LOCAL HAPPENINGS

Easter Sunday, April 1st

Your duty next Monday, is to poll your vote.

Hydro will not increase your taxes—it must be paid for by the users. This is the record in every municipality now using the service.

The first mild spell since Christmas set in on Sunday; up to this time we have had almost continuous zero weather.

Joseph Betz saw a ground hog north of his orchard on the farm of Ross Barkey, Monday of this week. Is this a sign of early spring?

The partnership heretofore subsisting between W.E. Morden and L. Lonsborough, as flour and feed merchants, has been dissolved and Mr. Lonsborough will in future conduct the business under his own name. The two men have been in partnership for two years. Mr. Morden is not yet decided what occupation he will follow in future, excepting that he will take a rest for a time, to recuperate his health.

Mrs. George D. Patton, who was removed to the County Hospital on Tuesday last week, passed away in the hospital at Newmarket on Sunday, and the remains were brought to Stouffville for burial. The deceased was 51 years of age, and suffered from tumorous growths. Besides her husband, a grown up daughter survives. Her condition was regarded as hopeless before she was removed to the hospital, where she received at least temporary relief. The funeral service was held at the late home, on Wednesday, and interment took place in the Lutheran cemetery, Unionville. Great sympathy is felt for the bereaved husband and daughter.

About fifteen doctors from various parts of the County attended the annual meeting of the York County Medical Association held in Newmarket, Wednesday of last week. Part of the time was devoted to clinics in the County Hospital, and a successful operation was performed by Dr. W. S. Verrall, of Toronto. Officers for the association were elected as follows:—President, Dr. F. A. Dales, Stouffville; Vice-President, Dr. Charles Johns, Thornhill; Secretary, Dr. Williams, Aurora; Treasurer, Dr. Sangster, Stouffville.

Fair Warning

My wife, Martha Anne, having left my bed and board, and having left nothing else, because she took everything else away, I will not be responsible for any debt she may raise. With times hard and prices high, I can't pay my own debts, so I am not going to worry about hers. You are out of luck if you trust her. I never did.

Members Too Indolent

The members of the Board of Trade, or most of them, are showing a very dilatory spirit towards the association, in failing to attend the meetings. Despite the fact that an important bylaw is to be voted on next Monday, there was only a faithful dozen present on Monday evening, and little real business could be done towards organizing the vote. It will therefore become necessary to appoint committees after Friday night's public meeting. Dr. Ball's resignation as president was not dealt with, owing to the small turnout, and most of the time went to a discussion on Hydro matters. Of all present, every one was heartily in accord with passing the bylaws, and securing a better and cheaper electric light service.

See Shaw's big stock of New Spring Wall Paper. The designs are very attractive.

Stouffville Curlers beat Markham in that village on Tuesday in a semi-final match. Local "broom sweepers" now figure they are tie with Agincourt for the championship.

The Stouffville Ministerial Association are invited to visit the Uxbridge Ministerial Association on Monday, March 5th. Subject for discussion: "Christ and the wants of Humanity". Lunch will be served at 11 a.m. Returning on 3 o'clock train.

"Chilli Concarina Supper"

The Ladies of the Stouffville Christian church intend having a Supper on Friday night, March 9th, in the basement of the church. Tea served from 5 to 8, followed by a good programme. Admission, Adults 35c., Children 25c. Don't forget the date and all come.

It is a good investment for farmers to advertise their auction sale in The Tribune. This ensures a complete notice getting right into the homes of prospective buyers, no matter how stormy the weather. The cost is insignificant compared to the results. In different sections we know of a farmer would not think of having a sale without publishing his list in the local paper.

A fact which the ratepayers should keep before them when voting on the Hydro bylaw next Monday is that the present plant and town wiring are in need of a large capital outlay to replace old poles and wiring in town. Hence, in the event of the bylaws not carrying we would be face to face with increased electric bills to meet the demands of the old plant. Hydro promises us a lower rate per kilowatt hour and an up-to-date service, over what we now have.

As an evidence of the keen interest taken in our new band, six of its number who must drive six miles to town have not missed a single practice all winter. With such determination the boys are bound to succeed. In fact every member has been faithful to practice in a marked degree, consequently we are looking forward to some entertaining band concerts next summer. That is the time the splendid work now going on will be most appreciated. Success to the new musicians!

Served Nearly Half Century

At the meeting of Stouffville School Board last week W. A. Silvester tendered his resignation as the Board's appointee to the Stouffville Public Library Board, after serving in that capacity for about 45 years. Mr. Silvester has given long and faithful service, dating back to the time the Library Board was first organized. His position will be taken by Archie Stouffer, who was appointed to fill the unexpired term of Mr. Silvester.

