**Another of Stouffville's  
Heroic Boys returned safely**

On Saturday last Mr. and Mrs. W. R. Pennock gladly welcomed to their home Pte. C. E. Fortier who was the first to enlist in Stouffville, August 13, 1914.  
He enlisted in the R.C.I.A. and was at Valcartier Camp and in October sailed for England, spending the winter and spring of 1915 at Salisbury Plain.  
The writer received a letter from Clarence in November 1914, in which he said he was prepared to go to the front at any time, and do his duty—and he has certainly verified his statement as the following will show. On going to France in the early summer of 1915, his first engagement was Neuve Eglise, Sept. 15, 1915. Loos Dec. 15, was all through the Somme from the first of July, 1916 to Nov. 28. Nemetz Wood, Pri-court, Ghenty and several other battles. From there to St. Quentin front in January 1917, to Cambrai Sept. 1917, then to Belgium where they had to stand for Cavty Action for two weeks, Lens Oct. 1917, then back to Cambrai, in the advance, then St. Quentin front 1918 until March 21 when the Germans attacked. The Ammunition Column R.C.I.A. fought a retreating action to Hargard Wood where General Petain's "Blue Devils" relieved them. From there Montigny, went into action at Corby, was then transferred to the 7th C.C.F.A. on the 28th day of July. From there to Domart, the advance into action at Noos Wood in August, where the big advance in all the war was made August 9, 1918, the advance being 22 kilometres (about 16 or 18 miles) was in action all through the advance, was in the advance of the front until the armistice and victory attached to the R.C.I.A. triumphal march to Belgium. During all this period Pte. Fortier had many narrow escapes. One bridge over which they passed just two minutes after they had crossed. Another time a flying as stretcher bearer two of his associates were struck. His escape from death was simply miraculous. All through the war he was never wounded and only in the hospital for five days during the four year and nine months of service. Our hero is that the life spared may prove blessing to himself and mankind.  
Clarence expects to enter the Vocational Training School in the city.
