BRITISH CRUISER  
CALGARIAN SUNK

Torpedoed Off Irish Coast—48  
Lost Out of 610.

A despatch from London says: The  
British auxiliary cruiser Calgarian was  
torpedoed off the Irish coast on  
Saturday last. She was struck by  
four torpedoes, but of the 610 persons  
on board all but 48 were landed at an  
Irish port.

The people of the same town,  
who a few days ago won the  
gratitude of the American people by  
their kindness to the survivors from  
the Tuscania, have extended their  
hospitality in the last few days to  
nearly 500 men from the Calgarian,  
one of the finest auxiliary cruisers in  
the Atlantic service. The Calgarian  
was torpedoed in the late afternoon  
not far from the place where the  
Tuscania met her doom.

Do not use more than a mere dusting  
of flour when kneading the bread.

One of the surest methods of relieving  
pain is to use hot moist applica-  
tions. The articles needed for this  
treatment are: Hot water, pieces of  
soft flannel twice the size of the area  
to be covered, a protector which may  
be made of folds of flannel, or better,  
of cotton batting quilted between layers  
of cheese-cloth, and some kind of  
a wringer. The flannel is wrung out  
by placing it in the centre of a towel  
and twisting the ends of the latter in  
opposite directions. This device can  
be improved upon by making a hem in  
either end of the towel and running  
sticks through the hem.

By twisting the sticks in opposite directions  
the flannel can be wrung very dry. To  
apply, cover the painful part with  
the protector, then remove flannel  
from the wringer, test it with the  
back of the hand, and, if it is not too  
hot, place it under the protector and  
put it down slowly to avoid burning  
the patient. Change these applica-  
tions every few minutes; do not al-  
low them to become cool.

## GERMAN TREATY WITH RUMANIA

Province of Dobrudja as Far as  
Danube is Ceded to  
Central Powers.

A despatch from Amsterdam says:  
A preliminary peace treaty between  
Rumania and the Central powers has  
been signed, says a despatch from  
Bucharest.

Under the terms of the preliminary  
peace agreement Rumania cedes the  
province of Dobrudja as far as the  
Danube to the Central powers. Rumania  
also undertakes to further the  
transport of Teutonic troops through  
Moldavia and Bessarabia to Odessa.

An official German statement said  
Rumania had accepted the conditions  
of the Germans for an armistice. Ap-  
parently the signing of a preliminary  
treaty followed almost immediately.

A despatch from London says: The  
drastic terms imposed by Germany  
upon Rumania, it is contended here,  
not only definitely takes her out of the  
war, but places her geographically at  
the economic mercy of the en-  
emy. All pretence of "no annexations,  
no indemnities," is openly aban-  
doned in the clause requiring "recti-  
fication of the Austro-Hungarian frontier,"  
which involves the loss of the  
valuable oil fields. The cession of  
Dobrudja, not to Bulgaria, but to the  
Central Powers, suggests that there  
is a conflict in the Quadruple Alliance  
over the division of the booty from  
the spoliation of Rumania.

Do not use more than a mere dusting  
of flour when kneading the bread.

One of the surest methods of relieving  
pain is to use hot moist applica-  
tions. The articles needed for this

be made of folds of flannel, or better,

FINLAND REPUBLIC SIGNS  
PEACE TREATY WITH GERMANY.

A despatch from Amsterdam says:  
Official announcement was made in  
Berlin on Thursday of the signing of  
a peace treaty between Germany and  
Finland, and also of trade and ship-  
ping agreements and a supplementary  
protocol.

Finland, by the conditions of the  
treaty, agrees to cede no territory nor  
grant territorial rights to any foreign  
power without the previous consent of  
Germany, who undertakes to exert  
himself to secure the recognition of  
Finland's independence by all the pow-  
ers. The fortifications of the Aaland  
Islands will be removed.

In view of this assurance that the  
United States will be able to main-  
tain its place as a fighting unit on  
the battle front, reports from the  
Western front are being scanned  
more eagerly than ever by officers  
here for the first signs of the 1918  
campaign. It is felt strongly that  
the opening of major operations in  
what President Wilson has predicted  
will prove the decisive year of the  
great war will not be much longer de-  
layed.

