YOU Need To Know

You need to know how much better you will feel if you get acquainted with what Chiropractic will do in adjusting the misaligned segments of your spine that the vital force may continue to supply energy to every part of your physical system.

MONDAY, WEDNESDAY & FRIDAY 9 TO 12 A.M. AT STOUFFVILLE, ONT.

LOCALS RETAIN THE KING TROPHY

Once more Stouffville Bowling Club is winners of the York County League, and thereby holders of the King cup, donated by Premier King. The final game was staged in Newmarket on Friday in very unfavorable weather. The Stouffville team left here with a lead of 21 points and won the round by 15 points. As the cup is already in possession of the Stouffville Bowling Club, having won it last year, there will be no formal presentation on this occasion. The teams to defend the honors at Newmarket on Friday were: W. Mather, B. Doten, A. C. Burkholder and W. Sanders, sk. M. Storry, H. Lawson, Sam. Armstrong and F. L. Button, sk.

SPECIAL MEETING OF COUNCIL

On Saturday evening last there was a special meeting of the local municipal council for the purpose of giving assent to a certain agreement made between the corporation and the Bell Telephone Co. whereby the corporation is to have the use of the Bell poles from Church street to the easterly limit of the village, for stringing the hydro wires on and hanging the street brackets, etc. By entering into this arrangement the corporation is saved the expense of erecting a hydro line on the section indicated, and at the same time the street will look the better for not having so many poles on. The consideration to be paid the Bell Co. for the privilege is approximately \$75. per year, although it is figured on a basis of so much per pole. The council deem this charge to be less than the interest charges would amount to had they constructed a new line.

An account of \$14.27 balance Stouffville's share of conducting the recent provincial election was ordered paid. This is the first time the municipality has ever been charged for carrying on an election other than those within the corporation. It is the result of a new act passed by the late farmers government.

For hydro construction miscellaneous items were passed totalling over \$1500. for material. The work will be done well within the specified sum of \$11,000 as provided for in the bylaw.

Reeve Morden presided over the meeting with the following members present: Councillors, Lee, Beebe and Silversides.

HERE AND THERE

Miss Kathleen Reesor and Miss Millicent Boyd of Cedar Grove and Miss Dorothy Harper of Markham have gone to Wellesley Hospital to take the course of nursing.

The tax at Wallaceburg this year is 56 mills. If it was four mills more it would be just double the rate in Stouffville.

On Wednesday evening of last week about thirty of the office staff of the Christie Brown Co. of Toronto, motored to the home of Mr. and Mrs. N. Heise of North Markham, where they were treated to an old style corn roast.

Robert Davison, policeman for Sunderland village, celebrated his 50th birthday last week. Despite his years Robert is still "on the job", and is quite able to keep the boys within bounds even on Halloween nights.

A fine big potato which will probably be much larger than most grown this year was recently brought into the office of the Gazette at Whitby. This fine specimen measured 14 inches in circumference lengthwise and 1 1/2 inches a round the middle and it weighed 1 1/2 pounds. In shape it resembled an Irish Cobbler but it belongs to a variety little known in that locality. There was no hollow middle; it was solid right through.

The annual meeting of the Conservative Association of the riding of North Ontario was held in the Town Hall, Sunderland, Wednesday, Sept. 12th. Every municipality was represented, and great interest was taken in the meeting. The following officers were elected: President, J. J. Gillespie, Brechin; Vice-president Wm. A. Robinson, Cannington; 2nd Vice-president, Mrs. Sam. Sharpe, Uxbridge; Secretary-Treasurer, G. Doyle, Sunderland.

Light takers in Markham were agreeably surprised in receiving their bills the other day for July and August to find that there had been a substantial reduction in the rates. For house lighting the rate has been reduced from 7 and 2 cents a kw. hour to 6 and 2 cents, and the commercial rate has been reduced from 14 and 7 cents per kw. hour to 12 and 6 cents. There has also been a nice reduction in the charge per lamp for street lighting. No reduction, however, has been made in the power rate which is for first 131 hours 7.8 cents, secondary rate next 131 hours 5.2 cents and remaining consumption 15c. per kw.

TO THE CITIZENS OF STOUFFVILLE

A cry comes from Eternity. A million murdered Armenians are pleading with civilization to care for the battered remnant of an ancient race.

