

The Stouffville Tribune.

XXVIII, NO 30

STOUFFVILLE, ONTARIO, THURSDAY, SEPTEMBER 14 1916

WHOLE NUMBER 14807

BOOST

Boost, and the world boosts with you; Knock, and you're on the shelf; For the world gets sick of one who kicks, And wishes he'd kick himself. Boost when the sun is shining, Boost when it starts to rain; If you happen to fall don't lie there and bawl, But get up and boost again. Boost for the town's advancement, Boost for the things sublime; For the chap that's found on the topmost round Is the booster every time.

BOY SCOUTS

Owing to the Toronto Exhibition and other attractions, the Scoutmaster was unable to hold the regular meetings of the Stouffville Troop called for Sept. 1 and 8. Officers and members are requested to be present at 6.30, P. M. on the 15th for the following programme:

7.30 Physical exercise in squads.

1. Horizontal Bar.
2. Punching Bag.
3. Vaulting.

8.00 Patrols form in line. Roll call—Pay dues. Opening service, Chaplain. Appointment of leaders. Camp Fire Talk—Scoutmaster. "Our Obligation". 8.45 Scout Games etc.

During the next few weeks we propose to make use of the space kindly placed at the disposal of the Boy Scouts by placing before our citizens the aims and obligations of the organization, which is an important movement.

The aim of the Association is to develop good citizenship among boys by forming their character, training them in habits of observation, obedience and self reliance, inculcating loyalty and thoughtfulness for others, teaching them services useful to the public and handicrafts useful to themselves, promoting their moral and physical development and hygiene.

To carry out this object, Stouffville Troop is organized with four Patrols, named Beaver, Kangaroo Wolf and Lion. When these patrols are fully enrolled, each will consist of nine Scouts, including a leader and second. To become a Scout, a boy must satisfy the Scoutmaster that he knows the Scout Law, signs and salute; the composition of the Union Jack, the right way to fly it, and the following knots: reef, sheet bend, clove hitch, bowline, fisherman's and sheepshank. He will then be required to make the following promise: "On my honour I promise that I will do my best, to do my duty to my God and the King, to help other people at all times, to obey the Scout Law."

Public Health

THE PREPONDERANCE OF BACTERIA OR GERMS IN CREAM

It is a well recognized fact that in a given quantity of milk a very large percentage of the bacteria, including the tubercle bacilli, is found in cream. This has been repeatedly demonstrated. Samples of milk, for instance, have been tested that were well within the range of certified milk that is, containing not more than 10,000 bacteria per cubic centimetre, and it has been found that the first two ounces of cream or the very top of the bottle, contained 115,000 bacteria per cubic centimetre (one-quarter of a teaspoon); the second two ounces, 36,000; and the third two ounces, 7,000; and the balance of the milk in the bottle 6,000 bacteria per cubic centimetre. This is explained in the

fact that the bacteria are carried up by the globules of cream as they ascend to the top of the bottle, on the same principle that bacteria are carried to the bottom of the bottle by any sediment that may settle through impurities that may have been in the milk.

School Board

The regular meeting of the Stouffville School Board was held on Sept. 7. All members present except T. Holden.

Accounts were presented from: J. Nendick, fixing fence and trimming trees \$6.00 W. E. Morden, carting 20.60 W. C. Hopkins, drawing coal 17.20 S. J. Davis carpenter wk. 6.00 Todd & Cook, coal 136.47 C. S. Dougherty, insurance 22.50 G. Urquhart, ptg and glzg 17.50

On motion of Messrs Collard and Stouffer, the bills were ordered paid.

J. A. Heise and G. Collard moved that we continue the use of the Ontario High School Chemistry and the Ontario High School Manual in Chemistry until the new books authorized are ready for distribution.

S. M. Warriner, seconded by A. Stouffer, moved that one dollar be refunded to Miss Holden, she being ill and unable to attend examination.

