

Hourly Test makes Quaker Best

The superior baking quality of Quaker Flour is due to the selection of the wheat and the scientific manner in which it is milled. Even more important is its uniformity. Flour must maintain an unvarying quality to produce the best baking results. Quaker Flour is subjected to severe tests every hour during the milling process. That is why Quaker Flour never varies in quality. Every sack is milled the same. That is why it always bakes the same.

Quaker Flour

Always the Same—Always the Best

Every sack of Quaker Flour is guaranteed to give absolute satisfaction.

FOX TOX NO. 1

Silver fox ranching, while a new industry, is now past the experimental stage. With the realization that the raising of silver foxes in captivity is a live stock proposition, we are in a position to proceed with our series of "Fox Tox" which are designed to give readers of The Tribune authentic and reliable information concerning this most fascinating enterprise. Week by week brief paragraphs, which we hope will prove of interest to the people of Stouffville and vicinity, will appear in this paper.

Watch out for them. If you want information upon any point write us; we will do our best to answer your questions!

MOUNT ALBERT
Walter Draper was a city visitor on Monday.
Angus Ego of Sutton was in town on Tuesday.
Ben. Cook is at present serving in Toronto on jury.
Miss Bertie Hoover of Ringwood visited with her sister, Mrs. Harry Spang for a couple of weeks.
There was a good attendance at market on Tuesday.
Mrs. Middleton who has been seriously ill, we are pleased to learn, improving slowly.
Wilnot Thompson of Toronto visited for a couple of days with his brother, Walter.
Quite a number from here, attended the masquerade ball at Zephyr last Thursday.

Ben Rowan who has been visiting friends in Toronto and other points has returned home.
Mrs. Oliver Wagg is in Toronto at present, where she has been undergoing an operation. We are glad to learn that she is getting along nicely.
Mr. and Mrs. Johnson celebrated their diamond wedding last week. They are both in fairly good health considering their advanced age, and enjoyed the company of their relatives and friends.

Mr. and Mrs. Almer Sisler and son, who have been staying with the former's mother for the past few weeks, have returned to their home in the city. Mr. Sisler is Ontario Representative of the J.J. Case (threshing machine) company.
The Mission Circle of the Methodist church will hold their monthly meeting at the home of Mrs. A. Dike on the 13th.
The pupils of the High School and their friends held a jolly skating party at the rink on Friday night last. The band was in attendance to enliven the proceedings and at the conclusion of the night's sports refreshments were served. A few frozen ears and toes did not spoil a thorough night's enjoyment.
The I.O.O.F. held a progressive euchre in the lodge room last Thursday evening. James Lawson and Mrs. J. Booth were the winners. Mr. Bohme capturing the consolation prize.

CLAREMONT
On Friday evening, Feb'y 1st a meeting was held in the Masonic Hall to consider the purchase of a fire engine. Mr. Bickle of Woodstock was present and gave a very interesting talk on the different appliances manufactured by his firm for fighting fire. After quite a lengthy discussion a motion was moved by Mr. McIntyre, seconded by Jos. Evans that the trustees be granted the power to purchase such appliances as they thought advisable for the protection of the village from fire. The motion was carried almost without a dissenting voice. A number from the country were present and expressed their willingness to contribute to the purchase of an engine. A meeting will be held in the near future to discuss the erection of a building to house the appliances.
On Sunday, Feb'y 3rd, there passed away at her late residence here, Mrs. Thos. Pearson, in her 80th year. Although in poor health for some time her death came as a shock to the community as it was very sudden. Her heart gave out and she passed peacefully away without any pain. Her aged husband has the sympathy of the village in his great loss as he has not been able to leave the house for some time. Being an invalid makes it all the harder on him.
Sickness is prevalent in this village. A few of those under the weather are: John McGrath, says he has no more ambition than a petrified frog; Bob Thomson says he threw up everything in him that was not fastened to him; Bob Mann says he thinks one more clean shirt will do him; Fred Dolphin thinks he has handled a paint brush for the last time. Cheer up, boys, it is only the grippe. Never say die while there is a drop in the bottle.

Get in Right

The time for a person to learn quickly is when they are young.

Why Ford Predominates

Ford Resources

The Ford is the product of a self-made institution which, over a period of years, has provided dependable transportation for all peoples. Recognizing the value of Ford transportation, these peoples have purchased Ford products in such volume that the sale of Ford cars and trucks equals the sales of all other makes combined. As a result, the resources of Ford of Canada are now over \$20,000,000. These resources mean

ability to buy the best material at a minimum price. They mean the ability to organize each process of production, from the purchase of materials to the completion of the finished car, on such a basis that every non-essential operation is eliminated. The economies thus accomplished are reflected in Ford prices which, always consistently low, are now the lowest in history. This is what Ford resources mean to you.
