ANTEE OF QUALITY IS OUR
MOTTO.

"Brighten Up"
WITH A NEW BED-
ROOM SUITE

House Cleaning usually sug-
gests changes or additions to the
furnishings of the home,
and it is wonderful what a dif-
ference a new piece of a new
suite of furniture will make to
any home, no matter how well
furnished it may be.
Buying furniture from Mathers
is an investment just now.
While manufacturers are con-
tinually advising us of advan-
ces in prices, we are glad to
say that our present stock was
purchased at a much lower
price than would be possible
now. We give you this advan-
tage in price and would advise
an early visit to our show-
rooms.
Phone 9801 9812.

Stouffville Council.

The regular monthly meeting of
of Stouffville Council was held on
Monday evening, April 1.
The Stouffville School Board pre-
sented a request asking the Council
to arrange for an overdraft with the
Bank of Nova Scotia for an amount
not to exceed \$5000 to complete the
new public school. The Reeve and
Treasurer were instructed to arrange
for the required overdraft.
Mr. D. Forsyth presented a peti-
tion to the Council asking for suffi-
cient coal finders to cover part of
Market Street. It was referred to
the Roads Committee to look after.
Moved by I. Reaman and seconded
by A. G. Lehman that the following
accounts be paid:
Jos. McMullen, cleaning ditches 2.00
J. Nendick, clean'g ditches 15.60
Chas Burgess, cleaning dit's 3.00
J. Nendick, cleaning sidewalk 2.00
W. Nighswander, 3 mos. ringing
bell 7.50
Todd & Cook, coal 5.45
Rev. Geo. Washington, cards 1.50
Electric Light Account
Nor. Elec. Co. supplies 6.30
T. Jennings, work on line &c. 30.25
Hamilton Engine Packing Co. 23.43
A By-law was passed to arrange
for an overdraft at the Standard
Bank to meet current expenses.

A Grand Success

The Khaki Follies very agreeably
entertained a large audience which
assembled in the Liberal Club Hall
on Thursday evening under the aus-
pices of the Stouffville Women's In-
stitute. The programme, given by
the returned men was varied through-
out and was given without a hitch.
The returned men have remarkably
fine voices which blended well in
the part songs. As the name sug-
gests, a large part of the numbers
were humorous. Their entertain-
ment was clean and wholesome through-
out and should draw a large audi-
ence in any town.
During the evening an autograph
quilt was auctioned by Mr. F. W.
Silversides, our popular auction-
eer, who secured nineteen dollars for
it from Mr. A. W. Scott.
Mr. Jas. Ratcliff spoke briefly on
behalf of the Women's Institute
thanking the citizens for their loyal
support and outlined some of the
patriotic aims of the society.
The proceeds of the evening am-
ounted to over one hundred dollars.

The best Varieties of Vegetables

Owing to the scarcity of many
varieties of vegetables this year it
will not always be possible to get
those which are desired, hence the
importance of ordering early in or-
der to make sure of getting at least
some of the best sorts. In the fol-
lowing list, based on tests made at
the experimental farms and sta-
tions in Canada, several varieties of
almost equal merit of some kinds of
vegetables are suggested to that if
it is impossible to get one it may be
possible to get the other.
Beans—(Round Pod Wax.) Round
Pod Kidney Wax, Pencil Rod and
Brittle Wax; (Flat Pod Wax) War-
dwell Kidney Wax, early, and Hod-
son Wax, late; (Green Pod) String-
less Green Pod, and Early Red Val-
entino, early and Refugee or 1080
to 1, late. Lima and Pole Beans
are not very satisfactory except
where the season is long and warm.
The bush varieties of Limas are the
most satisfactory. Scarlet Runner is
the most successful pole bean but
Kentucky Wonder is one of the best
in quality.
Beets—Crosby Egyptian, Detroit
Dark Red and Early Model.
Borecole or Kale—Dwarf Green
Curled Scotch.
Brussels Sprouts—Improved Dwarf.
The Dwarf varieties have been found