S. M. Warriner and A. Stouffer moved that G. Collard be instructed to procure the list of Chemical Apparatus for Continuation School, asked for by Mr. Innes carried.

BOWLING

In one of the closest, as well as one of the best played games ever seen on Stouffville green, F. L. Button's rink won the Consolation for the Eckardt Trophy on Monday afternoon. For a nerve racker the game took the cake. Two extra ends were necessary in order to decide the issue. Throughout most of the game the lead was not more than one shot. At the 6th end Markham, then leading by one, scored three making them four up. Then their opponents, gradually, one by one pulled down the lead to one. At the 18th end it looked bad for Markham. With Jones still to play, Button's rink had four shots so well guarded that it seemed impossible to get near the kitty. Up till now the spectators, a number of old veterans, sat on the benches and gazed placidly on, but this was too much. One of their number, braving the jibes of his friends, marched to the other end of the field to get a better view. One by one the others followed. Jones, with an exceptionally lucky shot wicked a bowl so close to the cat that a measure was necessary. By an accident one of the bowls was moved and a dead end called. The next end resulted in another dispute. The kitty was knocked behind the dead line but it rolled back apparently giving Stouffville two shots but the uncertainty was settled by calling it one and playing another end. The final end was a bad one, and no wonder. The excitement was too much for the nerves of the players. However, when a measure (a yard long) was taken, it was found that Button's rink won by half an inch, the score being 11-12. A feature of the game was the running shot made by Button who in the 15th end drove out Markham's shot, passing through a narrow port and hitting his opponent's shot beyond the kitty, and scoring for his rink.

The rinks lined up as follows:

Markham	Stouffville
Glen	Thompson
Graham	Rae
Doten	Porter
Jones, sk,	Button, sk,

Protection

Incorporated in 1882, the Bank of Nova Scotia has a record of over four score years of service. During that period the strength of the Bank has increased until today its total assets are well over \$100,000,000 while its Reserve Fund stands at \$12,000,000, or over 18 1/2 per cent. of its paid-up capital. The strength and success of this Bank are the highest protection to depositors.

The Bank of Nova Scotia

PAID-UP CAPITAL \$5,000,000
RESERVE FUND \$12,000,000
TOTAL RESOURCES \$170,000,000

Miss B. Mowder spent Sunday with friends in Toronto.

Mr. B. Barkey caught a trout in Trout Creek measuring 16 by 8 1/2 and weighing 1 1/2 lbs.

Slowly, the roller moves along.

BAKERS' ASSOCIATION

An association to be known as the York Bakers Bread and Cake Manufacturing Association was formed in Richmond Hill, Sept. 24th with the following officers:—President, H. T. Grimshaw, Aurora; Secretary, P. C. Hill, Richmond Hill; Treasurer, L. Rowbotham, Stouffville. More than twenty bakers were present. The new association decided to raise the price from 10 to 14 cents per large loaf, the new rates to go into effect at once. Increased price of flour, coupled with the scarcity of labor, was given as the cause of the advance in price.

ROD & GUN

In his story "Two Bags of Wild Ducks," in the September number of Rod and Gun which is now on the news stands, Bonny-castle Dale, the naturalist writer and contributor to many Canadian as well as American journals, compares shooting with the gun to shooting with the camera. "Duck Days on Pitt Meadows" describes a duck shooting expedition in another province, that of British Columbia. "A Bit of Selkirk Bush" is a humorous sketch of an expedition through the Selkirk, while "With Dad in the Forests of Quebec" tells something about the good hunting and shooting that is to be had in that Province. The magazine for September is replete with stories of interest to the lover of the out-of-doors and the special departments devoted to Guns and Ammunition, Conservation, Fishing Notes, The Kennel, etc., are also of particular interest. This representative Canadian Sportsman's magazine is published at Woodstock by W. J. Taylor, Ltd.

CAN'T buy better FLOUR

than Ogilvie's Royal Household, Always at Almira Mills. S. B. Lehman & sons.

VALUABLE FARM PROPERTY FOR SALE BY TENDER
