendency to premature baldness may be promptly checked by the use of Ayer's Hair Vigor. Don't delay till the scalp is bare and the hair roots destroyed. It will realize the best results, by its use with this invaluable preparation. Evangelist A. W. Meinhart who was announced last week as being expected at the Congregational church, has been unavoidably delayed by sickness. He coming however may, shortly, be expected. The ordination and induction of Rev. J. C. Wilson will take place in St. James church here on Tuesday next. The previous meeting 10:30 a. m. in the church. Ordination at 2:30 p. m. Rev. J. A. No family living in a bilious country should be without Parmelee's Vegetable Pills. A few pills taken now and then will keep the Liver active, cleanse the stomach and bowels from all bilious matter and prevent Acne, Eruptions, Pimples, Shoals, Martin Co. and writes: "I have tried a box of Parmelee's Pills and find them the best medicine for Fever and Acne I have ever used." The Butterfly Hand Separator seems to be taking the lead with good butter makers. It makes money for the farmer. Solomon Burkholder, of Pickering, reports 10 lbs more butter per week from eight cows, and a far better quality. Silvester & Dougherty are agents for the Butterfly. PRIVATE SCHOOL—Miss Brown wishes to announce to the public that she intends opening a private school where she will be pleased to receive for instruction children from 5 to 8 years of age. There is danger in neglecting a cold. Many who died in consumption dated their troubles from exposure, followed by a cold which settled on their lungs and in a short time they were beyond the skill of the best physician. Had they used Bickel's Anti-Consumptive Syrup before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds and all affections of the throat and lungs. THE DEBATE in the Methodist Church on Friday evening will not be one which is interesting, but the best which is saying a good deal. Subscribers to the choir in the more desirable country in which to live than the United States. Affirmative: Messrs Geo. Flint and Jas. Hand; Negative: J. McCullough, L. L. B. and W. Sangster. M. B. Chairman. Jas. Dougherty, Ed. Jones, W. B. Satter, Dr. Rowan, J. W. Brown and N. E. Perkins. Patriotic Music for the choir. Tickets 20 cents. There is sure to be a crowded house. Single course tickets to 80c and can be had at Silvester & Dougherty's store. Single tickets for each event 20c and can be had at the church door. The choir will have taken a much pleasure in hearing Miss Delia Ziegler sing several standard selections. Her voice is as soprano of good compass, and very excellent quality, which she has under admirable control. Miss Ziegler sings with much expression and breadth of style generally. Her enunciation is clear and distinct, and her intonation unusually correct. She is admirably equipped as a church or concert soloist in either of which capacities she should prove very successful. COMMUNICATION

The following memo has found its way into our hands from the Pork Packing Co. of Stouffville.

Each day notes an improvement in the situation. Meetings are well attended.

Leading farmers are subscribing to the stock and are advocating the matter in their districts. A number of stock subscription books are out at different localities and wide awake people are canvassing farmers in the several districts.

It is now only a question of time when the farmers will see as large and well equipped Pork Packing Establishment in Stouffville as can be seen in any part of Canada and at the same time know it is their own factory in every sense of the word. It will be the best paying institution they ever had anything to do with. Meetings are advertised for every evening for the next three weeks at different points. Under the present system of selling their hogs, the farmer is only getting market price for his hogs, under the new system, their own Pork Packing Company gets all the profits that are in the hog, which are numerous before they reach the consumer.

It would not be amiss to advise every farmer to attend the meetings in their locality and get a good idea of what this undertaking means for himself.

A. W. STEVENS, OSWEGO

Dear Mr. Bruns—

We understand that your report being industriously circulated that we intend to invest money in the Pork Packing enterprise which is being discussed in this neighborhood. We have been informed that the sum of money which it is stated we intend to invest in the foregoing business varies from an amount which it is ridiculous to mention, and that this imaginary promise of ours has been used as an encouragement to others to invest money in the same business. Now we wish to state that we have never given any promise of any support to the Pork Packing Co. We do not know whether we would be inclined to favor the proposition or not, as we have not had an opportunity of hearing the proposed scheme explained. If it is or it may not be feasible we know nothing either for or against it.

We are yours &c.
Pruce Bros.