Production of Pleasure Autos Reduced.

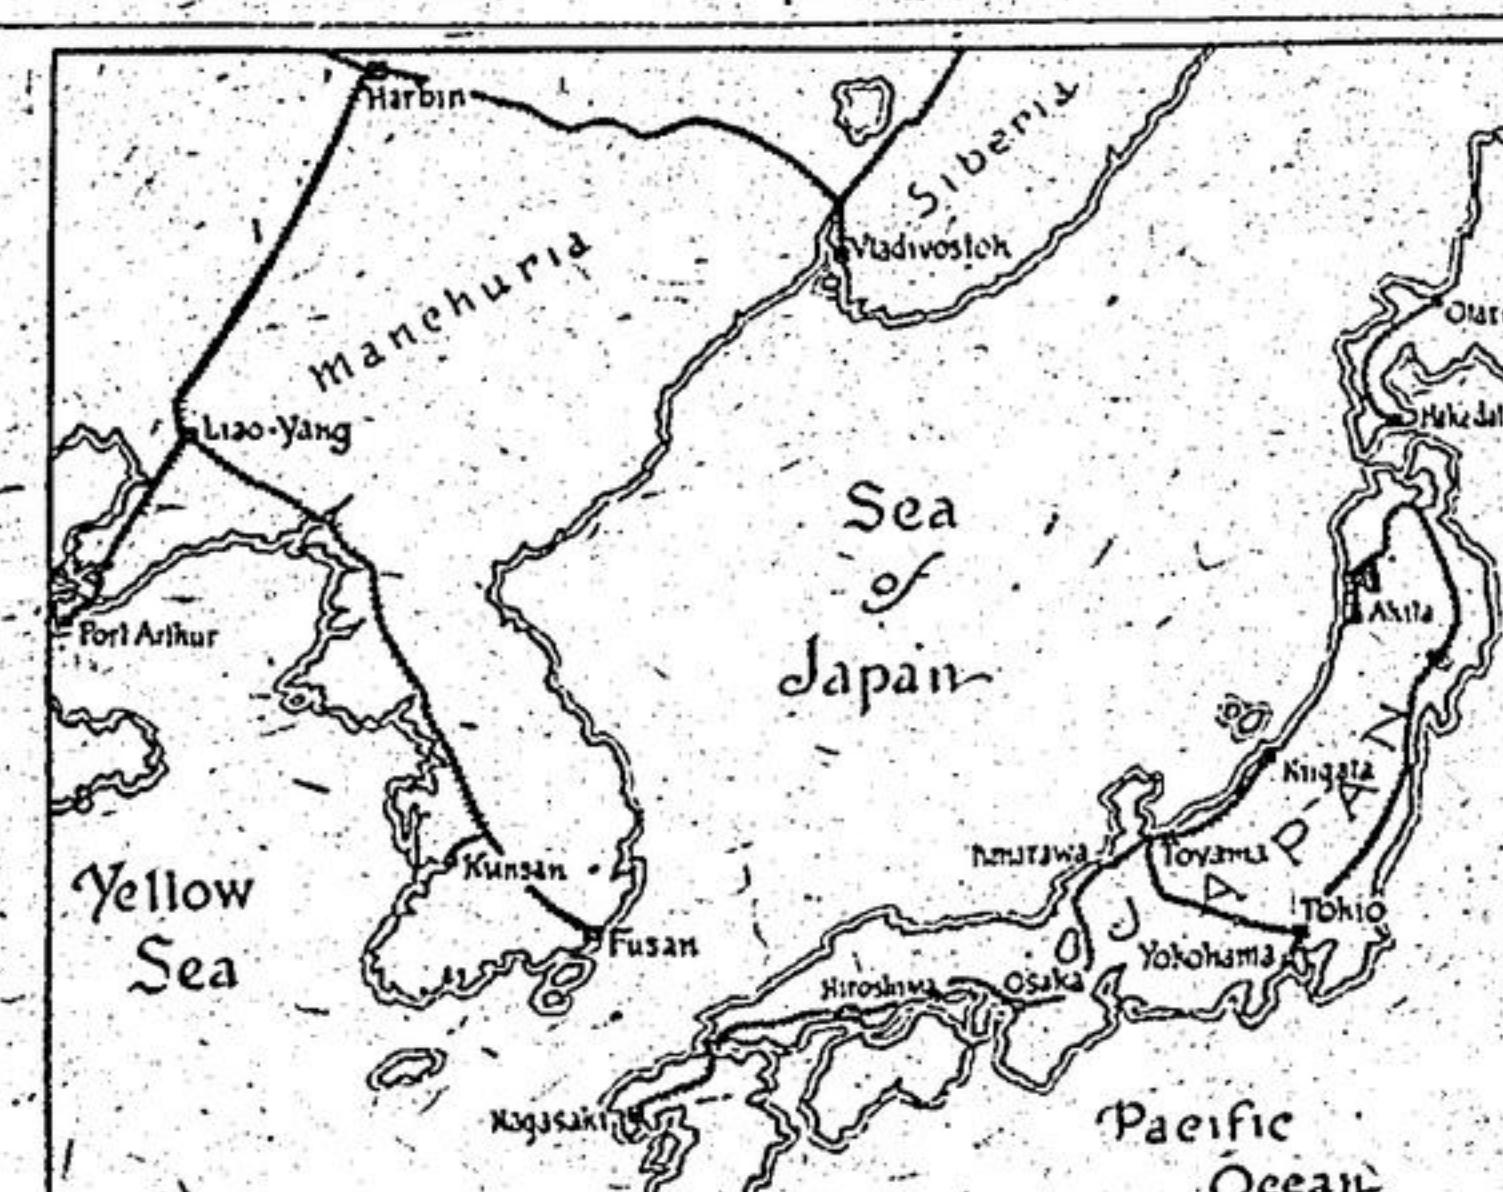

A despatch from New York says:  
Production of pleasure automobiles  
will be cut 30 per cent. during the  
present fiscal year as a war measure,  
according to a decision reached here on  
Thursday by the National Automobile  
Chamber of Commerce. The reduction  
applies to the entire uncompleted sche-  
dule for the year.

Is Knowledge Golden?

A university president was com-  
plaining about the worship of wealth  
that has seemed to characterize the  
twentieth century.

