LOCAL ITEMS.

Mr. A. Bradshaw, of Uxbridge, spent Sunday in town.

Miss Jennie Stouffer, of Port Perry was home over Sunday.

Rev. Mr. Alkenhead has moved into the new parsonage on Church street this week.

Mrs. Joseph Hunter, of Toronto, visited for a few days last week with friends in town.

Mr. Harold Patton, bookkeeper at the Brass & Steel Works, left on Monday for St. Louis, where he has secured a situation.

The remains of the late Mrs. (Dr.) A. Sangster were removed from Bloomington to Stouffville cemetery on Friday last.

Mr. Hiram Yako, of Onawa, Mich., left this locality about 46 years ago, is visiting his sister, Mrs. Jones, of Altona, and other friends.

This seems to be moving week in town and one has been waiting for another to make room for them. Mr. J. C. Cook has moved into the old Methodist parsonage, Mrs. McQuirk into the premises vacated by Mr. Cook and Mr. John Davis into that vacated by Mrs. McQuirk.

Mr. W. H. Nesbitt, of Palouse, Washington State, is visiting at the old home, Ballantrae. It is over 20 years since he left the parental roof and his reports having made good success in the adopted country. He exhibited samples of wheat grown on his own large farm which would take no second place in the markets of the world, and sold 2,600 bushels of it this season. They are pleased to have a visit from any of the old citizens of the neighborhood, and also, like to see them prosperous wherever located.

Mr. James Green, who works for Mr. Walter Hayward, of Mount Albert, had rather an exciting experience on Monday of last week. He was coming from Zephyr with a wagon load of wood and while going down Island's h. i. some part of the harness gave way and allowed the wagon to bump against the horse's heels. The frightened animal dashed down the road at full speed scattering the wood in all directions. Mr. Green was dragged over the front of the wagon and thrown on the tongue but managed to preserve his balance and finally succeeded in turning the horses into a fence corner when opposite the cemetery. He received a few bruises and was badly shaken up but fortunately escaped serious injury.

THE FARMER'S ADVOCATE EVERY WEEK.

From 1866 to 1893 the Farmer's Advocate and Home Magazine was published monthly, establishing itself as the only national agricultural paper in the country. Since January, 1st, 1893, nearly eleven years ago, it has been issued semi-monthly. Still in the lead, keeping abreast of the times, and awake to the growing demands of its readers, the publishers now announce that, beginning with the 1st of January, 1904, the Farmer's Advocate will be issued every week. The splendid record of the past thirty-eight years affords sufficient assurance of the increased practical service which its readers may expect. We congratulate the publishers upon its enterprise, and readers to send at once for a sample copy to the publishers.

Mr. N. E. Smith has rented from Mr. L. B. Hoover his implement warehouse at the bridge.

Mr. Downey, Principal of Port Perry school, spent Sunday with friends in town.

About 5:30 on Tuesday evening an accident occurred on the division of the G. T. R., about four miles north of Escarvont. Fireman Mount was killed and brakeman Greenbury, of this town, and the engineer slightly injured. The cause of the accident is supposed to have been a defective coupling. The engine and seven cars of coal were totally wrecked. Auxiliary trains were immediately sent from Altona and Lindsay.

It having come to the knowledge of the authorities here that Wm. Arnold was wanted for appropriating money belonging to Mr. O. Forsyth, was employed by Mr. Jones, hardware merchant of Uxbridge, Mr. Jones, O'Brien was sent to bring him back for trial and arrived home with his man on Friday evening last. The case came up before Mr. W. R. Sanders, J. P., on Saturday morning and the prisoner committed to Toronto jail to await his trial. Mr. O'Brien lodging him in Justice Vanant on Saturday afternoon.

The case came up yesterday before Judge Winchester and the prisoner pleaded guilty and was sentenced to nine months imprisonment. Deputy Minister of Education, Miller, has received a letter from a teacher of Hope Bay, Bruce County, saying that one of the school boards there, in their anxiety to obtain a teacher, had engaged to six teachers at the same time to come on at once to fill the position. When the writer arrived he found the situation was filled by another. He is minus \$14.75 for railway fare, and the School Board refused to refund the money, saying that they did not expect more than one to come. The only redress lies in a civil action, though under the regulations a teacher who refuses to go to a school after accepting the position is liable to have his certificate cancelled.

RARE OFFER.

A radical change from old methods and prices was announced by the Toronto News this week. The eyes of the newspaper world have been upon the News for the past few months, during which time several departures have been made which have given that paper a wide-spread reputation for enterprise and originality. This latest move is to place the News at the price of \$1.00 a year by mail. Only a deep-founded belief in the future success of the News could lead the publishers to make such a reduction in price. But just as the dollar magazine has taken hold of the people, so we venture to predict, the News will secure a vast and ever-increasing circulation, based not only on the popular price at which it is sold, but mainly upon the intrinsic merits of the paper itself.

