The Wonderful Gilson

"Goes Like Sixty"

Every Farmer Round Here

can make and save money with a Gilson Silo Filler—individual farmers, as well as small groups whose farms lie together.

What's the use of paying for the hired outfit year after year to fill your silo? Why should you have to wait your turn and ensilage your crop before or after the corn has reached its prime?

Within a few days after the outfit's gone your silage has shrunk down considerably. With a cutter of your own

handy you could quickly re-fill. And that extra ensilage will quickly pay for your Gilson silo filler.

The Gilson is the lightest-running blower-cutter made. It's guaranteed to cut and elevate more ensilage with the same power than any other box on the market. Your own or your neighbor's 4 h.p. or larger engine will run it.

Let's get together and talk the matter over. No obligation—I'll be glad to submit prices of a Gilson suitable for the job.

22 TICKETS FOR \$1.00

YOU Put the Vulcanite Hexagon Slab Through These Severe Tests

Get a sample of Vulcanite Hexagon Slab Shingles from us. Put it through the tests listed here. They are more severe than your roof will ever be called upon to undergo.

1. Lay the sample on a hot radiator for 12 hours—see if it will melt or dry out.
2. Lay the sample on ice for 12 hours—then pour boiling water on it. See if the sudden extremes of temperature affect it in any way.

3. Soak the sample in water for 12 hours—see if its weight shows any absorption.
4. Immerse the sample in nitric, sulphuric, muriatic or other ordinary acid—see if it is affected.
5. Lay a glowing hot coal of fire on the sample—see if it sets fire to the sample.

Get this sample from us before building or re-roofing. Prices and estimates on request.

VULCANITE ROOFING

The Mutual Life and Citizens Assurance Company, Limited

(OF AUSTRALIA)

Head Office Montreal

Assets over \$80,000,000.00

CAN YOU SAVE 15 CENTS PER DAY? THE COST OF A DECENT CIGAR

For a man between the ages of 22 and 30 about 15 cents a day will maintain a Mutual Life and Citizens' Life Policy for \$2,500.00

If, after you have paid but one premium on such a policy you should die, this Company will immediately pay your estate \$2,500.00 (and accrued profits). That \$2,500.00 invested at 6 per cent would yield your heirs an income of 41 cents a day as long as they live and still leave the principal intact.

And of course, based on past results, at the end of 20 years the Company would give you a free paid up policy for \$2,500.00. The premium paid during this time would only be \$1090.00.
