Boy Scouts
The Boy Scouts from Camp
Connaught, West End, Stouffville
visited with the Baptist Sunday
School Picnic at Diamond Park
last Friday afternoon. The ball
game was started at 4 o'clock by
two teams of seven each taken
from the School and the Scouts,
against a team of Scouts only.
Scout Earl Beebe of Toronto was
Referee and the Scoutmaster acted
as scorer. After a spirited
game the all Scout team won by
a score of 15-4. The winners
generously divided the prize, a
large watermelon, among all who
took part in the game. Preparations
for supper was the next in
order, and here the Boy Scouts
gave a helping hand where need-
ed and then partook of the good
things provided by the teachers
for the scholars and their friends.
A squad of Scouts were detailed
to wait on the tables set for the
adult friends and another squad
arranged for the Egg hunt, and
laid out the track for the races.
These all passed off with a great
deal of fun and vigour. Two Sco-
uts acted as starters, two as
judges, while the rest lined the
track to keep the crowd back.
The last two races were for Sco-
uts only, and over a fifty yard
course. Scouts Eric Nighswander
and Jack Monkhouse, Hugh Mc-
Donald and Earl Beebe carried
first and second, in each race re-
spectively. Ice cream and distri-
bution of prizes brought a pleas-
ant occasion to a most happy
forgotten, and some Scouts acted
as bearers of kind remembran-
ces. Sick scholars were not
seen from their more fortunate
fellows. The Boy Scouts desire
to thank the Officers and teach-
ers of the Baptist S. S., and also
of the Presbyterian and Metho-
dist Sunday Schools for three pleas-
ant outings.
The camp on Sunday evening
was the scene of a most unusual

event in our village. The Scout-
master conducted a Camp Fire
Song Service which was much en-
joyed by a large audience seated
on seats improvised by the Sco-
uts, on the bedding from the
tents. Well known hymns were
sung, prayer by Rev. J. D. Mac-
Gregor, an address by Rev. A. M.
Hainer on "Unselfishness, Streng-
th, and Honour" as three char-
acteristics included in the Scout
Law, a duet by Mr. and Mrs.
Scott and the assistance rendered
by Miss Garbutt as Organist.
All combined to make the occa-
sion a helpful and enjoyable one.
The service will be repeated next
Sunday at 8:30 P. M. All come.
The Boy Scouts are arranging
for a Camp Fire Social next Sat-
urday evening, July 29th at 8:30.
Scout Earl Beebe, Gold medalist
in Elocution, will render several
selections, and other friends will
assist musically. Ice cream etc.
will be on sale. The Scouts will
do some stunts, and finally will
take up a collection for camp and
other expenses. Will you be there?
Ladies, can you beat the Boy
Scouts at housekeeping? The
camp storekeeper reports that
for the six days of last week 163
meals were served at a cost of one
cent a meal per boy scout!
He wishes to say this was only
possible because of the liberal
supplies sent in by the mothers
and friends. Keep up the good
work for this week and next.
The Boy Scouts are busy this
week on Tenderfoot and second
Class test work. Knot tying,
running cooking, flag signals, etc
are among the orders of the day.

Though munitions of War are
being turned out in hundreds of
Canadian factories few of the
men know anything of the system
employed, the process being one
of the most closely guarded sec-
rets. The veil will be lifted when
the Canadian National Exhibi-
tion opens on August 26. Permis-
sion has been obtained from the
War Office, through the Canadian
Government, to show the process
es of manufacture and several
machines, operated by skilled
workmen, will be engaged for the
two weeks turning out shells and
projectiles for delivery to the
Huns through the gun muzzles of
the Allies.
It is estimated that two hun-
dred thousand people from the Un-
ited States annually visit the
Canadian National Exhibition.
Over one thousand persons will
take part daily in the perform-
ance in front of the Grand Stand,
at the Canadian National Exhibi-
tion.

SHAFER METHOD OF RES-
TORING BREATHING IN
APPARENTLY DROWNED
In the event of apparent drown-
ing don't lose a moment in res-
cuing the body from the water, and
always try to restore life. Ten
minutes under water is usually
given as the limit, yet people
have been resuscitated after one-
half hour or more.
Clear the mouth of any obstruc-
tion with a corner of a handker-
chief wound around the finger.
Lay the body face downward
and by slightly elevating the
lower portion of the body, expel
as much liquid as possible from
the stomach and air passages.
The patient should be in the
following position: Face down-
ward, head inclined to one side,
so that the nostrils and mouth
are exposed, allowing the tongue
to fall forward toward the front
teeth, so as not to obstruct the
air passage.
Kneel at one side of the pa-
tient opposite his hips, facing for-
ward toward his head.
Place the palms of the hands
on the patient's lower ribs, with
thumbs nearly touching in the
centre of the back, the fingers ex-
tended well over the sides of ribs.
Lean well over the patient,
throwing your weight on the body
pressing abdomen to the ground,
thus expelling the air from out
the chest.
Draw the body back sharply,
removing the pressure from the
ribs, but do not remove the
hands from the ribs, as the air
will be drawn into the lungs.
Keep up these two movements
alternately, by a steady swaying
of your body, timing the act by
your own breathing, which should
be about fifteen times to the min-
ute.
Heat should be applied to the
body as early as possible in the

A case of much interest to the
property owners of Ontario was
recently decided at Omemee, Ont.,
relating to the rights of property
owners in the trees on the high-
way adjoining their premises.
The tree in question was in front
of the residence of Mrs. Edward,
mother of Mr. James Edward,
divisional freight agent of the G.
T. R. at Ottawa. A neighbor
complained in the town council
that the tree had grown so large
as to injure the draught of his
chimney. The council, without in-
vestigation, ordered one of its
employees to trim the tree. Mrs.
Edward sued the municipality
for damages. The case was heard
by Judge McMillan, who awarded
the plaintiff fifteen dollars and
costs, by the terms of the mu-
nicipality Act, Sec. 486. The judge
contended that ten days notice
should have been given to the
plaintiff. Another instructive case

Library Notes
A CONSTITUTIONAL HISTORY
OF THE UNITED STATES
There is a very small book in
the Free Public Library entitled,
"A Constitutional History of the
United States" by Goldwin Smith,
who is considered by literary
men as the best writer of pure,
undefiled English of our time.
It is as interesting as a novel.
He takes up the history of the
United States in the most admir-
able and concise way, from Geo.
Washington to that delightful
romantic old President, Jackson.
Tip a canoe to Lincoln who in
youth was a rail splitter to Lin-
coln alone, in a sense, is due
the freedom of a negro popula-
tion now numbering from twelve
to fifteen million.
It is an inspiration to read the
little book. Don't be afraid of it
because it is history. One of the
old, old, old boys said "A rose
by any other name would smell
as sweet."
I trust this may induce a few
who have not read this little
book to do so soon. We cannot
get a shorter, more unique or
interesting history of our neigh-
bors.
