HYDRO POWER AT \$70 PER H.P.

Matters are forming up so that it
appears that Stouffville will receive
a supply of electric energy this sum-
mer, provided the people sanction
the bylaws enabling our council to
secure the electricity for us.

Local Hydro Engineer Stocking
met Reeve Morden and the members
of council on Monday afternoon
when the engineer formally submit-
ted an estimate of \$70 per horse
power for 75 h.p. to come from
Yonge street.

In quoting this rate Mr. Stocking
explained that \$70 was merely an
estimate, and if it is found the
actual cost is \$60, that is what the
town would pay. Likewise, if the
cost of construction were so high
that power costs were \$80, then
that would be the rate. The idea is
that hydro must be sold at actual
cost to the municipality.

Mr. Stocking explained that in
1919 an estimate was prepared as to
cost of re-building the town street
lines at \$9,000, but this might be
considerably less today, as costs had
dropped since that time. He thought
the charge to consumers in this
town would be much the same as in
Markham, where the domestic rate is
7c. per kwh. against our 12c. rate
at present in effect.

In respect to a minimum rate the
engineer was firmly of the opinion
that 75c. would be the charge, and
in no case would it exceed \$1.00.
This was an important pronounce-
ment as the opinion has gone
abroad that no user would receive
a bill for less than \$2.00, whereas
no one is likely to object to a 24
hour service at \$1.00 as a minimum
charge.

After hearing the engineer the
council passed a resolution request-
ing the Hydro Commission to furnish
new plans and estimate for re-con-
structing the lines within the cor-
poration. It was also decided to
submit a money bylaw and an en-
abling bylaw to the ratepayers, now
advertised in this issue The
Tribune.

While the money bylaw provides
for \$11,000 for rebuilding the lines
it does not mean that that is the
actual cost. Hydro estimates are
figured high, and the council are
certain to do this work at a much
lower figure, and therefore we may
not spend the amount provided for
in the bylaw. Permission has been
granted to purchase the necessary
poles locally, and this will represent
a big saving to the town.

BACK TO COAL OIL AND CANDLES

While Council Solve Employment
Problem

Percy Stover has been the means
of spreading many a ray of light in
the homes of our citizens by means
of his position as engineer of the
local electric light plant. But while
Percy is an adept in spreading light
he's also a humdinger in broadcast-
ing darkness, which was shown on
Monday night when Percy jumped
the job of operating the plant with
such suddenness, that Reeve Mor-
den was stunned, and Alex. Scott,
chairman of the light committee is
still gasping for breath. Councillor
Silversides when the show down
came was ready to knock the job
down to the lowest bidder who wan-
ted work, while Messrs. Lee and
Beebe are yet to be heard from.

While the citizens grouped in dark-
ness, council was burning coal oil,
in an effort to solve the difficulty
late Monday night.

Albert Dike, of Mount Albert, a
veteran in running gas producer en-
gines, volunteered to help the town
out on Tuesday. When he got on
the job water pipes were frozen up,
and in his effort to start the lights
he was overcome with gas, and was
removed to the hotel. At the time
of writing Mr. Dike was felling bet-
ter, and expected to resume the job.

The whole dispute was one of
wages. Mr. Stover is paid \$1200 a
year, rain or shine, light or no light,
but he states that a former council
promised him an increase to \$1500
a year, and this request was asked
of the present council, who had
failed to discuss the matter in
council. As a means of bringing
them to time quickly Mr. Stover
handed over the keys on Monday
morning refusing to work another
hour for a hundred a month.

illness of Mrs. and Miss Silversides
this week.

Gower one day this week.

citizen of this town 23 years ago,
was visiting his nephew, Mr. George
Collard on Friday last.

hastily to Toronto on Tuesday ow-
ing to the condition of his daughter
Rheta who is ill in St. John's hos-
pital.

Mrs. Edward Williams of the
East End, one of the oldest citizens
of the village, now nearing her 78th
birthday has been quite ill for the
past month, but is now somewhat
better.

Mr. and Mrs. John Postill, Stouff-
ville, announce the engagement of

Perry and T. Courtney were award-
ed first prize for impersonating
Mutt and Jeff, and Margaret Baker
and Lloyd Hoover second.

BETHESDA

Miss Bertha Harmon of Mount
Albert was visiting friends here,
returning home on Monday.

Hartman Meyers of Toronto was
visiting his friends last week.

The influenza has visited almost
every house in this community, some
whole families have been down with
it, we are glad we can say all are
recovering.

Mrs. Pointon, widow of the late
Jas. Pointon, died on Saturday last
of pneumonia at the home of her
daughter in Toronto. She was a
member of the Methodist church of
Bethesda, a life member of the W.M.
S., and was very highly respected by
all the people of the community.
She will be greatly missed in the
church, especially in the prayer
meeting and the W.M.S. which she
always attended when able. The
funeral was held on Monday after-
noon, burial at Heise Hill cemetery
and was largely attended. Service
was conducted by Dr. Williamson
who preached a very appropriate and
impressive sermon, taking for his
text Job 16: 22, "When a few years
are come, then I shall go the way
whence I shall not return."

THE TOWN COUNCIL

The regular February meeting of
the Stouffville Council was held on
Monday evening. Members present,
councillors, Scott, Lee, Beebe and
Silversides. Reeve W. E. Morden,
presided.

Three deputations waited on the
council, from the Women's Institute
and the Fire Brigade, also Muston's
Nurseries. Mrs. Malloy and Mrs.
Davey headed the ladies from the
Institute. They wished to purchase
or lease the old public library build-
ing at rear of fire hall.

The Reeve intimated that he un-
derstood the building reverted to
the town when the library was
through with it, but it would be
some time before building would be
available.

Mrs. Wes. Hill and Mrs. Levi B.
Hoover were also members of the
committee.

Muston's Nurseries complained
against the water rate of 20c per
1000 gallons. Their bill for past six
months was \$27, but this would be
greatly enlarged in the summer
months.

Council promised consideration as
soon as they could go into the
matter.

On behalf of the fire brigade Joe
Mertens wished to get the feeling
of the council in respect to the
brigade purchasing a fire truck. So
anxious are the boys to be up-to-
minute at fires that they will forgo
their lucrative salaries for a whole
year to help finance the scheme.

Furthermore, the brigade will put
on a concert, and donate the profits,
hence if council would encourage
them with a reasonable grant, all
will be well, and the people will
enjoy a modern fire-fighting appar-
atus.

The collector, Isaac Reaman, was
given an extension of one month to
return his roll. Some \$700 is out-
standing, and if it is not paid in
during the month, taxes will be re-
turned against the property.

The customary bylaw to raise
\$5000 for public school purposes
was enacted.
