Production and Thrift

"CANADA from her abundance can help supply the Empire's needs, and this must be a comforting thought for those upon whom the heavy burden of directing the Empire's affairs has been laid. Gain or no gain the course before the farmers of Canada is as clear as it was last year—they must produce abundantly in order to meet the demands that may be made, and I believe this to be especially true in regard to live stock, the world's supply of which must be particularly affected in this vast struggle. Stress and strain may yet be in store for us all before this tragic conflict is over, but not one of us doubts the issue, and Canadians will do their duty in the highest sense of that great word."—LION MARTIN BURRELL, Minister of Agriculture.

"MODERN war is made by resources, by money, by foodstuffs, as well as by men and by munitions. While war is our first business, it is the imperative duty of every man in Canada to produce all that he can, to work doubly hard while our soldiers are in the trenches, in order that the resources of the country may not only be conserved, but increased, for the great struggle that lies before us. 'Work and Save' is a good motto for War-time."—SIR THOMAS WHITE, Minister of Finance.

THE CALL OF EMPIRE COMES AGAIN IN 1916

TO CANADIAN FARMERS, DAIRYMEN, FRUIT GROWERS, GARDENERS

WHAT IS NEEDED? THESE IN PARTICULAR—

WHEAT, OATS, HAY,
BEEF, PORK, BACON,
CHEESE, EGGS, BUTTER, POULTRY.

CANNED FRUITS, FRUIT JAMS,
SUGAR, HONEY, WOOL, FLAX FIBRE,
BEANS, PEAS, DRIED VEGETABLES

We must feed ourselves, feed our soldiers, and help feed the Allies. The need is greater in 1916 than it was in 1915. The difficulties are greater, the task is heavier, the need is more urgent, the call to patriotism is louder—therefore be thrifty and produce to the limit.

"THE AGRICULTURAL WAR BOOK FOR 1916" is now in the press. To be had from The Publications Branch, Department of Agriculture, Ottawa.

able of the day.

PLANT A VEGETABLE GARDEN THIS SPRING

A garden sixty by one hundred feet should produce sufficient vegetables for a family of ten persons, and leave some surplus for storage for winter. Cultivated by hand, it will occupy most of the spare time of a city or town dweller. A man cannot be a motor car or baseball enthusiast and at the same time make a success of a garden of this size. However, even smaller plots, if intelligently handled may be made to yield an astonishing quantity of good crisp vegetables, which have not lost their health-preserving value in the store window. Where the space available is small, crops should be selected that take but little space and give quick returns. Potatoes, cabbage, corn, egg-plant, peppers had better be dispensed with, and the space devoted to such things as peas, beans, spinach, lettuce, carrots, beets, tom-

atoes and onions.
The cultivation of vegetables is easy and agreeable, and in the days when meat, eggs, milk and other staple articles are tending steadily to increase in price, a wider use of vegetable foods will reduce living expenses and promote health.
The best time to do garden work is early in the morning and in the evening, so that it is well to encourage the healthful habit of early retiring and early rising. If the work is done for the love of it, rather than from necessity these hours will be the most agreeable of the day.

SLAB WOOD — Place your order now for slab wood. Expect a car in a week. D. M. Heise.

BLOOMINGTON.

Miss Vera Barnes of Toronto is spending the holidays at her home here.
Mr. Watson Fairles of the 56th Battery of the O. A. C. Guelph spent Sunday at home.
Mr. Geddis of Toronto was a visitor at Mr. Kennedy's on Monday.

A meeting of the Women's Patriotic League was held at Mrs. Patterson's on Monday afternoon. A great interest is taken in the work and a considerable amount has been done for the Red Cross work.
Miss Whitson spent Saturday in Markham.
