Nature's Method

The scientific practice of Chiropractic is a natural method of treating disease at its source—the spine. When the vertebrae of the backbone is displaced the nerve energy stream is retarded. Adjustments restore it to its normal functions.

MONDAY, WEDNESDAY & FRIDAY 9 TO 12 A.M. AT STOUFFVILLE ONLY

ARMENIAN RELIEF ORGANIZED HERE

At a public meeting in Ratcliff's Hall on Tuesday evening, it was decided to form a local branch of the Canadian Armenian Relief Association.

The meeting though small in numbers, due to the wet night, and rather indifferent advertising, did not lack in enthusiasm, after hearing the address of the evening, made by A. J. Vining, general secretary. He told vivid stories of the terrible atrocities committed by the despicable Turk. The Canadian Relief Association had established a home at Georgetown where some fifty little Armenian boys are now located, all orphans, whose fathers were killed in a savage manner, and every one of them fought for the British in the Great War. It is to save these and thousands of others that the Relief Association is formed.

At the conclusion of the address it was decided to form a Stouffville branch of the Association, and at a later date a campaign will be waged here to raise funds for this laudable work. The officers of the local association were appointed as follows: President, J. H. Ratcliff; Vice-President, A. Stouffer; Secretary, Mrs. E. A. Button; Treas., A. C. Burkholder.

Bert Tait is numbered with the one-legged men these days, while nursing a sprained knee.

The regular meeting of the U.F. W.O. will be held at Mrs. Harvey Moyer's home, Richmond Hill, on Tuesday, Sept. 25th at 2.30 p.m. Everybody welcome.

On Thursday afternoon this week the York County Medical Association meets in Stouffville at the residence of Dr. W. A. Sangster. The members will hear an address from Dr. Crosby of Toronto.

Percy Stover has just received his lieutenantcy in the First Battalion, York County Rangers. Lieut. Stover expects to take out his captaincy this winter. On account of his excellent work with the machine gun corps at Niagara camp this summer he is likely to be the O. C. of that corps.

SENDING HONEY TO THE ROYAL SHOW.

J. L. Byer, the big honey man in Markham Township, was in town on Monday, and informs us the honey crop in Ontario will be considerably less than last year, when there was a big over-production. This sent the price downward with a bump when it came to selling in car lots such as Mr. Byer does, resulting in slim profits for the apiarist. Mr. Byer, who is one of the outstanding apiarists in Ontario, gathers his crop from apiaries he owns in York, Simcoe, Ontario, Wentworth and Halton counties. The finest grade honey comes from his apiary back of Hamilton where there is no buckwheat grown. From this place Mr. Byer is sending honey this year to the Royal show in London, England, his product having been selected for exhibition by the Canadian Government.

FARMER FINED \$200

As a sequel to the seizure by Provincial Officers of 1500 gallons of alcohol valued at \$30,000 in a barn about two miles west of Whitby, Mark Holliday, the owner of the barn, appeared in Police Court before Magistrate Clarke, in Pickering, last Friday afternoon. He was tried and found guilty of having liquor in a place other than his dwelling house, and received the minimum fine of \$200 and costs.

Licence Inspector C. A. Mason of Oshawa, one of the officers conducting the raid, told the story of the seizure of the alcohol stored in Mr. Holliday's barn near the lake shore. He produced the certificate of analysis showing that the alcohol was 16749 per cent. proof spirits. There was nobody around the premises but Mr. Holliday, and he was in bed. Mr. Sinclair asked if Mr. Mason had received information that liquor was in the barn, belonging to Mr. Holliday. Mr. Mason replied that his information was that there was liquor in the farm. He went to the place alone the first time and found some liquor, and seized a car. This was not Mr. Holliday's car, but it had since been ascertained that it belonged to Harry Goldstein, of Toronto. About twenty minutes later Mr. Mason returned with four or five more officers to search. During the search the men found 60 cans stored in the granaries of the barn. There was nobody to be seen around, and no one was seen on the way there. Two men were seen in the car when Mr. Mason went the first time, alone.

HYDRO LIGHTING BY NEXT TUESDAY

The citizens of Stouffville will have to endure a siege of darkness before the town is lighted with hydro power from Yonge street. By the time our next paper is issued the big white juice should be illuminating our streets, but in the meantime the local plant will be shut down every second night until that time. A shortage of coal is the reason for this step being taken, and the nights the town will be in darkness will be the closed nights for the stores.

By Saturday at least the current will be at the west entrance to the town ready for our use, and the citizens in general are anxious to see the work within the corporation speeded up a little so that prompt connection with hydro may be made. At this date it is impossible to state what evening the new current will be turned on, but those in charge assure us that we will have hydro lighting by Tuesday night or sooner.

Some fitting demonstration might be arranged by the Board of Trade to mark the advent of Niagara power to our town, and the matter will be discussed at their meeting on Monday evening next.

So far the new rates for current have not been set by the Hydro Commission, and in the meantime we are hoping they will be moderate and thus prove favorable to all users.

NOT THE LIBERAL CANDIDATE

The report sent out last week that H. S. Clarry, the Liberal candidate in this riding at the last Provincial election, had moved to British Columbia, is incorrect. The H. Clarry who moved west had the same initial as the former candidate, and he also lived at Locust Hill, but he is an uncle to the Liberal standard bearer, and a jeweler by trade.

ADDRESS AND PRESENTATION

After the regular program at the monthly meeting of the Garrett Mission Circle which was held at the home of Miss F. Morgason on Wednesday evening, Sept. 12th, a presentation was made to Mrs. Leslie Williamson, who had so capably held the office of corresponding secretary since the circle had been organized, over 4 years ago. Miss Anna Heise read the address and Miss Jane Burkitt presented Mrs. Williamson with a beautiful cut glass rose bowl. The address:

"As the time for your departure from our midst draws near, we feel that we cannot let this opportunity pass without expressing to you our sincere regret at the loss of such a true friend, and faithful member of the Garrett Mission Circle.

We have greatly enjoyed your Christian fellowship and pleasant disposition. You were willing at all times to help the missionary cause and have filled faithfully the office entrusted to you. You will be greatly missed, but we know that others will profit by our loss, and we look forward to the pleasant experiences of meeting you, enjoying your society, and seeing you sometimes at Stouffville. As a token of our appreciation we present to you this gift, which, we trust, will remind you, in future days of your co-workers in the Circle.

We join in extending to you our best wishes for a happy and prosperous future in your new home." Mrs. Williamson thanked the members of the Circle in a few well chosen words, and after refreshments were served by the hostess, the meeting closed by all repeating the Mizpah benediction.
