

Gillette Safety Razor

The Shaving Service for Every Man
—Everywhere

No Stropping
—No Honing

The NEW
KIT SET
No. 20

A perfect shaving edge is the daily privilege of the Gillette Safety Razor owner.

Few men can hone or strop a razor sharp enough to stop it pulling on the neck and around the awkward places. With a Gillette you do not depend upon your own skill in stropping and honing.

The perfection of the edges of Gillette Blades is assured by our highly specialized machinery.

The new Kit Set shown above is most compact (especially convenient when you go away for a holiday or on business,) and enables you to enjoy the most comfortable shave in a few minutes every morning.

Your jeweler, druggist, or hardware dealer can show you a variety of Gillette Sets at

A GRAND MEDICINE FOR LITTLE ONES

Mrs. Avila Noel, Haut Lameque, N. B., writes:—"I can highly recommend Baby's Own Tablets as they have worked wonders in the case of my baby. I always keep them in the house and would not feel safe without them." What Mrs. Noel says concerning Baby's Own Tablets is just what thousands of other mothers say and feel. The Tablets are a mild but thorough laxative which regulate the bowels and stomach, thereby banishing constipation, colic, indigestion and a host of the other minor ailments of little ones. The Tablets are absolutely guaranteed to be free from opiates or narcotics or any of the other drugs so harmful to the welfare of the baby. They cannot possibly do harm—they always do good. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

BEEES USED IN BATTLE

History Furnishes Two Well Authenticated Instances.

Probably the most remarkable weapons of war ever used were swarms of bees. There are at least two well authenticated instances of the use of this novel and stinging war material.

The first is related by Appian of the siege of Themisera in Pontus, by Lucullus, in his war against Mithridates. Turrets were brought up, mounds were built, and huge mines were made by the Romans. The people of Themisera dug open these mines from above, and through the holes cast down upon the workmen bears and other wild animals, together with swarms of bees.

The second instance occurred in Enlilant. The Danes and Norwegians were attacking Chester, held by the Saxons and some Gallic auxiliaries. After adopting stoning and boiling water in vain against the besiegers, the Saxons threw down all the beehives in the town upon the attackers, who were soon routed.

Good breeding stock will be valuable for years to come. Keep the herd and flock up to a high standard.

AFTER EFFECTS OF INFLUENZA

Often as Serious as the Disease
Itself—How to Get New
Health.

There are few homes in Canada that were not touched by the sorrow that trailed in the wake of the Spanish Influenza epidemic. Estimates of the loss of life caused by this epidemic show that it was almost as great as the losses caused by the war, and these take no account of the baneful after-effects which are sometimes as fatal as the disease itself.

Victims of the disease are generally left with impoverished blood and a weakened system. In this condition they are exposed to many dangers unless precautions are taken to enrich the blood and strengthen the nerves. The debility that invariably follows influenza is not a disease of any organ. It is a general condition of unfitness. It must be met by a remedy whose good results will be quickly felt throughout the entire system. In this condition Dr. Williams' Pink Pills will be found invaluable. The mission of this medicine is to enrich the blood, and this new, red blood carries renewed health and strength to every part of the body. The case of Mrs. George Louder, Hamilton, Ont., proves the value of Dr. Williams' Pink Pills in cases of this kind. Mrs. Louder says:—"I had a very severe attack of Spanish influenza which left me pale and very weak. My appetite completely failed me and the least noise would startle me and make me cry. I was under a doctor's care, and finally he advised me to take Dr. Williams' Pink Pills, and I had not been taking them long before I could tell they were helping me. I used altogether nine or ten boxes and am now feeling as well as ever I did in my life. I believe if it had not been for these pills I would have been a chronic invalid."

Such proof as this must be interesting to everyone who suffered from an attack of influenza, and who still feel in any way weakened as the result of the trouble. It points the way to new health and strength, and if you are one of the sufferers you should avail yourself of this medicine at once. You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Too Deep For Him.

An ambitious young author sent a humorous paragraph to the editor of a daily paper. Time passed and he heard nothing, nor was it printed. So he wrote to inquire about it. "I sent you a joke about ten days ago. I have heard nothing respecting its safe receipt, and should be glad to hear whether you have seen it?" The editor's reply was as follows:—"Your joke arrived safely, but up to the present we have not seen it!"

Minkard's Liniment Zumberman's Friend.

