MUSTONS GRANTED SPECIAL RATE

The regular March meeting of the council was held on Monday evening with Reeve Morden presiding, and members present including councillors Scott, Lee and Silversides. Councillor Beebe was absent through illness.

James Muston appeared before the council again protesting against the water rates of 20c. per 1000 gallons as provided under the bylaw. He contended that the green houses were a valuable asset to the town. The firm now had a half acre of glass and expected this summer to increase the plant to one acre under glass. The present rate was too high.

After much discussion council offered a special rate of 12c. per 1000 gallons, which Mr. Muston still contended was too high. He exceeded the rate in Toronto, he said, and did not encourage industries.

The flat rate of 12c. was estimated to produce a revenue of about \$60 per year on the amount of water to be used by the green houses, and the council contended this was a very low rate, and any lower rate could not be entertained. A resolution to this effect was put through setting the rate as stated above.

On motion of Scott and Silversides the purchase of \$500 worth of Canada Permanent Bonds bearing 5 1/2 per cent interest was ratified, for cemetery investment funds.

The veteran clerk, J. Urquhart, requested an increase in salary commensurate to the large volume of work that has been heaped upon the office of late, and more to come, when the Hydro is installed. Council readily granted the request and attached an extra \$100 per year to the present salary, which will now be \$850. This amount, however, includes office rent and heat furnished to the town.

It was decided to advertise locally for hydro poles as indicated elsewhere in this issue. It is expected that the shorter poles can be secured from local farmers who may as well have the money that would otherwise be sent out of the locality. For rebuilding the town lines some 74 new poles will be required, including five 40 foot, six 45 foot, thirty 35 foot and thirty-three 30 foot length. The longer poles will have to be procured from the hydro, but the shorter lengths will be found in this section.

On October 28th the treasurer of the Corporation of Stouffville received notice from the head office of the Standard Bank that the following debentures were stolen from the local bank on Oct. 25.

Debenture No.	Maturity	Amount
8-1923	\$	395.99
8-1925	\$	602.45
12-1929	\$	746.31
13-1930	\$	787.41
19-1936	\$	1085.71
20-1937	\$	1145.42

Moved by Lee and Scott that the treasurer of Stouffville be authorized to refuse cheque for payment of said stolen debentures and coupons until he receives authority from council of Village of Stouffville.

Accounts Passed	Amount
Municipal World, supplies	\$32.46
J. Nendick, work	11.40
Tribune	13.25
M. C. Barker	1.50
P. R. Stouffer	12.50
Barkey Bros.	2.50
S. McDonald	21.60
Cox Coal Co.	311.80
Northern Electric	4.23
L. Kirby	7.00

The school board did a profitable stroke of business this week when they purchased 54 tons of hard stove coal at \$10 per ton. Owing to a shipment of coal going astray and landing at the local station by mistake, the opportunity presented itself. This amount of coal will put the school through a normal winter and the board figured they have saved the ratepayers a nice \$500 by promptly picking up this shipment.

ONLY TWO OPPOSE THE HYDRO BYLAW

As indicated by the vote on Monday the opposition to hydro in Stouffville is so insignificant that their votes could scarcely be found in the ballot box. Out of 235 property owners who cast ballots on the question of enabling the council to enter into an agreement for the purchase of hydro power for this town only two persons cast ballots against the bylaw while 233 voted favorable. On the question of issuing debentures to the extent of \$11,000 to rebuild the electric lines in the corporation 233 people voted, but there were eleven dissenters. Evidently these eleven citizens thought it possible to run the hydro over the present dilapidated system, but hydro regulations will not permit this. All lines must be in a safe condition. The eligible vote on either question was 231, so that only \$6 failed to vote at all.

Of the two dissenting votes for hydro one was in each of the two ruling divisions, and there is much speculation as to who marked those ballots. The couple may justly sing together that little ballad which starts thus:

"When musing on our ballots cast,
We doubly feel ourselves alone."
However citizens have a right to their own views, and we respect them the more for their independent thought, even though it is wrong.