We have made arrangements which will enable us to club the News with our own paper at \$1.80 a year, strictly in advance. Such a combination presents many unique features, our weekly giving you all the home and district news, and the big 12-page daily keeping you in touch with events all over the world. Send us your subscription to the News, or if you would like to see the paper first, write us and we will secure a sample copy.

FOR SALE

A First-class feeder, parlor, cook in perfect order, will sell at a bargain. H. REYNOLDS, East End.

Non est Inventus.—The Fire Brigade held its last meeting on Monday evening, having handed in their "obituary" at the last regular meeting of that body. Most of the retiring members of the Brigade have been in connection with it for the past three years, and fulfilled their duties cheerfully and promptly. During the past three years they received from the people of town in subscriptions and prizes about \$170, and gave back to the corporation about \$220, by way of red helmets, rubber suits, etc., the moneys for the purchase of which they obtained from the proceeds of concerts, sports and subscriptions. We regret to see the "boys" disbanded, but it appears that their decision is final. We must say that it is not an enviable position to be required to go to fire and run the risk of injury from falling debris and sometimes getting an ice-cold bath on a rigorous winter day, but so mote it be.

David B. Kelly, a mail clerk on this division of the G. T. R., was committed for trial in the Toronto Police Court on Tuesday on two charges of stealing money from his Majesty's mails. Mr. James Henderson, post office inspector, who laid the charges, swore that he had forwarded two money orders to the postmaster at Midland to be posted there, Kelly's run being from Midland to Toronto, and that the letters and money had subsequently disappeared. One letter was addressed to Mrs. Sarah Jones, Don't-out-office, and contained four one-dollar bills, and one was addressed to Mr. Walter Simpson, London, Ont., containing two one-dollar bills. Mr. Henderson was notified by telegraph that the letters had been posted, and accompanied by Detective Cuddy, he went to the station, and met Kelly at the end of his run. Walter L. Cuddy, postmaster at Midland, swore that he received the letters, posted them, and telegraphed Mr. Henderson.—Robert C. McRobert, who was on the run with Kelly, swore that he saw the two letters in the car before he left Midland. The letter addressed to Walter Simpson disappeared before Victoria Harbor was reached, and the one addressed to Mr. Jones disappeared after the train left Coldwater.—Detective Cuddy told how he arrested Kelly, and, upon searching him, found the six one-dollar bills, which were marked before being put in the letters. Kelly was not granted bail.

Complaints are being made that butter is making its appearance on the market. This simply means a reduced price for that article and there will be no profit to those using such food.

We were pleased to receive this week a copy of "The Circuit Rider," a monthly publication in the interests of the Newtonbrook and Willowdale circuit, edited by Rev. A. P. Braae, D. D. Mr. Braae is determined to keep abreast of the times, and we wish him abundant success in his new department.

The Sovereign Bank has declared another quarterly dividend at the rate of five per cent. per annum for the quarter ending Oct. 31st, and it is quite interesting to the stockholders to know that a much larger dividend could have been paid, but the management preferred to add to the reserve fund, in accordance with the safe and cautious methods, followed by the General Manager and Directors from the first. The bank has now assets of over seven million dollars, a truly remarkable record. The Stouffville Branch is flourishing and will in a day or two occupy their new premises.

On Saturday evening, hallowe'en, a large crowd of young men assembled on our streets to celebrate the occasion. Fearing damage to property, our Council took the precaution to appoint a few special constables to look after the interests of the town. However, owing to the longitude of the burg and that no man can be in two places at once and the same time the boys managed to remove a few gutter, goggles and other articles, and also sing a few popular airs while going their rounds. This part of the program was not so very objectionable but we think the using of a shining black paint to adorn the windows of the shops was going a little too far, and we fancy a good many of the boys think so too. It might look like fun to put it on, but there was no fun in removing it. Boys, always remember the "golden rule" and on hallowe'en, if you are determined to celebrate it never go beyond the limit of harmless amusement.

THE SOVEREIGN BANK IN CLAREMONT.—The large combination safe for which the Sovereign Bank has been waiting for some time arrived in Claremont at last and on Wednesday of this week a Branch of the Bank was opened in neat premises just north of the corporation & Farmer's place of business. The Branch will be under the control of Mr. W. J. Stark, and we learn from him that a large business was done on the opening day, and the prospects are good for a paying business from the start. The opening of this Branch is in accordance with the principle adopted by the General Manager of locating in a good section of country and then gradually covering the territory on all sides, and the plan has proved singularly successful in this part of the Province. We have no doubt the Claremont Branch will prove equally as good as the other branches in this neighborhood.
