### CANADA IS SENDING BUILDING SUPPLIES

**Clothing and Blankets Are Also Going Forward to Japan.**

A despatch from Ottawa says:—The Japanese consul has advised Hon. T. A. Low, Minister of Trade and Commerce, who has charge of Japanese relief measures in Canada, that the districts suffering from the recent catastrophe need lumber and other building materials, as well as clothing and blankets. They are not asking for foodstuffs.

The minister said that further quantities of the materials in demand would be shipped to Japan, on the part of the Canadian Government, just as quickly as shipping facilities became available.

A despatch from Washington says:—Japanese relief funds are far beyond the \$5,000,000 goal. The Red Cross reported \$5,663,100 in hand Thursday night, and hundreds of thousands more in prospect.

The Red Cross bought 1,000 more tons of corrugated iron for prompt shipment to meet the housing problem. Purchase was also made of 300,000 additional suits of underwear, making a total so far of 500,000.

Relief supplies of all kinds, including much heating apparatus, are moving rapidly. Advances received by the Red Cross from Japan request all relief ships to go to Yokohama, indicating that harbor is not as disrupted as first reported.

### VAST EMIGRATION FLOW FROM SCOTLAND

**60,000 Have Left for Canada and U.S. Since Year Began.**

A dozen ocean liners are due to sail from the Clyde in the two weeks, carrying over 10,000 passengers, nearly all of the emigrant class. Canada will receive the majority of the emigrants, but a large proportion will go to the United States.

It is estimated that since the beginning of this year 60,000 emigrants have left Scotland for Canada and the United States.

### STONY CREEK INDIANS GREET LORD RENFREW

**The Welcome Visitor Mingles With His Neighbors in His Western Home.**

High River, Alta., Sept. 16.—The special train bearing Lord Renfrew and his party arrived here at 6 o'clock this evening.

Mounting the cabin of the engine of his special train at Ingolf, Ont., about 130 miles east of Winnipeg, on Saturday, Lord Renfrew temporarily relieved the fireman of his seat and rode in the locomotive for about 25 miles before rejoining his party in the coaches.

Cowboys, ranchers and townspeople of the High River district accorded Lord Renfrew a royal welcome when the special train pulled into the depot. For the first time since his arrival in Canada, the Baron walked from the depot platform to the main street of the town unaccompanied by either secret service men or policemen.

"They are my neighbors; why should they not greet me?" said the rancher to his secretary, and the police officers were compelled to watch the proceedings of welcoming the owner of "E.P." ranch from the window of their private car.

As Lord Renfrew reached the street, David Bearpaw and Red Cloud, minor Chiefs of the Stony Indians from the Morley Reservation, were waiting to greet him. When he drew abreast of them Bearpaw stood erect, and in perfect English, said, "Greetings, Chief Morning Star—your brothers of the Stonies salute you."

Lord Renfrew, apparently non-plussed for a moment for the correct way to return greetings, hesitated, then gravely proffered his hand and said:

"Morning Star is proud to greet his brothers." Those who overheard the conversation applauded heartily, and no one was more pleased than the Indians themselves.

### MOVEMENT OF GRAIN FROM WEST BEGUN

**But the Heavier Producing Districts Have Hardly Started Shipping.**

A despatch from Winnipeg says:—The annual movement of grain from the prairies to the head of the lakes is well under way, but the heavier producing sections have hardly commenced wheat shipments yet. Total inspections of grain from the opening of the crop year, Sept. 1, were 4,402 cars, as against 9,954 cars at the same date last year. Of the total 2,072 cars came via Canadian National and 2,330 by the Canadian Pacific Railway. Loadings were considerably lower to date than at the same period of 1922, and it will be some time before the peak of the movement is reached. In Edmonton district, from which it has been estimated there will be a total wheat tonnage in the neighborhood of half a million bushels, the harvesting of grain was delayed by unfavorable weather, so that only some 11,000 bushels have been loaded.

The car situation is very favorable, and on the Canadian National Railway it is stated to be better this year than at any previous time.

### LITTLE TORONTO LAD DROWNED IN BATHS

**Boy Was Playing With Boat at Open-Air Plunge and Fell Into Water.**

Toronto, Sept. 16.—Falling from a boat in which he and a companion were playing in the High Park Mineral Baths, 2,000 Bloor Street west, Saturday noon, William J. McCormick, aged 6, son of Dr. W. J. McCormick, 16 Gothic avenue, owner of the baths, was drowned. The body was recovered by David McCullough, who resides at Dr. McCormick's home.

The baths, as is well known, are of the open air variety. At noon Saturday young McCormick and his chum, Frank Moore, 28 Parkway Avenue Gardens, playing with a rowboat at the edge of the baths, when the boat suddenly left the bank and precipitated the child, who was leaning against it, into the water. As soon as he saw his chum fall, the Moore boy screamed. This brought McCullough, who was near, to the scene, and he dived in after the child. The boy was recovered without much difficulty. Two doctors were called, and they, with McCullough, tried artificial respiration methods with the lad, but without success.

### MME. FAHMY NOT GUILTY OF MURDER

**Woman Who Slew Husband First Confessed Slayer Freed in Years.**

London, Sept. 16.—After only an hour's deliberation, the jury to-day acquitted Mme. Marguerite Fahmy of the murder of her husband, whom she shot in their rooms at the Savoy Hotel. "I think your English justice is too wonderful for words," she said later, when she was holding a reception at the hotel.

But when she was led into the dock to hear the verdict she was in a state of collapse and had to be supported by two attendants. Her demeanor led many spectators to expect a verdict of guilty, especially as Mrs. Mary Austen, a woman juror, was bobbing convulsively as the jury

Consequently, when the verdict was announced the spectators broke into applause so loud and prolonged that Judge Swift had the court cleared. Cheering throngs greeted Mme. Fahmy as she was led out to her car, and the police had a hard time clearing a path through the enthusiastic crowd.

The case is the first recorded in England in recent times in which a defendant was acquitted of murder

Fort William, Sept. 16.—Driven by the frost and cold in search of warmth, a swarm of wasps invaded the radiator of E. The swarm rose on the road near Grand Marais and entered the front part of the radiator, in such numbers that the car had to be stopped and the dead wasps picked out of the radiator.