Already steps are being taken by the council to procure poles, and Tuesday the reeve filed an order for copper wire, which is advancing fast in price. It is expected that material will be on the ground early in the spring, and operations both for the trunk line and the corporation line will be rushed, and it all goes well we should have the new current by August.

ORATORICAL CONTEST

On Friday, March 16th at 8 p.m. an Oratorical Contest will be held in Ratcliff's Hall. This contest is open to students of the Stouffville continuation School and the prizes this year are being offered by Dr. Ball and Dr. Smith. The speeches by the students will be interspersed with songs and drills. The drills will be from the regular course in physical culture with dumb-bells and Indian clubs. Encourage the young orators by being present. Admission 25c.

Citizens are becoming peeved over the miserable lighting service of the past week which must be a losing business for the council as well.

HE KNOWS MAN IS BORN TO TROUBLE

Almost the whole family being stricken with flu in one night, and another brother being seriously ill, was the sad news received by J. Kirby, a farmer, living near Ballantrae. During the same night Mrs. Kirby received word also that her sister in Toronto was dangerously ill and not expected to recover.

The first message was received by Mr. Kirby at 5 o'clock Tuesday of last week, reporting that his brother in Lindsay was dangerously ill. At two o'clock Wednesday morning the second message arrived from Toronto that his sister was dangerously ill and not expected to live. At five o'clock the same morning Mrs. Kirby received word that her sister in Toronto was also dangerously ill. The brother in Lindsay died, and a message was received to this effect. A few hours later another sad message conveyed the news that the sister in Toronto had passed away. When boarding the train at Stouffville for Toronto to attend the funeral of his sister, Mr. Kirby received a further message from Rochester, N.Y., stating that his brother there was in a serious condition. Mr. Kirby went to Toronto, where he attended the funeral of his sister. He left Toronto to bury his brother in Lindsay.

Is C.N.E.'s First Farmer President

MR. ROBERT MILLER, of Stouffville, elected head of the Canadian National Exhibition. Mr. Miller is said to have imported more pure-bred live stock to America than any other man. He is of the third generation of farmers in Canada and has been a member of the Exhibition Association since 1907 and a Director since 1913.

GOODWOOD
The lecture on Tuesday evening given by Rev. J. Coburn was well worth hearing, the views of the mountains being specially good. We regret that owing to the condition of the weather the attendance was rather small.

Ladies' Aid met at Mrs. W. Robinson's this week.
The Mission Band was held at Mrs. C. Johnson's on Saturday.
We are pleased to report that the majority of the flu victims are on the road to recovery.

Rev. Mr. Currie has returned to resume his round of visiting.
Mrs. Isaac Wagg is improving; Mrs. Rodman and two children were home for a few days with her parents. Things seem to get mixed up sometimes on the phone. The 2002 line has been out of order several times this winter and caused inconvenience.

The rain helped the people of this locality by giving them water, as some of the cisterns and wells had gone dry. Unfortunately we have not the water supply Stouffville has.
Rev. T. Legate, Rev. L. W. Lane and Mrs. Lane attended the Ministerial meeting held at Uxbridge on Monday.

Mrs. Legate is on the sick list this week, we are sorry to learn.
Services are still being held in the Baptist church by Rev. Mr. McIntosh. Perhaps some of the friends of that church will furnish any interesting news, the correspondent does not know of.

IN MEMORIAM
PEARSON—In fond and loving memory of Spr. Fred L. (Bob) Pearson, 127th York Rangers Battalion, "A" Company, who departed this life March 6th, 1922.
"Deep in my heart lies a picture Of a loved one laid to rest,
In memory's frame I shall keep it For he was one of the best."
Cousin Eldene

IN MEMORIAM
In loving memory of William Harding who passed away March 3, 1922.
One year has gone, but none can tell The loss of our father we loved so well.
One of the best that God could send, A loving father, a faithful friend;
The blow was great, the shock severe, We little thought his death so near.
And only those who've lost can tell The pain of parting without farewell.
Sadly missed by Wife and family
