RAPID GROWTH

The rapid growth of dairy farming is clearly proven by government statistics. Add one or two more cows to your herd this summer and ship your cream to us. We have a well established and highly equipped creamery. Our experience given freely to our customers should be of value to you. We are not seeking experience at your expense, nor are we plunging in the dark, by looking for a market for an unknown brand of butter. Our six years of energy and our excellent equipment, and the backing of our many hundreds of shippers enables us to turn out a brand of butter that has established itself on the market, thus we have always ready sale for our output.

We have just increased our cream gathering facilities, and will be able to cover even more ground and still give better service to our shippers, also to those who intend to start this summer. Phone us for information or call and see us.

Upkeep Less

Production Greater

THE profits from your herd depend largely on how much their feed is costing you. If you could lower the feeding cost and get a greater milk production, wouldn't you do so?

Schumacher Feed will accomplish this. It produces more quarts of milk per dollar of cost. It is made from milled products of Corn, Oats, Barley and Wheat, with Linseed Meal. Cattle eat it greedily and digest every bit of it. There is no waste.

Give Schumacher a trial. You are sure to find it most profitable for your dairy herd and for young cattle, hogs and horses as well.

SCHUMACHER FEED

Write us regarding your hog and dairy problems. Our Live Stock Service Department can help you. Its advice is free.

BLOOMINGTON

Notwithstanding the terrible condition of the roads and the unpleasant weather a good attendance greeted the ladies of the Bloomington Christian church, Tuesday night. As usual the tables were laden with good things and tastefully decorated with flowers. All enjoyed the supper. The program was splendid throughout. Space would not permit going into detail, but will mention the fine reading by Mrs. C. Brunwell, the two monologues "Mary Magdalene" by Mrs. Otto Baker and "In the Garden" by Miss Elsie Lemon, the singing of the hymns with these selections was very effective. The solos by Miss A. Fockler and Mr. E. Cochrane were well rendered. One was impressed by the high spiritual tone of the program.

MOUNT ALBERT

(Too late for last week)

J. Pollard of Thornbury is at present staying with Matt Risebrough. Wm. Reaman and family of Ringwood, have moved to the farm lately vacated by Wm. Hopkins. We welcome them to our midst.

Many people in this neighborhood are now engaged in making maple syrup and report a good season's run.

Mr. and Mrs. John Maclean visited for a few days with friends in Stouffville. Mrs. Maclean is much improved in health.

The members of the local I.O.O.F. and their wives held a social evening in the lodge rooms one night recently, and had a very enjoyable time.

Fire supposed from mice nibbling matches broke out in the home of R. Wilson in the early hours of Sunday morning, April 6. Fortunately the fire was extinguished before it had gained much headway.

A deputation from this side of the Township waited on the council at their meeting at Sharon last Friday asking for a substantial grant for the centre road north of the village, which has been in a very bad condition this spring.

Horace Pearson and family have moved to the farm recently occupied by J. Gable, about three miles from town and will remain there for the summer. Mr. and Mrs. Melvin Moore will occupy their house here during their absence.

Mr. and Mrs. Steve Thompson of Seagrave visited with the former's father here. Mr. Thompson conducted a general store business at Seagrave for the past two years, but has sold out there and is moving to Caledon, where he bought out a store business. Mr. Thompson formerly carried on the harness business in this village.

The death occurred here on Sunday the 13th of Thos. O'Brien in his 80th year. Mr. O'Brien had enjoyed good health until about six weeks ago. The end came suddenly and he had never been confined to his room. He was widely known in this district where the greater part of his life had been spent.

WOMAN WANTED

For general housework in good farm home in Markham Township, must be capable. Applicants will not be required to do any outside work. Highest wages. Apply Tribune office, Stouffville.

FARM FOR SALE

125 acres more or less, at Lot 33, Con. 8, Pickering, one of the best farms in the Township. 1st class brick house, and good barns. This farm is in A1 condition, and well underdrained. Flowing well. Only two tenants in 28 years, C.P.R. station 1/2 mile. Excellent grain or dairy farm. Very easy terms. Thos. Williamson, Stouffville.

KI WI CHICKS

Just arrived from Australia the Australian Ki Wi Chickens—beauty, meat, and layers, all combined. Something new for the backyard poultry lovers. We stay inside a two foot fence. We will not leave your backyard. Our feathers make the finest beds and pillows. We make the best of imitation fur. We lay cream white eggs all winter, we are as big as any chickens. We make good mothers, and keep our babies warm. Ki Wi's have proved themselves just as satisfactory in cold climates as in the Southern States, their feathers are snow white and fluffy, they have a small white gull, but no webbing on them like other chickens. Instead of the webbing, they have a very soft white tuft, resembling the small Ostrich comb, wattles and ear lobes, red beaks and legs yellow, about the size and type of white rocks. Jack Hanna, Stouffville.

VICTORIA SQUARE

Edgar, the 9 year old son of W. B. Heise, met with a severe accident a few days ago. He was climbing from the stable door to the barn when he fell to the cement pavement fracturing his skull. The boy was rushed to the Sick Children's Hospital, and an X-ray taken, when it was found that the inside shell was cracked. The patient is expected home in a few days, but he will be kept quiet for a few weeks.

A part of the program of Rural Trustees Section, O. E. A. on Tuesday, April 22, 1924, is a debate on a live subject. Three of the ratepayers from our village are taking part in the debate. "Resolved, that Consolidation is the most practicable solution of the Problem of Rural Education." Affirmative, H.D. Clemenson, Wellington; Lindsay O'Brien, Britannia Heights; Negative, Harvey F. Collard and Louis L. Nichols, of Gormley, R.R. No. 2. The judge for negative E.J.M. Hitchcock, also of Gormley.

A Beautiful, Durable Roof, Double Thick Everywhere

There is an exclusive, patented feature about Vulcanite Doubletite Slabs which aids materially in giving greater roofing satisfaction. Notice how the triangular projections on each slab underlie the slots, giving double thickness everywhere. Vulcanite Doubletite Slabs, in either soft green or Indian red, add beauty and value to any home. They are fire resisting—will not curl or chip. Let us show them to you, and other high-quality Vulcanite roofings as well. Prices and estimates on request.
