

WHEAT PRICE SLUMP BIGGEST IN 50 YEARS Wheat growers, with a surplus of 170,000,000 bushels in bins and elevators, their sickles sharpened and threshers tuned ready to harvest another crop, are skirting downward over an uncertain price slope and developing a baffling problem for economists to solve—so baffling, in fact, that seven Governors have called a national wheat conference, which opened last week.

BETHESDA A large number from this locality will be at Stouffville on Monday to see the big lacrosse match. On Tuesday evening, July 3rd, a debate will be held at the Young People League, Bethesda. Subject—Resolved that good nature is more to be desired in a housekeeper than the ability to bake and sew. Two of our local ladies will uphold the negative while two young men from Providence Baptist church will uphold the affirmative. Everybody welcome.

UXBRIDGE TWP. COUNCIL The Council met at Goodwood, July 16th. The members were all present with the Reeve in the chair. The minutes of the last meeting were read and approved and on motion confirmed and signed by the Reeve. The following communications were then read: From Pedlar People, Oshawa, enclosing copies of orders for culverts. From branch of Amusement Tax Office, re appointment of Caretaker of Township Hall. From Mr. Albert Wilson, returning road list, as he had moved away and resigning office as Pathmaster. From Sawyer-Massey Co., enclosing receipt in payment in full for grader and repairs. From Miss E. McKay, acknowledging a copy of summary of Assessment Roll for current year. From Clerk of Uxbridge Town, enclosing copy of resolution passed by Council of said Town re establishing a registry in Town of Uxbridge and asking that a similar resolution be passed by this Council and copies of same be forwarded to the Hon. the Attorney-General and also to Mr. W. Widdfield and D. W. Walls. Mr. Roach seconded by Mr. Catherwood moves that Mr. John Manley be appointed Pathmaster in lieu of Mr. A. Wilson, who has moved to Toronto. Carried.

DISTRICT NEWS Aurora Horse Show was a grand success, over 2000 people being there to witness a very large class of well-bred horses. Schomberg had a \$30,000 fire in which three stores and a dwelling was destroyed early on Friday morning, June 15th. The loss partly covered by insurance. Rev. A. P. Wilson who recently resigned the pastorate of Mount Pleasant Baptist church, has accepted a call to the pastorate of the Sunderland, Manilla and Cannington churches. He will begin his new duties shortly, when he preaches at Cannington.

For a Small Sum We can Protect You You would not think for a minute of doing without Fire Insurance. Then why not protect with a good system of Lightning Protection. Last year there were 1012 fires in Ontario, entailing a loss of \$784,000 on unrodded buildings. We haven't a record of any damage on Protected Buildings. Protect your buildings with our system and save worry and fire waste. GEO. E. BAKER PHONES 17902-17903 STOUFFVILLE

Mr. Roach seconded by Mr. Catherwood moves that whereas the Council has examined a complaint respecting some pine trees cut on cor. lot 15, and that Messrs. A. Haynes, E. Forsyth and E. McNelly to value said trees and report to this Council at next meeting and the Clerk notify the above mentioned of their appointment—carried. Mr. Lee seconded by Mr. Catherwood moves that whereas the appointed Amusement Tax Commissioner for Tp. Hall, Goodwood—Carried.

There was a sad drowning accident at Wilcox Lake on Friday last in which Norman Walton, teller in the Sterling bank, Richmond Hill, son of Mr. and Mrs. Norman M. Walton of Aurora, lost his life. The young chap along with three others set out in an old punt, and after they had gone out considerable distance the punt began to leak, and went down. Walton being unable to swim, sank and the other occupants managed to get to shore.

