

Strawberries

Indications are that the crop will be good, but short lived, as the plants have been held back by the cold spring, bringing all the fruit on at once. Having secured one of the finest berry gardens in the county, we are prepared to take care of your canning order at the lowest price. Order at once, so we can supply when the berries are at their best.

EDITORIAL COMMENT

A postal strike provides the excuse needed by those who have failed to keep up with their correspondence.

York County allows its Industrial Home inmates a ration of tobacco. Now the women inmates insist on an allowance of candy. Why not?

The letter carriers object to their salaries being cut \$120, while the salaries of Deputy Ministers are raised by \$2,000. The objection seems well taken.

During the last three days of June and the 1st of July, the town of Cobalt and the silver mines of the district will celebrate Cobalt's twentieth birthday. One of the biggest celebrations in the history of Northern Ontario is planned.

New regulations in regards to the amusement tax will, provincial authorities think, stop a number of leaks. Patrons entering any place of amusement on a pass must now pay the maximum tax. On strip or series tickets tax must be paid on the regular and not the special price. Tax tickets sold for use in certain houses cannot be used elsewhere. "No price of admission shall be advertised as including the amusement tax and no ticket shall be sold at a price including the amusement tax."

The reports received so far in 1924 by the Workmen's Compensation Board indicate that 18,710 accidents have been reported during the first four months of the year and that the total compensation awarded by the Board in the same period has been \$2,071,058.60. This is a very large sum, and with the constant desire of everyone in the country to reduce costs, appears to offer a legitimate point of attack in the effort to reduce unnecessary expense. The safety movement is largely educational in its methods and if, by intensive work in our industries, the will to safety can be developed there will be fewer accidents.

The rapid increase in the number of persons in Canada who are kept by the efforts of others is one of the reasons why taxes are higher. The Dominion Government employs approximately 160,000 people. Allowing five persons to a family would mean that 800,000 persons are directly or indirectly dependent on the Dominion Government alone, and as practically none of the Government services are operated at a profit, it means that this large body of persons is being maintained entirely through the efforts of those who are in gainful occupations. If those employed by the province and municipalities were added to the above it would be found that one-fifth of the total population is being taken care of by the other four-fifths. From this it does not look as if the war were the only cause of the heavy taxation. Taxes are getting heavier because in proportion to the population there is a smaller percentage of persons in gainful occupations than there were in years past. The situation is growing worse, for if an enterprise does not pay the natural thing to do is to work it off on the Government.

The late Miss Reta Hiscock, after an illness of but a little more than a day, death claimed Miss Reta Hiscock, Collingwood St., Kingston, on Friday afternoon, June 20. Miss Hiscock, who was a valued teacher in Victoria public school, taught her class on Wednesday and was apparently in good health that evening. Next morning she felt unwell and was attended by the family physician. On Friday morning an immediate operation was deemed necessary and this was performed in the General hospital; but little hope was held out for her recovery owing to shock and at four o'clock she passed away. Her sister, Miss Grace Hiscock, graduate nurse, had been summoned from Detroit, Mich., and was with her when she died. The news of her passing was heard with great sorrow by her wide circle of friends, and deep sympathy was expressed for her mother, who herself has just recovered from an operation.

The late Miss Hiscock was the eldest daughter of the late Joseph Hiscock. She was an arts graduate of Queen's University and also of the faculty of education. After teaching for a time in Western Ontario, Miss Hiscock returned to Kingston, and for some years taught in the Sydenham public school. Litterly she had been teaching in Victoria school, being in charge of the senior fourth class. She had prepared her pupils for the Highschool entrance and her work was practically complete for the term. As her list of those who would pass the entrance without examination was finished, this week everything was in order and for her school was out.

In religion Miss Hiscock was Methodist, a member of the Sydenham street church. Besides her mother she is survived by two sisters, Mrs. Thomas Mack (Florence), Detroit, Mich., Miss Grace Hiscock, also of Detroit, and a brother, Howard Oshawa.

The funeral took place at two o'clock on Monday afternoon, at Cataraqui cemetery.

