## LOCAL HAPPENINGS

Clean up and paint up!

Reduced Prices in Millinery on Saturday, May 19th, at Mrs. M. E. Watt's.

BE at the "bee" this Friday afternoon. All citizens are ask to help.

When Wilnot Vague, employed on the Good Roads, attempted to jump from a wagon to the ground, he alighted on a shovel sticking in the ground and the handle fractured two ribs for him.

The Board of Trade held a meeting on Monday evening for the purpose of discussing the form of attraction to be put on here July 2nd, which has been a big day in Stouffville for some years.

Frank Stiver of Stiver Bros. marketed 35 head of choice export cattle on Monday averaging 1303 pounds, which realized a price of \$8.40 per hundred. In all he sold 55 head, 12 other exporters, and the remainder were butcher cattle.

With big celebrations in Stouffville on May 24th and again on July 2, Chautauqua coming on July 4th, and the double baseball schedule this summer the people of this locality are sure to be provided with plenty of entertainment.

As an evidence that Stouffville is an economical town in which to live and therefore a desirable place for anyone to locate, we are informed that one of our citizens figures he lives on an expenditure of 19c per day, and keeps a wife and child. You couldn't beat this in pre-war days.

The "bee" to clean up the Park grounds will be held this Friday afternoon. It was postponed last week on account of wet weather.

If you have a bit of news, send it in; or a joke that will amuse send it in; a story that is true, an incident that's new, we want to hear from you, send it in; never mind about the style, if the news is worth the while, it may help or cause a smile, send it in.

Sympathy is expressed for Mr. and Mrs. J. W. McMullen who reside on the outskirts of the town on the 10th of Markham, over the death of their year old babe, which passed away on Wednesday night last week from bronchitis. The funeral took place on Saturday. Beside the parents there are eight in the family, surviving.

Fred Betz has moved into the new house constructed by him on Main street this spring.

The pavilion at Musselman's Lake will be opened for the first dance of the season on the evening of May 23rd.

Heavy frosts over night were experienced in this locality the latter part of last week and Sunday night. The ground froze quite hard in places.

CARTAGE BUSINESS FOR SALE In order to wind up the trading and express business carried on by the late E. Burkitt, including horse rigs, etc. is offered for sale. For further information apply to Mrs. B. Burkitt, Stouffville.

Thos. Kellington has sold his house in the west end, next to Councillor Alex. Scott, Main street to a former citizen, Joseph Park, now of Toronto. Mr. and Mrs. Park will return to town in the near future. In his active days Mr. Park conducted the planing mill here.

We understand work is to commence this week on putting in the switch, and the erection of the oil tanks to the south of Blake street for the British American Oil Co. When all is stored here in future there will be a truck kept here for the purpose of distributing gasoline and coal oil in the surrounding country.

On May 24th there will be twenty five crippled veterans in town for the celebration, all patients at Christie street hospital, Toronto. It is planned to give these unfortunate lads a right good time, from the moment of their arrival until the return trip in the evening. We understand citizens of Toronto are furnishing automobiles to transport the boys on the morning of the holiday.

Members of Stouffville Lodge, I.O. O.F., No. 334, are hereby requested to meet at their lodge rooms on Sunday, May 20th at 2.30 in the afternoon, for the purpose of attending divine service in a body, at which Rev. Mr. Warren will deliver the sermon. Sister lodges are invited to join. They will also decorate the graves of the departed brothers. C. Baker, N.G., W. R. Sanders, Secretary.

Toronto Star:—The late Frederick T. G. Wilson, who died at his home, Stouffville, April 10th, appoints his wife, Fanny Wilson, sole beneficiary and executrix of the estate amounting to \$22,283.63. This amount consists of \$1,483.63 cash and securities, vacant land at Bond and Dundas streets, Toronto valued at \$20,000, land in Etobicoke township \$700, and 2 vacant lots in the village of Stouffville listed at \$100.

It is the intention of the committee in charge, that every convenience shall be provided for the big Mennonite Camp Meeting to be held in Brown's woods on the 10th concession the latter part of June and fore part of July. Plans are being formed to have the grounds lighted by electricity and water pipes are likely to be laid from the town mains to the camp. This will prove a great convenience to campers and save the male population many pleasant (?) moments drawing water.