Have a soapstone of good size and you can use it for putting on the back of your stove to set the tea kettle on. It keeps the kettle nice; it keeps the steam from coming out; it does not boil away, and you always have hot water.

More and better shaves

Did you ever see a barber start to shave a customer without stropping his razor first? Never! Isn't this fact significant?

Stropping, you see, is needed to reform the saw-like edge that results from shaving; to keep the blade free from rust; and to give you for each morning's shave a keen-edged blade. The self-stropping feature of the AutoStrop Razor preserves the keen edge that makes shaving comfortable possible.

Stropping — shaving, cleaning, are all done without removing the blade from the razor.

BITS OF HUMOR FROM HERE & THERE

His Fate.

Mrs. Shrew—What would you have been if it were not for my money?
Mr. Shrew—A happy bachelor.

Old Stuff.

Sergeant Overseas—You know what a listening post is, don't you, dear?
Miss Peachblow—Sure. There's one just outside that door. The parlor maid's on duty there.

Very Broken.

Athlete—Did I—break it, doctor?
Doctor—I will be plain, sir. The arm is broken the collarbone crushed, the skull is fractured—
Athlete—No, no, no! The—did I—break the—
Doctor—What, sir?
Athlete—The Record?

His Heart Out of the Way.

Wounded Tommy (in hospital)—Yes, mum, I was shot right through here (pointing to his left side).
Visitor—Oh, but that is impossible; the bullet would have gone straight through your heart.
Wounded Tommy—Me 'eart was in me mouth, mum.

The Soft Answer.

Young Jimson had a reputation to keep up. He was regarded as a great "wit."
"So one morning, when an unpopular professor set the class to write an essay on "Manners," Jimson sprang to his feet.
"May we write on 'Bad Manners?'" he asked, amid titters.
"Certainly," replied the professor blandly. "Just write about what you know best."

Thrifty Lad.

The other day a boy went to the provision store and asked for "half a dozen black hen eggs."
The grocer laughed. "Eggs from a black hen?" he said. "How can you tell them, my little man?"
"I can. My mother told me how."
"Well, here you are. Let me see you pick them from the crate."
The boy carefully selected the six biggest eggs he could find, put down the money on the counter, and said: "These are black hen eggs I have taken."

LEMONS WHITEN AND BEAUTIFY THE SKIN.

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

Ask for Minkard's and take no other.

NEW GIANT C.P.R. LOCOMOTIVE.

Ten of the largest locomotives ever built for use on Canadian railways have been under construction for some time at the C.P.R. Angus Shops in Montreal, and one of these, No. 5302, was inspected the other day by President E. W. Beatty, and Vice-President Grant Hall. These locomotives are of the heavy Mikado type, and are intended for freight service, being designed and built under the direct supervision of Mr. W. H. Winterrowd, the Chief Mechanical Engineer.

The weight of the engine and tender in working condition is 500,000 lbs., the engine alone weighing 323,000 lbs. The diameter of the driving wheels is 63 inches. The cylinders are 25½ inches in diameter by 32-inch stroke, which with 200-lbs. boiler pressure makes these locomotives capable of exerting a maximum tractive effort of 36,000 lbs. The diameter of the boiler is 80 inches at the back end. The fire box is 84 inches wide and 120 inches long, and the grates are moved by steam grate shakers. The cab is of the vestibule type, which is the C.P.R. standard, and every effort has been made to make the accommodations for the engine-men as comfortable as possible. One side of the cab is fitted with a clothes locker 14 inches by 20 inches wide, in which clothes can be hung and lunch pails carried.

The tender has a capacity for 12 tons of coal and 8,000 Imperial gallons of water.

SUFFERING CATS! GIVE THIS MAN THE GOLD MEDAL

Let folks step on your feet hereafter; wear shoes a size smaller if you like, for corns will never again send electric sparks of pain through you, according to this Cincinnati authority. He says that a few drops of a drug called freezone, applied directly upon a tender, aching corn, instantly relieves soreness, and soon the entire corn, root and all, lifts right out. This drug is a sticky, ether compound, but dries at once and simply shrivels up the corn without inflaming or even irritating the surrounding tissue. It is claimed that a quarter of an ounce of freezone obtained at any drug store will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. Cut this out, especially if you are a woman reader who wears high heels.

How to Cure Biliousness