Miss Hiscock will be remembered by many friends in Stouffville where she held the position of teacher in the Contingent school some few years ago.

UXBRIDGE Tp. COUNCIL

Council met pursuant to adjournment members all present. Reeve W. G. Carrie in the chair. The minutes of last meeting were read and on motion confirmed and signed by the Reeve. The following communications.

From Bureau of Municipal Affairs re population, acreage and Assessment of Township.

From Canadian Good Roads Association asking for delegates to annual Convention, June 24-25-26-27.

From Donald R. Beaton Clerk of Township, Pickering re statute Labor on Town Line.

Seventh Annual Report of Municipal Affairs. Mr. Jones and Mr. Laughed having had cattle impounded came before the Council in connection with the fine for same. Council cancelled fine.

The fine was also cancelled on Mr. Geo. Hockley's and also on Mr. Hall's cattle.

The clerk was instructed to write H.S. Pugh re fence wire stating that council does not want to purchase same.

Mr. Russel Brown came before Council asking for a grant on second concession Div. 9, a grant of \$50.00 was made.

Mr. Samuel Bacon was also present asking for a grant, \$50.00 was allowed on third con. Div. 18.

Mr. Russel Dowswell was also allowed to expend same in Div. 17.

Mr. Eli Storry complained of cattle running at large same making it very unsanitary in front of his residence in the village. Council instructed the Clerk to notify the Inspector or the Board of Health to inspect same and put a stop to the nuisance.

Mr. Gaspell, seconded by Mr. Lee, moved that the opening or sideline between lots 10-11 con 3, be laid over for further consideration carried.

The Clerk was instructed by council to write the School Attendance Officer that they consider he is not doing his duty as there have been a number of complaints to that effect.

To the Hon. G. Howard Ferguson, Prime Minister of Ontario.

Mr. George E. Todd seconded by Mr. Charles Lee, moved that whereas the Twp. of Uxbridge, has during the past four years enjoyed the benefits and privileges resulting from the influence and work of Mr. R. M. Tipper, district Agricultural representative, and whereas during this period great advancement has been made in all the branches of his work, including School Fairs, Stock Judging, Short Courses in Agriculture, Distribution of Improved Seeds Eggs for improvement in Poultry, Farm drainage, Proper methods of cutting and Curing meats, and many other branches pertaining to the betterment of Agriculture, and whereas this Township has been advised of the intention of the Government to transfer him to Muskoka and Parry Sound Districts, and whereas we regret very much the decision of the Government in deciding to remove him from his work in this Township, as we believe he can be of great benefit in the years to come if left to advise with us on account of his intimate knowledge of existing conditions and also because of his close connection with the various organizations of the different municipalities throughout the county. Be it therefore, resolved that this council does most respectfully request that the government do consider their decision in this matter and allow Mr. Tipper to continue the good work he has so able carried on in this municipality and that a copy of this resolution be forwarded to the Hon. G. Howard Ferguson, Prime Minister of Ontario and also to the Hon. J. S. Martin Minister of Agriculture. Carried.

The following accounts were ordered paid:

J. W. Alsop, opp. grader	\$11.50
Jos. Morton, 10 hrs overtime	5.00

J. Main, 5 hrs shov. snow	.75

On motion of Messrs. Glaspey and Todd, council adjourned to meet again on Saturday, July 19th for general business.

USE POISON BAITS

TO KILL CUTWORMS

Cutworms in the garden or field may be destroyed by a poison bait, this bait, as recommended by entomologists, is made by mixing one pound parts green or powdered white arsenic in about 30 pounds of coarse wheat bran or twice that weight of corn meal then moistening the dry mixture with a mixture of the juice and chopped up rinds of half a dozen lemons or oranges, a quart of cheap syrup and two or three gallons of water. Enough water should be added to moisten the entire mixture without making it sloppy. This bait may be placed at the rate of a teaspoonful to each garden plant, and is scattered broadcast by hand or grain seeder in corn fields where infestation is bad.
