LOCAL HAPPENINGS

Next Sabbath is Palm Sunday

The Baptist Busy Bee Mission Band will give an entertainment on Monday, April 2nd. Keep the date.

Stouffville Board of Trade will meet in Council chamber, MONDAY NEXT, 26th day of March at 8 p.m. Come.

A business meeting of the congregation of the Church of Christ (Disciple) will be held in the church on Friday evening, March 23rd, at 8 o'clock p.m.

On Saturday evening just about the time the counter-hoppers were rubbing their hands together and getting ready to take in the change from a brisk evening's business, the electric lights went out, and the town was in complete darkness for a couple of hours. An overheated bearing was the cause of the trouble, but it sufficed to keep the people off the street, and only in cases of real necessity did people venture out.

It may be tedious to read or talk about the weather, yet there is nothing more important. It has been taking on funny spells of late too. Last Sunday was a beautiful spring-like day when the sap would have run freely, but on Monday morning it was cold enough to freeze an iceberg. The thermometer stood a little above zero, but a high wind blew a desperate cold blast all day long which became increasingly cold towards evening. It was very hard on the almost exhausted coal bins of which there are many at this time of year. Monday night it went below zero again, but on Tuesday the weather became brighter, with the thermometer at zero at 7 o'clock that morning.

On Monday evening in the Methodist church incidents in the life of Joseph, the shepherd boy, and Jonathan, were portrayed in moving picture. Owing to the cold the crowd was not so large, and still the attendance was good considering the awful cold and the fact that there was no electric light until about 8.30. The pictures were greatly enjoyed and were of assistance in helping to fix on ones mind the life of these two men, particularly that of David. This picture was entitled "The Chosen Prince," and is one of a series of three entertainments to be given in this form.

One reason why printing is dear these days and newspapers are making failures at record pace, is the enormous overhead expense. Just recently, for instance we had a mechanic from the Canadian Linotype Co. Toronto, come out and adjust our machine for type setting. He was in our office just four hours, but it cost the Tribune \$28.86 for his services and a few bolts provided for repairs. At one time this firm had a monopoly of the Canadian market but a similar machine is being made with a good agency in Toronto which may in time develop a much needed competition.

Attention is directed to the convention of the City Mission Workers to be held in the Mennonite church at Gornley on March 29th to April 1st. The convention will open on the Thursday evening with an evangelistic meeting to be conducted by M. Griffin. Each afternoon thereafter there will be bible reading conducted by Rev. C. T. Moore, also essays by mission workers. Evangelistic meetings will be conducted every evening. Sunday services commence at 10 a.m., 3 p.m. and 7.30 p.m. to which the public are heartily welcome. Sunday school at 2 o'clock. All meetings are open and promise a profitable time to those in attendance.

Fresh winter caught through the ice White Fish and Salmon at W.H. Smith's rear Button's store.

Clayton Stouffer has just received word that his father, a former resident of Altona, is seriously ill in the West. He is over 80 years of age.

Wednesday was known as the equinoctial period, when the light is equally divided over all parts of the globe. It is marked as the first day of spring.

The Women's Liberal Club will meet on Tuesday evening, March 27 at 8 o'clock at the home of Mrs. W. H. Shaw. Interesting reports will be presented and discussed. Everybody come.

The cost of advertising notices to creditors in the Ontario Gazette has been increased from \$3.50 to \$9.00 for three insertions, which is an advance over the price charged by local newspapers in some towns.

The big wind, snow and rain storm on Monday of last week, put the Metropolitan railway out of business. Several poles opposite the Jail farm below Richmond Hill broke and caused a tie-up for the day. The industries using electric power had to close down.

Abraham Stouffer on the 10th concession has leased the adjoining farm belonging to Noah Stouffer, and recently worked by Harry Stouffer, who is having an auction sale on the last day of March. Mr. Stouffer will work the place in conjunction with his own farm.

Mrs. Thos. Thompson, a sister to Rev. Dr. Moore, of Uxbridge, dropped dead one morning in the kitchen of her home in that town, while preparing the table for breakfast. Mr. and Mrs. Russel Gray of Ballantrae who are relatives, attended the funeral. Dr. Moore will be remembered as a former pastor at Ballantrae.

