## STOUFFVILLE HYDRO WITH THE CHURCHES

### TOTAL COST \$11,862

The waste of money on the Hydro construction account has been a subject for discussion in Stouffville all summer and fall, and the probable amount wasted because the men were alleged to be loafing, etc. has grown far beyond any possible figure. It may be a fact that a certain waste unnecessarily occurred through the employment channel, but a reference to the figures will keep all critics within reasonable bounds.

Having had an opportunity to examine the financial statement which will be presented to the ratepayers at the public meeting next Monday evening in Ratcliff's hall, we gather some interesting figures.

It shows the total cost of construction; material, etc. to be \$11,861.31. Of this amount \$2,730.30 appears as being paid to Councillor George T. Lee under the item of "pay roll" for the wages of the workmen from July 14th to Nov. 30th. Before these dates and after, there was spent for labor \$244 additional. The total charges for express and truck haulage on all the material amounted to \$214.22, which gives a grand total of \$3,188.52. We couple the haulage bill with that of labor because it is said considerable waste went on through material being brought out from Toronto that was not wanted and then had to be returned. The remainder of the \$11,861.31 was invested in material, transformers, meters, wire, poles, etc.

Thus it will be seen that the only item over which the council had control was the one of \$3,188.52 for labor. How much of that sum could have been saved had the workmen proved themselves slaves to work and manage a job of the nature, in justice to the council which brought the hydro to us, it is only fair to say the sum could not have run \$2000 as is freely talked on the street. The general impression seems to be that \$2000 could have been saved on the job which would have only left \$1188.52 for labor and haulage.

### Poultry Killing Demonstration

A novel feature which added to the success of the Pefferlaw, Mount Albert and Aurora Christmas markets, was a killing and dressing competition staged by the Department of Agriculture. Altogether at these three markets, upwards of 300 people were given an opportunity to witness H. H. Alp, B.S.A., a poultry specialist from the O.A.C., Guelph, kill and dress fowl along the latest lines. Following this demonstration a competition was held for amateur killers and at each place the competition was well filled. The Christmas market committee supplied excellent prizes and a large crowd looked on with great interest. A similar contest will be held on the evening of January 9th, at Newmarket, during the North York poultry show. Such an event would have been an added attraction to the Stouffville Christmas market. Stouffville should have a market committee to develop the local market to a greater extent than it is at present.

### GOODWOOD

Robt. Hynes at home for Christmas.  
Miss Evelyn Harper is home from Peterboro.  
Miss Freston has gone away for the holiday.  
Miss Bessie Robinson came home for the holiday season.  
Messrs. Stanley and Clifford Otton and friend are visiting at the parsonage.  
Mr. and Mrs. Legate and daughter are among those who spent Christmas away from home.  
Quite a number of parcels passed through Goodwood post office. Santa has been quite busy.  
The entertainment given by the Methodist S. School last Friday evening was one of the best ever given here. The cantata, "Ship Ahoy," was something unusual, the platform was arranged to represent a ship deck, with captain, crew and passengers all taking part. The steward, a donkey, gave a selection with banjo which was well done by the young boys. Song by girls in Japanese attire was much appreciated. The Christmas spirit of love, was represented by Miss Nola Farrow, who made a charming picture as she sang bending over a manger. The cantata was finished with the coming of the Shepherd. The play, "Cousin Timmy," was quite interesting, representing a scene in a Ladies College. Everyone did their part well, but it would not have been unique without Helen. The Star candle drill at the close was a picture to behold, which will stay in our minds for sometime. Great credit is due both to the trainers and performers for the perfect way in which every one did their part.  
The pastor being indisposed, Mr. Crumie took the service on Sunday at the various churches. The congregation was treated to some special music. Stanley Otton played the piano while Mrs. Otton sang and Mrs. Thurwell played an accompaniment on the violin. The music was much appreciated. We hope to have the pleasure of hearing Stanley again.

Wedding bells are ringing in this locality. Get your strings tuned up boys.  
We regret to learn of the serious illness of Mr. Jos. Cherry, Sr. We hope for his recovery.  
The revival services held at the Tankard church have closed their meetings; they proved a great success.  
Mr. and Mrs. Jos. Jones and Mr. and Mrs. Wesley Lehman and Mr. and Mrs. Hill spent Sunday at Jos. Lehman.  
We are sorry to hear that Mr. Wm. Willson has been confined to his bed for a while. We hope he will soon be able to be out again.

## POSSIBLE SLATE IN WHITCHURCH

It is difficult to give a true summary of candidates for municipal honors in Whitchurch before next Monday, Nomination day. However, at this date it looks like Reeve Crawford and Deputy Reeve Morgan Baker for the reeve ship, Councillors Geo. H. Leary and Herman Kydd for deputy, and so far we hear of only two for Councillors to be elected, Abner Baker and Ross E. Ratcliff. Mr. Baker is a member of this year's council and Mr. Ratcliff is an ex-councillor. We understand Mr. Dennis will retire this year. There are three councillors to be elected. Alvin Farmer of Gormley, who announced his intention to run for the council is disqualified on account of age. Our prediction that he would be the youngest candidate in the field would have been a fact, for he is not yet of voting age.

It was with the utmost sorrow that this section learned of the death on Monday evening, Dec. 17th of Mrs. Walter Davis of this place, after a severe illness of only two weeks.

Mrs. Davis was only 26 years of age, but had been a delicate personage for years. She was a daughter of Mr. and Mrs. John Hutchinson, whose auction sale was held the day following that on which their daughter passed away. Besides the husband and three little children are left, aged three, four and two years. The funeral on Thursday to Glasgow cemetery was largely attended by a host of sympathizers, Rev. W. M. McGuire of the Mennonite church conducting the service.

### BETHESDA

On or about January 15th, A. B. Shaffer, who for fifty-one years had farmed here will assume the store business conducted for the past ten years by Mrs. Sanderson, he having purchased the stock and real estate in connection with the business. Mr. Shaffer has leased his 80 acres at lot 5, con. 5, which adjoins the village, to H. Poynton who will try his luck at the farm life. It was on this very spot that Mr. Shaffer first saw the light of day also the same may be said of his father, for he too was born there. At present the venerable old gentleman and his good wife, are living at the home of their daughter, Mrs. Robt. Meed on the 5th of Markham. Mr. Shaffer is 79 years of age, on New Year's day and his life partner is 88 years old. They have enjoyed such wonderful health all these years that all the doctors in the country would have to have private incomes or be supported in charitable institutions, if they received no more work than that provided by the Shaffers. We wish Mr. A. B. Shaffer full measure of success in store business. He is having an auction sale on Jan. 9th.