An Old Uxbridge Citizen

When Mr. and Mrs. Wm. Urquhart of Owen Sound were visiting his father, Clerk John Urquhart at Christmas, Mrs. Urquhart was called to Port Hope owing to the illness of her mother, Mrs. D. M. Card, whose death took place on Feb'y 20th. She was a former resident of Uxbridge where she lived with her husband who predeceased her by eight years. Mrs. Card was born in St. John, N. B., and leaves four daughters, Mrs. (Dr.) Forrest, of Port Hope, Alice (of Port Hope, Mrs. Wm. Urquhart (Mabel) of Owen Sound and Mrs. Emery of Peru, S.A.; also two brothers, Mr. F. Bustin of Uxbridge and George of Toronto, and three sisters, Mrs. William McCullough, Toronto; Mrs. Geo. McGuire, Calgary, Alta.; Mrs. Robt. McGowan, Los Angeles, Cal.

School Board Meeting

The School Board met on Thursday evening last, members present being Messrs. Rev. C. E. McLeod, M. Tait, T. Holden and Dr. Smith. Rev. Mr. MacLeod and the secretary were appointed delegates to Ontario School Trustees Convention. The W.C.T.U. placed a request before the board asking permission to form a Loyal Temperance Legion in the school and the request was granted.

The chairman and secretary were authorized to wait on the council, and offer suggestion to stop the sale of cigarettes and tobacco to minors. A numbers of accounts were paid including an item of \$50 for \$5,000 insurance held by Mr. Clark. The total insurance on the school amounts to \$20,000.

Shall We Have a Fair?

Last fall we attended several rural school fairs in Ontario County, and the interest and benefit derived is equal to any fall fair. With this in mind The Tribune is anxious to secure a fair for Stouffville. We have taken the matter up with the Agricultural Representative, R. J. Rogers, of Newmarket. His only objection is that Stouffville should be located more centrally in one township. However he stands ready to do anything within reason. The location does not matter. Stouffville school would require no outside assistance to stage a fair. Uxbridge had one last year for their school alone, therefore it should be possible in our case. It would have to be financed locally, which is a small matter. If our school principals will get busy on the matter, we believe a fair can be secured, and it would prove to be one of the finest educational works in a school term.

Esther Browning, aged 77, is dead at Aurora, where she had lived for half a century.

Geo. E. Baker, President

The annual convention of the Markham Tp. Religious Education Council was held in the Presbyterian church, Unionville on Thursday and Friday of last week. Owing to the almost impassable condition of the roads due to the blizzard on the previous day and the prevalence of the flu, the attendance on Thursday was small but fairly good on Friday. The chair at all the sessions was ably filled by the President, Chas. Tennie. The chief speaker, on Thursday was the Rev. Dr. Rochester, secretary of the Lord's Day Alliance, who emphasized the necessity of preserving the sanctity of the Sabbath. Visiting delegates to the Sunday Schools were chosen as follows:—D.W. Helse, Gormley; Albert Weighill, Unionville; R. R. Johnston Stouffville, and another not named. Mrs. G.A.M. Davison had charge of the musical exercises which were one of the attractive features of the program. Mr. Geo. E. Baker of Stouffville was elected President, and Mrs. Jas. Ley of Markham, re-elected secretary for the ensuing year. Markham village was chosen as the place for holding the 55th convention in 1924.

COMING!!!

The most important event of the season will be the Stouffville Continuation school oratorical contest held on Friday, March 16th, in Ratcliff's hall. Prizes awarded by two of the Stouffville citizens. Admission 25 cents.

Stan. Muston of Stouffville who is a member of the North Toronto intermediate hockey team attributes the defeat of his team by Guelph to over confidence, and to the fact that the North Toronto boys have been overworked, having been up against three games a week for nearly a month back.

MRS. WATTS MILLINERY STORE will re-open next week. Watch for announcement of Annual Spring Millinery Opening.

Our Baker Has Tested The Flour You Buy

EACH day's milling of Quaker Flour must prove its baking perfection before it leaves the Quaker Mills. It undergoes hourly tests during the milling process.

It must then pass its most exacting critic—our Master Baker. From each day's milling he bakes bread. His loaves must be perfect in size, colour, texture and flavour.

Use Quaker Flour and you will always be certain of success in baking. "The happy baker uses Quaker."