Stouffville U. F. O. club and their ladies held an oyster supper at the residence of Mr. and Mrs. F. H. Sangster last Friday evening. Besides the splendid feast, music was indulged in, also speeches were provided, some short, others lengthy, by the following, Pres. S. W. Hastings, Wm. Jones, Jess Cook, Earl Davis, A. E. Booth, David Rusnell, F. H. Sangster.

That the police force in Canada is a weakling as compared to that of the religious force, was established Monday evening by debate in the Presbyterian church. The discussion was, "Resolved that religion does more for Canada than the police force." The affirmative won, and was upheld by Allan Collard and A. Orm. The negative was supported by Jack Monkhouse and Edison Wilson. Rev. Mr. Sommer with Archie Stouffer and I. Rusnell were the judges.

On Wednesday evening of last week the Garrett Mission Circle held an open meeting in the basement of the Methodist church. The opening part of the program took the form of a regular meeting, followed by Missionary readings, and a duet by Miss Morgason and Mr. Drewery, and a solo by Mr. Booth. The main feature of the evening's entertainment was an address on "Womanhood" given by Rev. J. J. Coulter of Danforth Avenue Methodist church, Toronto. The closing number on the program was a pageant entitled "Our Dominion and Missions." Rev. Mr. and Mrs. Coulter were presented with a bouquet of carnations from the circle. The presentation was made by Miss Isabelle Coulter, the youngest life member of the circle. Refreshments were served by the young ladies. Collection amounting to \$17.50 was realized.

Unknown Ruffian Attacks and Injures Young Lady
Miss Flossie Barkey, aged 23, living at 83 Parkmount Road, Toronto, reported to the police Thursday morning that she had been attacked by an unidentified man, who struck her on the head with a stick while she was walking along Pease Avenue, between Parkmount Road and Rhodes Avenues, Wednesday night. Miss Barkey suffered a gash on the head and lost much blood. Miss Barkey's story was that the man attacked her without saying a word. He made no attempt to snatch her purse, which she was carrying on her arm, and he took to his heels when she screamed. Owing to the bad light and the celerity with which the ruffian disappeared, Miss Barkey was unable to give a description of the fellow. The subject of the above sketch from a Toronto paper is the daughter of Mr. Isaac Barkey, proprietor of the foundry in this place.

Though Orville Helsey was completely exonerated by the coroner's jury and later by a jury at the assizes, from all blame for the fatal automobile accident at Hagerman's Hill last August, which resulted in the death of Wm. Hunter and slight injuries to D. Robertson, it was only a few days ago that he succeeded in freeing himself from the clutches of the law. Mrs. Hunter entered an action for damages for the loss of her husband last fall, and this Mr. Helsey settled a few weeks ago. Then Mr. D. Robertson, who was slightly injured, demanded damages and a settlement was effected with him last week. Mr. Helsey and family feel greatly relieved at having this long burden off their minds, even at heavy pecuniary expense, over an accident which Mr. Helsey did everything in his power to avoid. Mr. Helsey was a former citizen of Stouffville.

GOODWOOD

Miss Murison had her brother visiting here on Sunday

Mrs. John Maye visited friends in Toronto over the week end.

Elmer Rodman spent a couple of days with his grandparents last week. Mrs. Rodman is improving, we are pleased to hear.

Miss Legate gave an interesting talk on "Home Missions among the Chinese," at the League last week, and the pastor told us something new about foreign work.

The Mission Band met at the parsonage, Saturday and are having a special missionary program on Good Friday night for which they are busy practising. We hope to have a good rally and Easter Thank offering.

Mrs. Meyers is some better and we hope will soon be out again.

Mrs. Geo. Maye visited the neighboring village of Uxbridge on Wednesday of last week.

Well, the suspense is over and now that the bride and groom have embarked on their voyage through life as husband and wife, we wish them every happiness and success in their home and community. We hear the send off at the station was something to be remembered. The confetti must have been plentiful when it could be poured out by the scuttle full. We hope its an omen that they will always have

plenty of fuel to keep the home fire burning. "Eh Charlie?" Oh, thou wild March blast. We know thou can't not last. Winter will soon be past. For spring has been forecast.

St. Patrick Day passed off peacefully in Goodwood, the weather being fair and cool. We heard of at least one citizen who wore a "green tie" in honor of the day.

Sunday weather was so spring-like it coaxed out a number to school who have not been out much of late. Rev. W. Rendall is to give the review of S. school lessons.

Rev. Geo. Smith of Toronto will give a talk on "South American Missions" at next Sunday night's service in the Methodist church.
