GOODWOOD

The weather of the past week has kept back gardening and seeding around here. The blossoms will hardly be out by the 24th.

There were not so many flowers in evidence this year for Mother's day as last season. However, quite a number wore a remembrance of the day.

There have been a few in this locality who have their cars in running order now that the roads are improving. We hope the snow will not cause any further trouble this spring.

Mr. Woodland addressed the S. School on Sunday a.m., hope he will give the school a good recommendation.

At the first meeting of the League under new officers there was a good attendance. Miss Legate had charge of the C. E. dept. and gave a short talk, Miss E. Johnson read a paper on "Beauties of Friendship." Some business was transacted upon the suggestion of Committee who met before the meeting. The sum of \$15 was voted toward church expenses.

Who will go to Uxbridge and attend the fair or take in the Veterans' celebration at Stouffville on 24th? We hope the weather will be favorable, then choose ye which way ye shall go, and good luck to ye.

Epworth League officers elected are:—

President, Mr. D. Crummie.
1st Vice, C.F. dept., Miss Legate.
2nd Vice, Miss, Miss E.J. Johnson.
3rd Vice, Citizenship, Miss Lane
4th Vice, Lit. & Social, Miss J. Harper
5th Vice, Jun. dept., E. Tyndale
Sec., Miss H. Robinson.
Cor. Sec., Miss Smalley.
Treas., Fred Robinson.

The League had a good report to show, attendance very fair average and the finances in good shape. Raised for Mission fund \$50, besides piano fund.

MARKHAM TP. COUNCIL

Damages Claimed for Heavily Loaded Milk Truck—Sub-Dividers Ask Water from Richmond Hill

The members were all present at the regular meeting of the council on Monday last week at Unionville.

The Oakvale Dairy of Toronto asked the council to pay a repair bill for \$340.92 damages done to a big truck by running into a washout hole in the road on the 4th concession at Buttonville, also for the loss of two cans of milk spilled. The accident occurred about the 29th of March. The council were of the opinion that they were not liable for damages in this case. The hole complained of was caused by the melting of the snow, and was therefore an act of nature of which they were not aware at the time, and further that from information received they believed that the truck was operating contrary to the "Loads of Vehicles Act," carrying a load of about 60 100-lb. cans of milk; if this was the case the owners could not recover damages but were liable to a penalty for breaking the law. The clerk was instructed to notify the Oakvale Dairy Co. to that effect.

J. T. Jenkins claimed compensation for damages done his cutter through accident in overturning on Gamble sideroad in March, caused by state of road, and Mr. Gohn was appointed a commissioner to investigate and adjust matters if he thought the municipality was liable.

The Dominion Board of Railway Commissioners wrote recommending that the trees along the roadway on the sideroad, lot 5 and 6, con. 9, for a distance of 200 feet of the C.P.R. railway crossing be trimmed to a height of ten feet. This is where Mrs. Hilliard Fleming was badly injured when the motor car her husband was driving was struck by the train.

James, Proctor & Redfern, township engineers, approved of the plan for sub-division of lots 4 and 5, con. 11.

A resolution was passed appointing the whole council and Engineer James a commission to meet Richmond Hill council and see what could be done in the matter of an agreement.

A. D. Bruce was heard re responsibility of owners of gravel pits as to accidents, and was assured by the reeve that the council assumed all responsibility when gravel for the use of the municipality is being taken out.

Mr. Bruce also was heard on behalf of the Stouffville and Bethesda and Home Telephone Cos. respecting the trimming and removal of obstructing trees necessary in running their lines. Without a bylaw to that effect the owner of the land along the roadside had full control of the trees in front of his property and not a limb could be removed without his consent. In one or two cases people had objected to any trimming, whatever. He did not want permission to butcher or trim trees indiscriminately, but he wished the council to pass a bylaw which would leave the matter in the hands of an inspector or the council to determine the matter in case of objection by the owner.

He submitted a bylaw in force in Whitby township, which provided that any person, firm or corporation affected by the planting of trees upon the highways or by trees already planted thereon, the same may be trimmed or removed if so determined necessary by the council. The members of the council thought Mr. Bruce's request a reasonable one and passed a similar bylaw to take immediate effect.

Accounts passed:

G. A. M. Davison, registering births, marriages and deaths
209 at 25c. \$ 52.25
Pedlar People, culvert. 32-92
E. Lintner, rep. grader. 5-25
E. Deeger, burying cow. 5.00
Corson & Son, printing voters' lists, auditors' reports, stationery and advt. 403.80
S. L. Hutcheson, auditing accounts 50.00
A. D. Bruce, 20 yds gravel at 20c. damages to road \$10.00 15.00
Toronto General Hospital, maintenance Lillian Fuller, 81 days, \$121.50 and Annie Novick, \$39 160.50
Hospital Sick Children, maintenance Vera Laidlaw, 20 days 30.00
A. F. Wilson, preparing Hydro Electric bylaw, Unionville Police Village 23.05
Mr. Forster, assessor, suggested that the general township school levy be raised from \$600 to \$500, or better still \$900, to be fair to the smaller sections. He also thought that the union school sections should be equalized again this year as there had been a good deal of subdividing in some union sections.

The treasurer was instructed to pay Jas. Brodie, R.R. 4, Stouffville \$150 for sheep injured by dogs as valued by Truman Holden, sheep valuator.

Accounts passed for Div. 5:
Geo. Bowers, account 29.72
John Fisher, account 96.56
Jos. Williams, account, R. A. Smith, commissioner. 38.00
J. A. Mitchell, superintendent roads, overseeing roads and mileage. 91.00

The members of the council were appointed a commission to inspect the roads and bridges of the municipality and will go over the roads the third week in May.

A resolution was passed petitioning the President and Directors of the Canadian National Railways to improve the service on the Midland Division by running a morning train to Toronto to reach the city not later than 9.30 a.m. and to leave the city about 7 p.m.; also that an electric car service be inaugurated to meet suburban conditions arising in the township, to run into the city on the proposed Toronto Eastern line.

A bylaw was passed increasing the salary of the clerk and treasurer from \$1,000 to \$1,250. The work of this official has more than

doubled during the past two years and necessitates more help. The clerk also provides his own office which for rental and fuel would cost at least \$250 a year.

The reeve was appointed commissioner to build a concrete bridge at lots 30 and 31, con. 4.

Council adjourned to meet on Monday, June 4th for general business and as a Court of Revision.

ANOTHER CATTLE SALE

On Saturday, May 19th at the Mansion House in this town will be offered what the owner claims to be the choicest lot of big heavy grass cows yet brought here for public sale. In addition there are 40 stockers and a number of beef ringers, all just the cattle sought by the farmer today. Cattle are leaving the country fast, due to the embargo being lifted, and England can take more cattle now than we have in Canada. The industry never had better prospects and the wide awake farmer has a chance for good turnover. Five months credit offered. Whether you want milkers or stockers, or perhaps beef ringers, be on hand Saturday, for there will be some of each. W. A. Fanning, prop., F. W. Silver, sides, auctioneer.
