A large section of the east wall of the new reservoir has fallen in, and it looks as though the council will have to arrange to rebuild the structure on the system employed in erecting the first reservoir which is still intact.

On Good Friday, Misses Helen Rowbotham, Francis Ratcliff and Mrs. Gillian were in Lindsay attending the annual Association Rally Baptist Young People's Unions for the Whitby-Lindsay district. Miss Ratcliff was elected as Vice-President for the current year.

Despite the predictions and expectations of many, seeding was not general in this locality the fore part of this week as was anticipated. There was quite a snow flurry on Sunday, and again on Monday evening a regular blizzard raged for a few hours. This has had the effect of delaying seeding a few days at least.

An Uxbridge lady has written a play which is being presented by Uxbridge talent in that town this Friday evening. It is a three-act comedy entitled "The Express Limited," and is said to be one of the finest plays put on in this section in many a day. The Uxbridge company are anxious to come to Stouffville under the auspices of some local organization, and present this play, which has involved so much work to prepare.

Tulips are shooting up, despite the chilly weather.

In Lenten sermons at St. Michael's Cathedral, Toronto, Rev. Father Brampton denounced the modern dance as "grossly immoral, disgusting and dangerous so far as the fox trot, bunny hug, shimmy and other snakily rhythmic forms were concerned." If true to name, they are likely bad enough.

Harry Gilbert, of Lemonville has purchased the 50 acres belonging to the estate of the late Melville Kester, which was offered by auction at the farm stock sale on April 10th. While the purchase price is not made public, it is understood not to have reached the reserve bid of \$6250.

Last Friday being a public holiday, it was very quiet in town. Few cars were running owing to the cold windy and damp weather. It was the occasion of the first big rain this spring, and most of the morning it came down like water going over Niagara Falls.

Come! Come! Come! Where? To Ratcliff's hall, Stouffville. When? On Friday evening, May 2. Why? To hear the Hottentot Minstrels of Toronto put on the best program of the season, given under the auspices of the Stouffville Board of Trade, to raise funds to build the children's swimming pool in the park. We understand the new house being erected on Main street west next to Mrs. J. W. Bruce's residence, is being built by Messrs. Henry Brillinger, Isaac Bowdway and Robt. Ratcliff. These men are erecting the place as a business venture, and we congratulate them on their enterprise. If Stouffville had a dozen more modern homes they would all be occupied in short order, and more people would come here to live.

Now that spring is really here it behooves our citizens to clean up the winter's accumulation and make Stouffville as beautiful as possible. The liberal use of paint is also advised. Do not let it be said of Stouffville as is claimed for Markham, that if half the paint used by some of the young girls was put on the buildings, it would be one of the most beautiful towns in Ontario.

A large section of the new reservoir near Lemonville, from whence the town water supply is derived, has fallen in, being damaged by the frost. A section of the wall will have to be rebuilt, and at the same time there is likely to be other work done on the coffer dam, which at present is not protected from small animals or obnoxious substances. The old reservoir will have to supply the water requirements during the time of repairs.

Christ Church (Anglican) celebrated Easter Sunday by holding service appropriate to the day which is outstanding in the whole church year, because of the joyful message it brings of immortality through the Resurrection. Rarely have the Easter services been so largely attended. The church was beautifully decorated with Easter Lilies, Roses, Daffodils, Tulips, potted and cut flowers. The Rector, Rev. Mr. Templeton officiated and preached an impressive sermon.

The directors of the newly formed Horticultural Society met at the residence of Dr. Daley, one evening last week, and selected Mr. Paul Bowdway as secretary of the association. Messrs. D. J. Althison and Harry Lawson were appointed auditors. The directors decided to secure a speaker from the Department of Horticulture, Parliament buildings, Toronto, at no distant date, to give an address to the citizens of Stouffville, which should have a tendency to get the organization away with a good swing.

Auctioneer Silversides was in Uxbridge on Tuesday selling a sale of Registered Shorthorn cattle for A. Bagshaw at Rose Hill Farm, just northwest of the town. Mr. Bagshaw had some fifty head of which about 27 were sold. The highest price realized was \$65, indicating that registered Shorthorns are not in demand at the present time, and thus it is a losing business to many breeders. IN MEMORIAM
Raymer—In loving memory of a dear husband and parent, Peter Raymer, who passed away April 27th, 1923.

Still the golden sunset lingers,
O'er the grave where he is laid,
Husband, father ever near us,
As your spirit hovers round.

Wife and family

In memory of Abram B. Nighswander, who passed away four years ago on April 23, 1924.

Sometimes the notes of an old fashioned song,
Brings thoughts of you,
Sometimes a bower as we pass along
Or a sky that is azure blue,
Or a silver lining in the clouds,
Where the sunshine's peeping through,