It is currently rumored that officials of the T. Eaton Co. are the purchasers of the Dr. Dales farm at Musselman's Lake. It is to be used for the Eaton Girls' Club, and the place will in future be known as "Shadow Lake." On Monday two cars of lumber were unloaded at Ballantrae for construction purposes on the property. Fred Betz is manager of the carpenter gang, which is now at work on the erection of a cook house, sleeping rooms or bungalows, and a community hall. These will be three separate buildings, so that it looks as though the property is to be developed on an extensive scale as a private summer resort.

R. J. Rogers, district representative of the Department of Agriculture, has notified the public school principal that he will not arrange a school fair for Stouffville. We take from Mr. Rogers letter that his time is all taken up, and he cannot take on any more fairs. Just why Stouffville should be barred we do not understand, and if Mr. Rogers is unable to handle the amount of work under his department assistance should be given. Stouffville has as much right to demand a school fair for this district as the schools of Whitechurch or portions of Markham, and we expect the same assistance from the Department representative. If the local Board of Education stand for their rights they may be accorded at least the same consideration as smaller schools in the riding.

We have just received at this office a copy of the Municipal statistics, as published by the Bureau of Municipal Research. In the County of York there are seven villages of which Stouffville is the largest with the single exception of Richmond Hill which shows only a population of 29, more than this place. In point of municipal debt however Stouffville shows only \$17,000 municipal and \$33,659 school debt, whereas Richmond Hill has a municipal debt of \$111,639 and a school debt of \$26,701. The village of Stouffville occupies an area of 440 acres, and in respect to general advantages and taxation is the most favorable of any village in York to locate in.

J. J. Brown last week purchased the Peter Raymer house adjoining the cemetery on the 10th concession for \$1000.

The usual Christ Church (Anglican) service will be held in Ratcliff's hall, next Sunday, when a sermon will be preached by the Rev. Archdeacon Warren of Toronto to the Oddfellows at 3 p.m.

Rev. Mr. Templeton of Toronto preached an Ascension-tide sermon on the words, "Come along with us, we will do you good," at the Anglican church last Sunday.

The friends of J.A.M. Armstrong for many years the Conservative member for North York in the Commons will learn with regret of his very serious illness at his home in Lloydtown.

Coming, Eyesight Specialist—Dr. F. E. Luke, 167 Yonge St., Toronto, Optometrist, at J. Boadway's Drug Store, Stouffville, Thursday, May 31st. Glasses if required at right prices.

The report circulated that Miss Carpenter who was killed in the motor accident at Pickering village had at one time lived in South Africa, is incorrect. Friends of the unfortunate girl who live in Stouffville inform us that the young lady had never been in South Africa. Her father and mother are both living near Sutton, and she is also survived by four sisters and three brothers.

The ladies of the choir and members of the two mission bands in the Presbyterian church, tendered a shower of miscellaneous articles to Mrs. Geo. Collard on Tuesday evening. The popular choir leader was taken completely by surprise, when the members arrived at her home. Refreshments were served, and all expressed their delight in being able to express their good will in such a manner.

Along the county highway just west of Stouffville there has been dumped a number of loads of tin cans and other discarded matter. Citizens of this town are credited with having carted this stuff there, and it does make the approach to the town very unsightly, while at the same time it is unlawful to decorate the roadside thus. The guilty parties must have been in a dilemma as to what was to be done with the accumulation that gathered about their places in the spring clean-up. Common decency forbids one from housing it in his dwelling, the Board of Health forbids it being left on the premises, so the only thing if you have more than can be buried, is to slip it along to some other fellow, and that's what is being done. A public dumping ground is a real necessity in every community.

It was with difficulty that Walter Brillinger was able to secure a dry day last week in which to hold his barn raising on his property to the south west of the town. After one or two postponements that affair was pulled off on Friday afternoon with none too favorable weather. It was damp and cold, but this didn't dampen the spirits or chill the ardor with which some 60 or 70 men entered into the task of erecting the frame of the structure to be about 50x60 feet. The captains were: David Stouffer and Jacob Reesor, both well qualified to conduct the race. Mr. Reesor's side claimed the victory but it was only by a margin so close that it was disputed and the honors were almost equal. The boys all did good work and were entertained to a tea which left nothing to be desired. Mr. Brillinger had the domestic water service installed in the new building, which when completed will be a splendid barn.
