Makes Healthy Herds

THE herd that is fed on Schumacher is known by thin, loose skin and fine, glossy hair. These are the indications of good health.

Schumacher is the perfectly balanced, palatable, kiln-dried ration suitable for all live stock. Young cattle and hogs thrive best on it. All animals eat it greedily—it keeps them healthy and full of vigor—they never get "off their feed."

Give Schumacher a trial. It is better than any straight grain ration and it is more economical. Every bit of it is digested.

MR. BONAR LAW
Ill health forces Britain's Prime Minister to resign office.

BONAR LAW'S ILL HEALTH FORCES RESIGNATION OF BRITISH PREMIERSHIP

London, May 20.—Prime Minister Bonar Law, after but about seven months in office, this afternoon resigned the Premiership on account of ill health. It is definitely stated here in the best-informed political circles that Foreign Minister Curzon will succeed him.

Sir Frederick Sykes, the Premier's son-in-law, and Colonel R. Waterhouse, his private secretary, conveyed the resignation to King George at Aldershot, and this evening Downing Street made the news public in the following statement:

"Mr. Bonar Law's voyage did not improve his health, and on his return to London yesterday he was examined by his medical advisers, who signed the following bulletin:

"In spite of his rest the Prime Minister's voice is still unsatisfactory, and we are unable to promise an improvement within a reasonable time.

The state of the Prime Minister's general health is not good."

King George received a letter from Mr. Bonar Law in which the retiring Premier said that according to the urgent recommendation of his medical advisers he desired to resign the Premiership and as First Lord of the Treasury.

In accepting the Premier's resignation, King George expressed the deepest regret and inquired solicitously as to Mr. Bonar Law's health.

A strong indication of Marquis Curzon's succession is given in the fact that he visited the King at Aldershot to-day and then returned to his country house again. It is presumed this visit had to do with Bonar Law's successor.

The Foreign Secretary has been acting Premier since Bonar Law left for his rest and the chances of his assuming the office permanently are good, although there is much opposition to having a Prime Minister who is a member of the House of Lords. Chancellor of the Exchequer Baldwin, another strong "possible," was in London for a time to-day, but later returned to Chequers.

BRITAIN BUILDS LARGEST SUBMARINE

World's Most Powerful Under-water Craft Nearing Completion at Chatham.

London, May 20.—The mysterious British submarine, X-1, nearing completion at Chatham, will be, when finished, the largest, most powerful under-water war craft in the world, it is said here to-day.

On the surface she will displace 2,780 tons and submerged 3,600. The latter displacement is 1,490 tons greater than the largest German war-time submarine. It will be almost as great as that of the Caroline class of British light cruisers.

The new submarine will probably mount 12-inch guns, which will make her more than a match for many surface war craft. Britain has already commissioned the M class of submarine, which mounts a 12-inch gun. The first of these was completely shortly before the armistice. The gun fires with the muzzle just projecting above the water and is sighted by sighting the submarine itself.

SAD FATALITY NEAR DRUMMONDVILLE, QUE.

Five Children of Thomas Houle Drowned in Well When Cover Tilts.

Drummondville, Que., May 20.—Five children of Thomas Houle, of St. Nicéphore, a small parish three miles from here, were drowned in a well this afternoon, when the temporary cover on which they were standing tilted, and plunged them into the water. The fatality occurred a short distance from the Houle home.

The children ranged in age from six to two years.

One other, a baby one year old, escaped, owing to the fact that he was not old enough to clamber upon the cover.

Houle was about to take the children for an automobile drive. He was in the garage at the time of the happening of the tragedy, and called to them to get ready. Receiving no answer, he went to the well and saw the five bodies floating in the water. The children were dead when taken out of the well.

One Million U.S. Born Live in Canada

It is estimated that there are approximately one million people in Canada who were born in the United States, or about twelve per cent of the Dominion population. Most of these are to be found on farms in the Western Provinces. Nearly one hundred million acres of Western Canadian land has been settled by homesteading, and citizens of the United States have accounted for thirty per cent of such settlement, as against twenty per cent on the part of British. In addition, United States citizens are each year the heaviest purchasers of privately held and improved lands and farms.

Loses Seat on Council for Ignorance of Lord's Prayer

A despatch from Quebec says:—As a result of a literary test, a Councillor of the village of St. Casimir, Portneuf county, was deprived of the right to sit on the Council of that parish on Friday morning by a judgment rendered by Justice Gibson, in the Superior Court, on a writ of "quo warranto" sought against the respondent for alleged illiteracy. The decisive test took the form of an attempt to write the "Lord's Prayer" in French. After over half an hour of strenuous work the respondent, on the stand, had succeeded in writing only two sentences of the prayer.

Seven Irish Deportees Placed Under Arrest

A despatch from London says:—A further batch of nine deportees was returned to England from Dublin on Friday, and seven of them were re-arrested. Two of the ninety who reached England on Thursday were already in custody, so that, apart from O'Brien, nine of them have been arrested again.

Two Little Girls Save Nova Scotia Express Train

Sydney, May 20.—Discovering a flaw in the railway track at Eden, N. S., on Friday night last, two small daughters of William Miller, section man, procured torpedoes from their father's track-walking outfit and stopped the Sydney Express in time to prevent its derailment. The children are ten and twelve years of age.

Butterflies, which are very prolific in Australia, are suffocated in thousands by the aborigines, and separated from their wings, pressed into cakes and eaten.

NOTICE TO CREDITORS

In the matter of the Estate of Thomas Lewis late of the Township of Uxbridge in the County of Ontario farmer, deceased.

NOTICE is hereby given pursuant to Section 55 of the Trustee Act, R.S.O. 1914 Chap. 121 and Amending Acts that all persons having any claims against the above named Thomas Lewis who died on or about the 27th day of April 1923 at the Township of Uxbridge in the County of Ontario, are required on or before the 28th day of May 1923, to send by post prepaid or to deliver to the undersigned Executor or his Solicitors, their names and addresses and full particulars in writing of their claims and the nature of the security if any, held by them duly verified.

AND TAKE FURTHER NOTICE that after the said 28th day of May 1923, the said Executor will proceed to distribute the assets of the said estate among the persons entitled thereto, having regard only to the claims of which he shall then have had notice and the said Executor will not be liable for the said assets or any part thereof to any persons of whose claim he shall not then received notice.

Dated at Stouffville, May 8th, 1923.

Leonid Krassin
The envoy of Soviet Russia, who is in England to negotiate with Lord Curzon. Britain will extend time for negotiations but will accept nothing less than compliance with her demands.

Soviet Government Gives 2,000,000 Acres of Forest

A despatch from Riga says:—The German Eastern Relations Society has signed a concessions agreement with the Government at Moscow, whereby it receives 2,000,000 acres of forest land along the Moscow-Rybinsk Railway. It will undertake to spend \$3,500,000 to complete 200 miles of railway.

Fifth Generation at Funeral of Montreal Centenarian

A despatch from Montreal says:—Francis Robideaux, centenarian, whose funeral took place here on Thursday, is survived by five children, 32 grandchildren, 58 great-grandchildren and three children of the fifth generation.