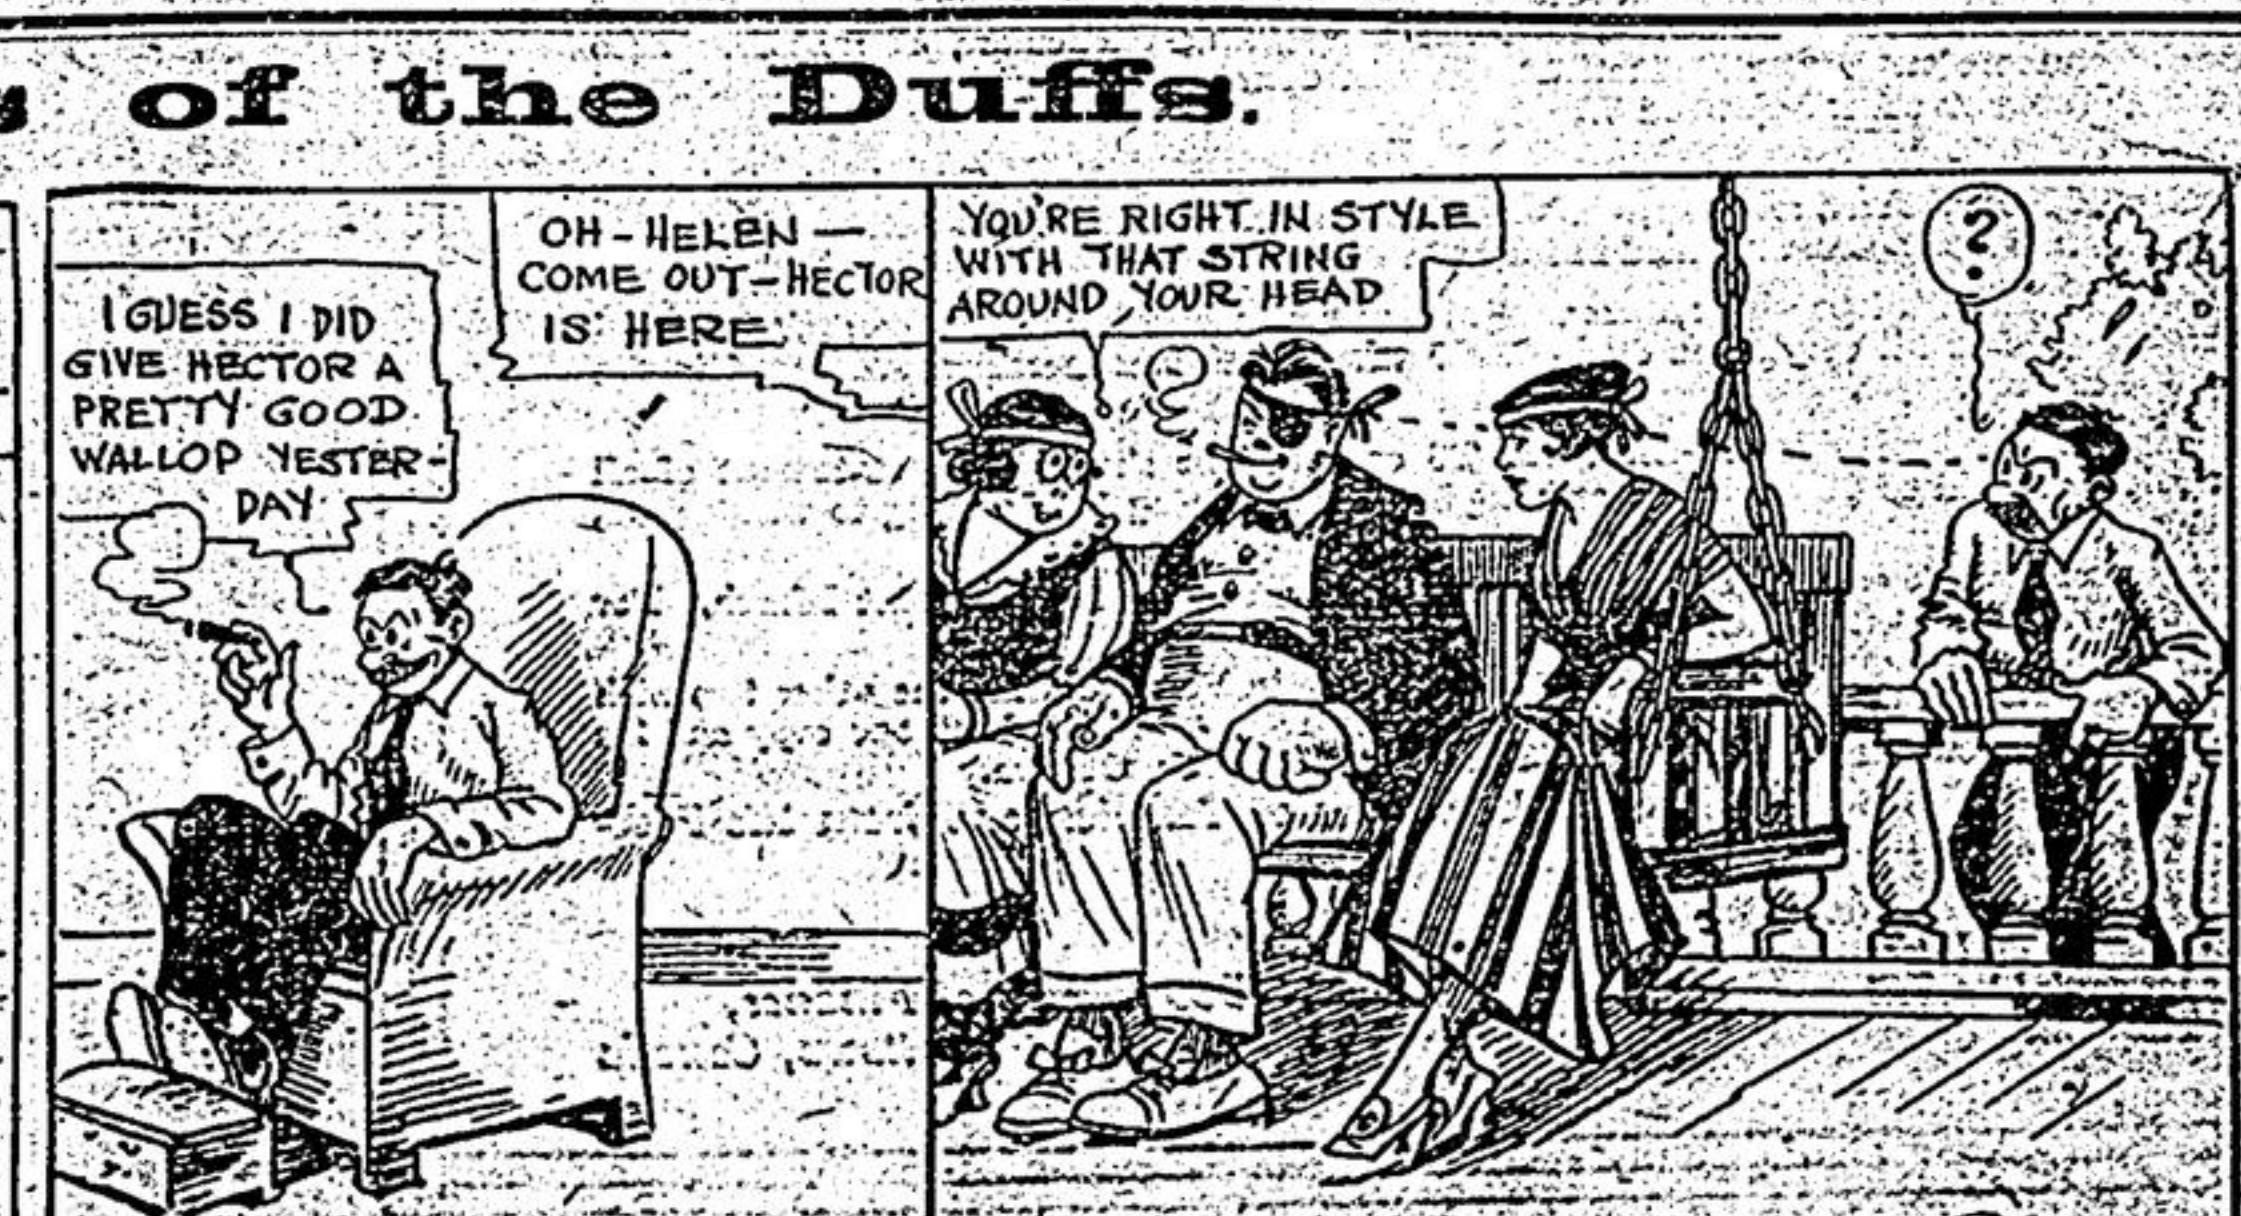

"A young man," he said, "asked me  
which was the more estimable, riches  
or brains."

"Brains," said I, of course, but it  
sometimes seems as if in these times  
the only way for a man to convince  
people he has brains is to get riches."

payment suitable to the applicant, and the denominations of bonds  
required.

The issue is made with the approval of the Minister of Finance,  
Ottawa.

PREPARED WITH THE  
1915 BUDGET AND THE  
1916 BUDGET.

Feeling that the budget of 1916 was not satisfactory, the  
Government has decided to submit a revised budget for 1917.

A despatch from London says: The  
Norwegian steamer Hava, of 1,150  
tons gross, has been torpedoed without  
warning. She sank in less than one  
minute. The crew of 18 had no time  
to launch a boat and jumped into the  
sea. The captain and five survivors  
were landed Monday night.

With five companions, Capt. Hermansen  
spent a terrible night on a  
raft, exposed to intense cold. They  
found an upturned lifeboat at dawn  
and managed to right her. They had  
drifted about for 50 hours when res-  
cued by an American destroyer. One  
man died in delirium; the others had  
their feet frozen.

Whether succeeding months will show a net loss in German  
ships is not known here. It is  
however, that the anti-submarine  
campaign has proved so effective  
that the Central Powers are  
increasing their efforts this Spring.

The Germans watched the men  
struggling in the icy water, said Capt.  
Hermansen, but did not offer any  
help.