A cry comes out of the East. Two hundred and fifty thousand little children are asking for a chance to live. They are the orphans of Armenia. Their fathers and mothers were murdered by the Turks; and now they feebly clutch at life, in weariness and hunger. Across the world they knock timidly at your door for mercy. "Will you not answer their appeal?"

A cry comes from Him who made us all. God says: "He that hath pity upon the poor lendeth unto the Lord." To Canada come these three cries.

Thus the question comes to YOU. Its answer NOW is your responsibility and your privilege opening Oct. 15th. Stouffville will do her part—Wait for Stouffville's big drive

MENNONITE CONFERENCE ANNUAL SESSIONS

The Annual Conference of the Mennonite Brethren in Christ church held last week at Mount Joy is reported to have been one of the best. Reports in general were encouraging both financially and spiritually.

There were very few changes made among the pastors. Rev. Mr. McGuire will continue here as pastor and Rev. Mr. Yates on the Markham circuit. The presiding officers were re-elected, Rev. S. Goudie was elected for his nineteenth year as Presiding Elder and has charge of this district, known as the East District; Rev. S. Cressman was elected for the West District and Rev. C. N. Good as City Mission President; Rev. L. P. Ramer, Conference Evangelist. The total offerings for the year amounted to over \$63,000. Some of the funds exceeded last year, while others were lower. The total membership in this conference stands at approximately 2000.

DISASTROUS FIRE AT GORNLEY

Fire of unknown origin, broke out on the farm of William Smith at Old Gornley Saturday afternoon about five o'clock, and totally destroyed the fine large barn (48x70) and all the season's crop.

Threshing operations were in progress, when the men suddenly saw a flame of fire near the mouth of the blower, and in only a few moments the entire building was engulfed in flames. Although twelve men were present at the threshing they could save nothing, excepting the horses in the stabling underneath.

The loss included all the vehicles in the driving shed also the whole season's crop, and other articles. The threshing machine belonging to Fred Hunt was also consumed by the flames, and even the engine was threatened so rapid did the fire spread. The crop included some 1500 bushels of grain and 25 tons of hay. A small insurance was carried on the contents and building, but Mr. Hunt had no insurance on his machine.

Many conjectures are offered as to the probable cause of the fire, the popular theory being that a match had been dropped in the straw some time or other, which would ignite passing through the machine.

It is expected that Mr. Smith, who has owned the farm for many years, will have a new barn constructed this fall. Fortunately, nearly all live stock was in the fields when the fire occurred, or it would have perished, as the three horses rescued, were gotten out only at great risk to the men who made the rescue.

STREET CARNIVAL AND PROMENADE

THIS FRIDAY EVENING TO MARK THE COMING OF HYDRO

Tuesday evening witnessed the biggest meeting of the Board of Trade held this year, when the matter of celebrating the advent of hydro to Stouffville was discussed. It was resolved to celebrate the occasion in a fitting manner, the expense to be born by public subscription.

A strong committee was named to proceed with the arrangements, for Friday evening this week when the current from Niagara will first light our streets. The hydro officials have assured the reeve that all will be ready that night.

The celebration will take the form of a street carnival and promenade, for which a portion of the main street will be roped off, and orchestral music is being arranged for, besides the services of Stouffville band. There will be no admission, and Uxbridge, Claremont and Markham are expected in big numbers, besides the reeves and councils of all the adjoining municipalities. Engineer Maddock, a hydro official, expects to be here also and will make a short address during the opening ceremonies.

The notice is short, but it is planned to make this one of the biggest free events in the history of Stouffville.

Notice of Motion
Dr. Ira Freeland gave notice of motion that he would move at the next regular meeting to introduce legislation whereby any public body using the park and charging an entrance fee would be charged \$15. for the grounds.

In speaking to the question Dr. Freeland explained that the Board had been milked dry by every organization until its finances were all, and the council refused to give financial assistance. "No longer," stated the Doctor, "could the Board of Trade act as Santa Claus to the whole community." The grounds were used for all public purposes when required, and only a few citizens paid the taxes and other running expenses. It was explained by the sponsor of the notice that such charge as he proposed to collect would not stand if the council rendered any adequate assistance in financing this public