Canada Food Board

Penalty for Wilful Waste
Canadians have for perhaps a
generation been a young nation of
wasters. The natural resources of
this country have been so bountiful
that our people have been inclined
to consider them inexhaustible. In
the matter of food, particularly,
billions of dollars are wasted every
year. Wheat, for example, is wasted
on the farm; wasted on the road to
the mill in some cases; wasted at
the elevator; wasted throughout the
course of transportation, wasted at
the flour mill by reason of the over-
run of flour to which we have
become accustomed; wasted in the
homes. Of foodstuffs in general it
is calculated that \$50,000,000 per
annum is a conservative estimate of
waste that has gone on in Canada in
recent years.
Canada is now involved in the
greatest war of all time. She is fight-
ing a nation who has organized her
resources, men and materials on a
most thorough, modern, systematic
basis. The wastefulness which goes
on in Germany in times of peace is
small in comparison to that which
characterizes this continent, includ-
ing Canada. In time of war Ger-
many still more strictly conserves
and organizes, otherwise she could
not withstand practically all the rest
of the civilized world in this strug-
gle. In the four years of war the
lessons of organization and avoiding
waste have been brought home to
the British people and to the Domin-
ions overseas. "Waste in war time
is a crime," said the Canadian Food
Controller and his words have been
paraphrased by the Food Controllers
of Great Britain and the United
States.
In Canada this statement has now
become literally true. By reason of
an Order in Council now in effect as
the law of Canada, the Governor
General in Council, on the recom-
mendation of the Minister of Agri-
culture and pursuant of the advice
of the Canada Food Board, acting
on the power conferred upon them
by the War Measures Act, has pro-
hibited wilful waste of food due to
carelessness or faulty storage. It
is now the duty of each municipality
in Canada to enforce this regula-
tion within its municipal limits.
Where conviction is obtained, in
case of waste of food or food pro-
ducts, resulting from carelessness
or from the manner of storage or
any other avoidable cause, a fine not
exceeding \$1000 and not less than
\$100, or a period of imprisonment
not exceeding three months, or both
fine and imprisonment will be im-
posed. This fine shall accrue to the
municipality or the province, depend-
ing upon the authority of the officer
conducting the prosecution. The
Canada Food Board is empowered
to seize food which is in danger of
deterioration from improper storage
or other causes and have it sold.
This new law should make it possible
to prevent cases of food which has
been stored too long having to be
thrown out or destroyed.

Canned Goods will be Banned

The eating of canned vegetables
will be prohibited by the Food Con-
trol Board this year from a date yet
to be announced until October 15th,
in order to conserve and increase
the supply available for shipment
overseas. This action will necessi-
tate home vegetable gardens for
citizens on an increased scale. Last
year the order was made effective
after the season was well advanced,
but this year, according to available
information, the order will be issued
early. It is estimated that many
thousands cases of vegetables will
be conserved by the use of fresh ve-
getables in place of canned goods.

CLEANLINESS IN HANDLERS OF FOOD

Clean hands and clean clothes are
an outward indication of clean hab-
its. These and these only are the
kind of butchers or other food-hand-
lers of food that you should patron-
ize.
It is very probable that the people
of clean appearance will cover foods
while the premises are being swept
and will also protect such from rats
and mice. The days when cats were
seen lying in the middle of a candy
shop window or sitting on a basket
of grapes are fast disappearing,
though this has been witnessed re-
cently by the writer.
Citizens inspectors can do more
than health inspectors by calling the
attention of proprietors to unsani-
tary conditions, for after all the
storekeeper is primarily after your
patronage.

Sr. III—A. Bartholomew, P. Pugh
E. Hoover.
Sr. IV—L. Stouffer, A. Collard, M.
Pagan.
C. M. Sharrard, Teacher.

Ma's Age

I asked my ma how old she was,
And this is what she said,
"A lady doesn't tell her age
I'm x plus y plus z."
Pa slapped his knee, jerked back his
head,
And laughed till I was 'fraid
He'd split his voice box square in
two,
The noise that he made
Next day I asked him what ma meant
By that queer stuff she said,
He laughed again and then he tried
To get it through my head.
Now x plus y plus z is Algebra,
Big sister has the book,
You can't play out in all this rain
So let us take a look.
Yes here it is, right on this page
Down on the bottom line,
X plus y plus z all added made
Nine hundred and sixty-nine.
That night the preacher came to tea
And told about Thuselah,
When he was through I said real
loud,
"He's just the age of ma."
Pa peared to choke, the preacher
laughed
But Ma got red as red,
And just as soon as tea was done,
She marched me straight to bed.
Selected.

A Soft Velvety Skin

In order for the complexion to
be clear and fresh, the skin
must constantly renew itself.
This requires proper nutrition
for the skin, which is provided
for in our

Witch Hazel CREAM

In addition to its soothing,
healing and bleaching qualities
it is a skin food. Use it regu-
larly at this season.
