EDITORIAL COMMENT

And her slippers were low,
But how she caught cold
The poor girl doesn't know.

An Aurora merchant is advertising "Umbrellas for spring \$1.50 up, \$3.00 down. Evidently they cost less up than they do down, but by paying \$3.00 down they will go up."

The present condition of our country roads has vindicated the horse and his right to existence. He is putting it all over the automobiles these days.

The trend of fashion is the device of designers to stimulate the scraping of last year's dresses and hats and hose and shoes, for the very latest designs—causing great waste to keep up with fashion.

An exchange has this joke on lawyers, and we report it hoping the local legal light won't see it: "If marriages are made in Heaven, why are not divorces?" asked the attorney. "Well, because it takes a lawyer to get a divorce, and there are none up there," replied the client.

Resolutions and petitions against another referendum on intoxicants are being sent by the thousand. What's the use? Electors of Ontario have got to be ready for the fray when the Government chooses the time and the questions to be asked. Electors who want to hold what we have till something really better is offered want to stiffen the resolution. "They shall not pass" would be a good slogan for the campaign when it opens.

Liberals from different parts of York County last Saturday discussed the question of redistribution, and passed a resolution favoring the division of the County into North, South, and West York for parliamentary purposes. As North York has at present a population of less than 24,000, West York over 70,000, and South York nearly 100,000 it is proposed to add to the North Riding the townships of Markham and Vaughan and the villages of Markham, Richmond Hill and Woodbridge.

How would you like to make \$100,000 in 24 hours and with no risk of life or your bank account involved? Such was the fortune of Douglas K. Ridout, according to the testimony given into the sale of treasury bills by the late Drury Government. Ridout is a financial agent in Toronto, and made an offer to Hon. Peter Smith for the sale of two \$5,000,000 lots of treasury bills to be delivered in New York. The offer was accepted by the Honorable Peter in short order, and Mr. Ridout's rake off amounted as aforesaid. Isn't it a pity that public men are allowed to squander the people's money in this fashion? There is no man living whose services are worth \$100,000 for a couple of days work, and in this case they were mighty short ones too. The big profit was made through the rate of exchange between New York and Toronto, and a Finance Minister who hadn't brains enough to make that himself for the province he was serving, is a weakening and a disgrace to the position he held.

GOODWOOD

UXBRIDGE TOWNSHIP COUNCIL

The Council met at Goodwood on March 15th, with all members present; Reeve Cassie in the chair.

The following communications were received: From Bell Telephone Co. re-assessment in Township; from J. Walker Kydd asking rebate of \$1.50 on statute labor; from Dept. Public Highways stating our amount of subsidy to be \$1,103.32; from W. W. Pope, secretary of Ontario Electric Power Com. agreement forms for transmission of electric power to municipalities, asking for signatures to be attached and returned along with certified copy of bylaw to be passed for that purpose; from Chris. Manley presented a petition to the Council, signed by himself and two other ratepayers of S.S.No. 2, asking that his property be transferred from S.S.No. 2 to S.S.No. 5; from Mrs. Mark Linton, Glen Manor information concerning a street therein.

Mr. Glaspell sec. by Mr. Lee moved that the clerk write the secretary of S.S. No. 2, to notify all persons interested re Mr. Manley's petition to bear any complaints against the change—Carried.

On motion of Messrs. Lee and Glaspell the School Attendance Officers report was received and placed on file.

Mr. Todd sec. by Mr. Lewis moves that in connection with the Hydro Electric Commission agreement the Reeve and Clerk be authorized to sign same and that the clerk be instructed to have a bylaw prepared to conform with the above agreement, same to be passed at next meeting of council—Carried.

Mr. Lewis sec. by Mr. Todd moves that the following be appointed to fill the offices of those who have declined to act:— Pathmasters—Div. 17, Russell Downwell; Div. 29, Stephen Schular; Div. 47, Wm. Redshaw; Div. 48, Roy Quantz. Pound-keepers—Geo. McDowell; Kenneth Wallace.—Carried.

On motion of Messrs. Lewis and Todd a bylaw was introduced and passed authorizing the Reeve and Treasurer to borrow money by way of temporary loans until the taxes for the current year are collected.

The council gave the snow shovelling question more consideration, and it is not likely there will be any change made in the price, and the feeling now, is that it would have been better to have reverted back to the old system in use, that is to apply it to the statute labor until exhausted, before paying for any but those shovelling snow still have that privilege, and it certainly will be to the best interests of the Township as a whole, as it was expected last year that the Government would give the 20 per cent subsidy on snow shovelling, and there was \$649.24 expended for this purpose and breaking roads. No subsidy is granted for this purpose however.

- Accounts passed:
- C. Brown, shovelling snow \$2.40
 - W. Prentice, shovelling snow 2.00
 - Ed. Wilson, shovelling snow 15.60
 - Roland Wain, shovelling snow 1.95