LEMONTVILLE Wedding bells are ringing. Mrs. John Kelling visited in Toronto for a few days. Mr. and Mrs. Mahon visiting at Kingston a couple of weeks. A number attended the funeral of John K. Miller of Peaches Corner. Mrs. Saunders and Miss Alice visited relatives in Newmarket last week. Mr. and Mrs. W. M. Nesbitt visited relatives near Oshawa over the week end. The election went pretty dead in this poll. Very little over half the possible vote was polled. A large number around here expected to attend the big celebration at Stouffville on Monday next. Saturday was a red letter day for the Sunday school children of this place when they held their annual picnic at Musselman's Lake. Parents, teachers and scholars were nearly all present and entered into the joy of the occasion. Competitive games were enjoyed, and served to put a keen edge on the appetites of all present, so that the supper was greatly enjoyed. George McKuen and his staff of teachers are to be congratulated for having such a live organization. GOODWOOD Mrs. I. W. Wagg went to Stouffville one day last week. Some from here attended the decoration service held at Uxbridge on Sunday. J. Ashenhurst has been a busy man with barn raising, etc to superintend. The other carpenters are also kept busy these days. Mr. N. Mays is helping his father George. The masons are busy there at present putting a foundation under the driving shed for a pig pen. The election passed quietly on Monday, J. W. Widdfield getting only 6 of a majority over the conservative, D. W. Walls. Mr. and Mrs. Bert Sharpe and family were among those who motored to Uxbridge and met others of the family connection. They stayed at Goodwood with Miss Edith Pugh on the return trip. The Trustees of Goodwood cemetery are trying to get the various plot holders to have their plots cared for and decorated as in other places so that it may be a credit to the community. We hope to see an improvement. Quite a number of our football enthusiasts went along to cheer the boys when they played with the Greenwood team on Saturday. Evidently the boys had good luck and came home rejoicing, the score being 2-0 in favor of Goodwood. We hear that the annual strawberry festival will be held on July 4th. The neighboring towns seem to have a monopoly of the 1st July, Dominion Day, so we will celebrate Independence Day in Goodwood, (without fireworks.) We expect the new Methodist pastor, Rev. Mr. Otton to be here on Sunday, July 1st. We trust he will find a hearty welcome and have a successful term on this circuit. We wish the outgoing pastor, Rev. T. W. Lane and family, God speed upon their journey north to Emsdale circuit.

Appropriating the following amounts for gravelling and other work on roads at places mentioned and payable to the order of the Commissioners named, viz: \$150 on 9th con. around Musselman's, \$50 on 9th con., opposite lot 15. Deputy Reeve, commissioner. \$125 on 5th con. opposite lot 1. Councillor Leary, commissioner. \$100 on sideline between lots 5 and 6, con. 6. Councillor Baker, commissioner. Council adjourned to meet at the same place on Wednesday, Aug. 1, next at 10 o'clock for general business.

The Greatest Service—The Least Attention There's no piece of farm equipment that gives so much service over so long a period with so little attention as a good windmill. That's why I recommend the Toronto Self-Oiling Windmill so highly. Lots of Toronto Windmills have given from eighteen to twenty years' service with practically no attention outside an occasional oiling and are still operating satisfactorily every day. In the Toronto Self-Oiling Windmill all gears operate in a bath of special oil affected by neither heat or cold—every bearing thoroughly and automatically lubricated. New oil is required only once a year. If you already own a Toronto Windmill, I can give you this self-oiling feature by merely interchanging the head and using your present wheel. Most Toronto Windmills, too, can be made absolutely self-regulating in operation. N. LANKTREE Stouffville, Ontario. SELF-OILING WINDMILLS

More Pounds of Flesh More Quarts of Milk THINK of it! Schumacher will produce more pounds of flesh on a hog and more quarts of milk from a cow at less cost per unit than any other feed that can be fed. It is a palatable, kiln-dried ration, perfect in balance. All animals eat it greedily and digest it every bit. Schumacher Feed is manufactured from milled products of Corn, Barley, Wheat, Oats and Linseed Meal, evenly ground, sold in new sacks which carry the Government guaranteed chemical analysis. Keep a generous supply of Schumacher in your feed bins. The results will convince you of its value. SCHUMACHER FEED STIVER BROS.

MONGOLIA Mrs. Thos. Smales is visiting her son Albert in Toronto for a few days. Mr. and Mrs. K. G. Tarr and Clayton visited with Mr. and Mrs. Geo. Middleton of Clarendon on Sunday. Mr. and Mrs. W. Hopkins and family visited Mr. and Mrs. Green on Sunday. Mr. and Mrs. C. Bunker visited at Cherrywood on Sunday. Haircuts at Atlantic City are soon to go to one dollar. It is presumed that business men will charge this item up to overhead expenses.
